How to Install and Connect to your Virtual Machine from a Windows PC

Connect to a Virtual Machine

1. Launch VMware Horizon View Client from the desktop or from the programs list

2. Double-click vdi.nwtc.edu

3. Click Accept

4. Enter your user ID and password and click Login
5. If you are entitled to more than one virtual machine double-click the virtual machine you want to connect to.

6. When you are done using the virtual machine click **Start > Log Off**.
