How to Install and Connect to your Virtual Machine from an iOS Device

Document Links: **Install the VMware View Client**   **Connect to a Virtual Machine**

Install the VMware View Client

1. Open the **App Store**

2. Search for **VMware Horizon View Client** and Select **Get**

Connect to a Virtual Machine

1. Launch **VMWare Horizon Client**

2. At the **Server Setup** page enter **vdi.nwtc.edu** and tap **Add Server**
   NOTE: you may enter a description if you want, this is optional

3. Enter your **user ID** and **password** at the login screen and tap **Login**

4. Tap the virtual machine you want to connect to

5. When you are done using the virtual machine tap **Start > Log Off**
