

Northeast Wisconsin Technical College Information for Vendors Procurement Process

Northeast Wisconsin Technical College, through the Wisconsin Association of Public Purchasers, in partnership with Onvia, Inc., processes its procurement transactions through the Onvia DemandStar electronic procurement system. Onvia DemandStar will enable Northeast Wisconsin Technical College to better connect with vendors and improve the overall efficiency of its purchasing operation.

Onvia DemandStar will provide vendors with access to important procurement information. Services that will be available to you include:

- Notification of bid, proposal, and quote solicitations
- Access to project detail information
- Access to key documents via electronic download
- Access to Planholders Lists
- Access to contract award information
- Ability to submit bid and quote responses online

You may register for solicitation notification service and access to procurement information, online, at www.onvia.com/WAPP.

Current business opportunities with Northeast Wisconsin Technical College can be viewed on the following Web page:
