<b>First 8-WEEK SESSION (March Graduation)</b>
*10-543-114 Nursing Management (2cr)
*10-543-116 Nursing Transitions (2cr)
<i>Semester Credits: 4 credits</i>

## GENERAL EDS

All courses highlighted in **blue** are general education courses and are offered in a variety of different formats. They could be fully online, web conference, blended, or in-person. These classes are suggested to be completed prior to program start. Most of these courses are also offered at all regional center locations or campuses.

## NURSING CORE THEORY CLASSES

The courses highlighted in **yellow** are offered online or in-person. The in-person classes will be offered during the day or possibly evening options are available.

## CLINICAL COURSES

All courses highlighted in **red** are clinical courses. Students are asked preference of day or evening, but it is not a guarantee students will receive their preference. Clinical courses may be six to eight hour shifts and will be two days per week. Students typically need to set time aside the night before or morning of clinical to complete clinical paperwork. Clinicals may start at 6am for a day shift or 2pm for an evening shift.

### **Intermediate Clinical (10-543-111)**

*Fall Start-* Eight weeks of med/surg, four weeks of psych and four weeks off. This clinical will be held on Tuesday and Wednesday. Clinical may be day or evening.

*Spring Start-* Med/surg and psych clinical run over approximately eleven weeks in the summer. Please note: To accommodate the number of required hours, clinical begins in May (before the start of the summer term). This clinical will be held on Tuesday and Wednesday. Clinical may be day or evening.

**Advanced Clinical (10-543-115)** - Eight weeks of med/surg, followed by clinical simulations: This clinical is a Thursday/Friday clinical rotation and may be day or evening. Simulations will occur after completion of med/surg and the schedule is created by the clinical instructor.

**Transitions (10-543-116)** – This clinical is a 90-hour precepted clinical that will be completed over four weeks and will not overlap with simulations or med/surg clinical rotations. Students will work the hours of the nurse preceptor.

## SKILLS COURSES

All courses highlighted in **green** are only in-person. Students are required to practice outside of scheduled class time and are assigned a check-off time. Check-off times are scheduled outside of class and required of all students. This course is held in the evenings the second 8 weeks of the student's first semester.

## GRADE REQUIREMENTS

No final grade lower than a "B" is acceptable in the nursing or natural science courses marked with an asterisk. A student must repeat the course with "B" or better final grade to continue in or graduate from this program. If the course is sequential, the successful retake must occur before continuing the sequence.
