

For outside access to your 1098-T Form, your computer may need to meet certain hardware/software requirements.

Each student's personal computer settings may vary. If you're still unable to access the 1098T Form electronically, we would highly recommend you to visit the nearest NWTC campus location to view and/or print your electronic 1098T Forms.

Please see some helpful tips for the following web browsers:

Web Browser: Internet Explorer

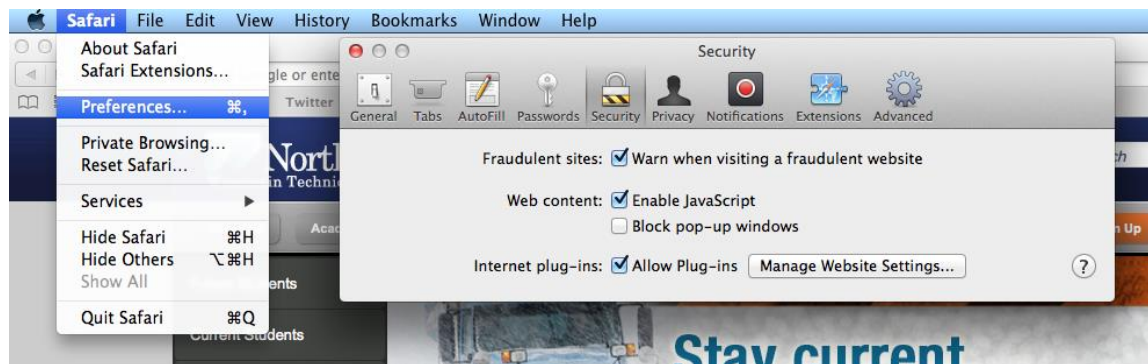

Students have shared their success with using Internet Explorer as a web browser with the appropriate version of Adobe Acrobat Reader.

Web Browser: Safari

Allow pop up window.

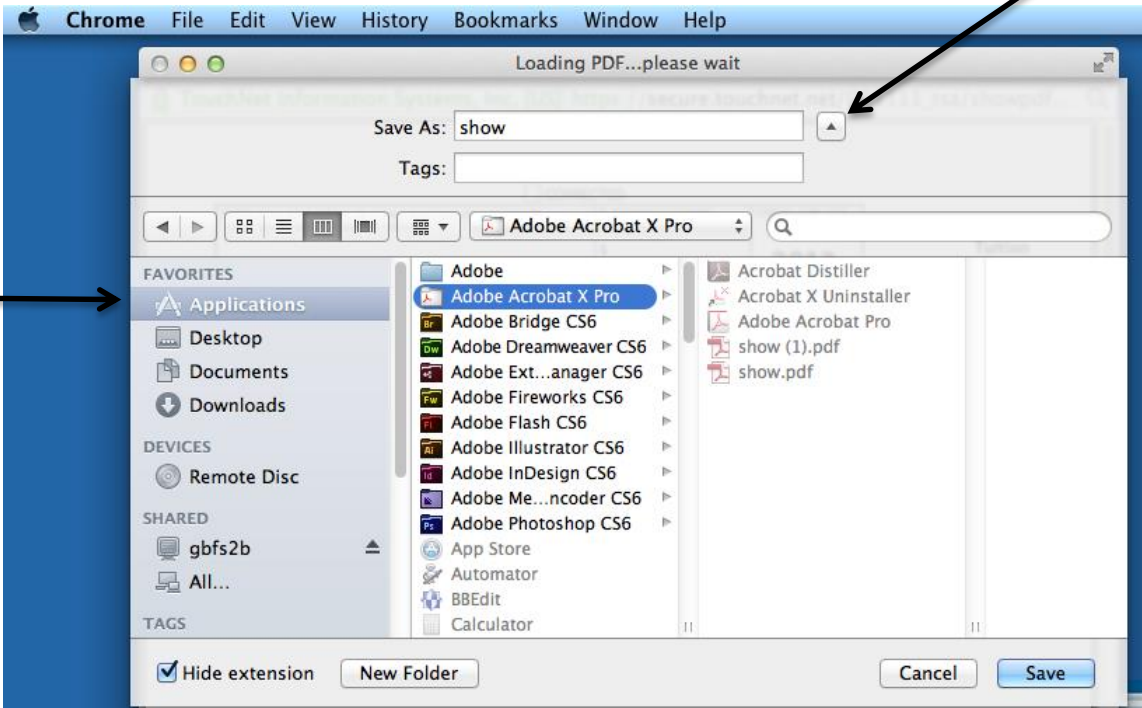

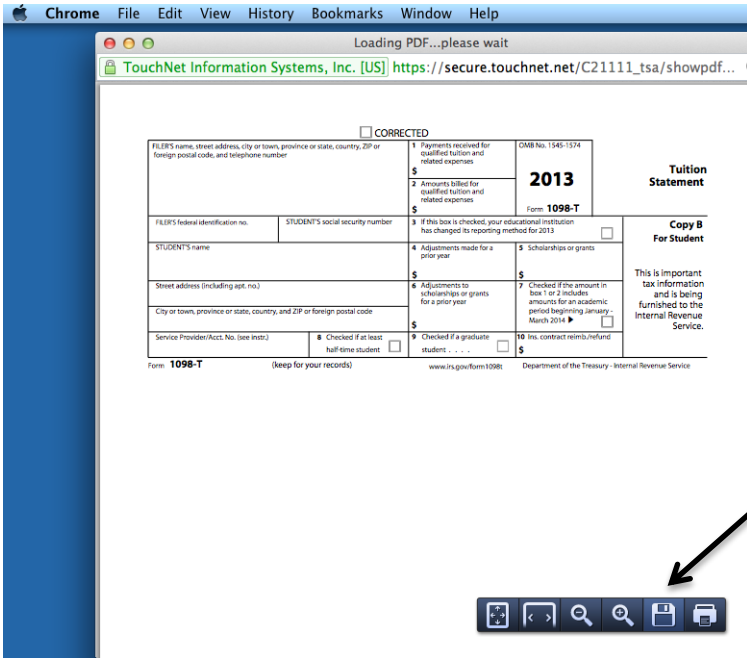

Safari → Preferences → Security → uncheck “Block pop-up windows”

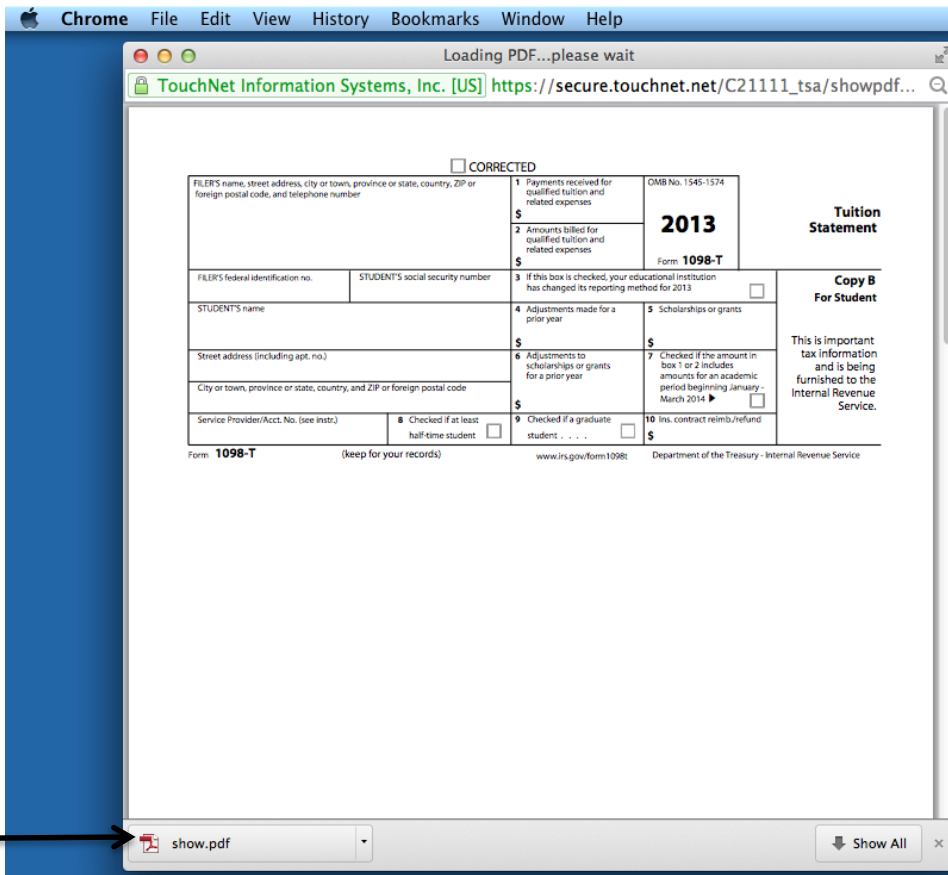

(Please keep in mind, if you should wish to enable the “Block pop-up windows” feature back to your computer again, please return back to this setting.)

Web Browser: Google Chrome

- Click on Save as

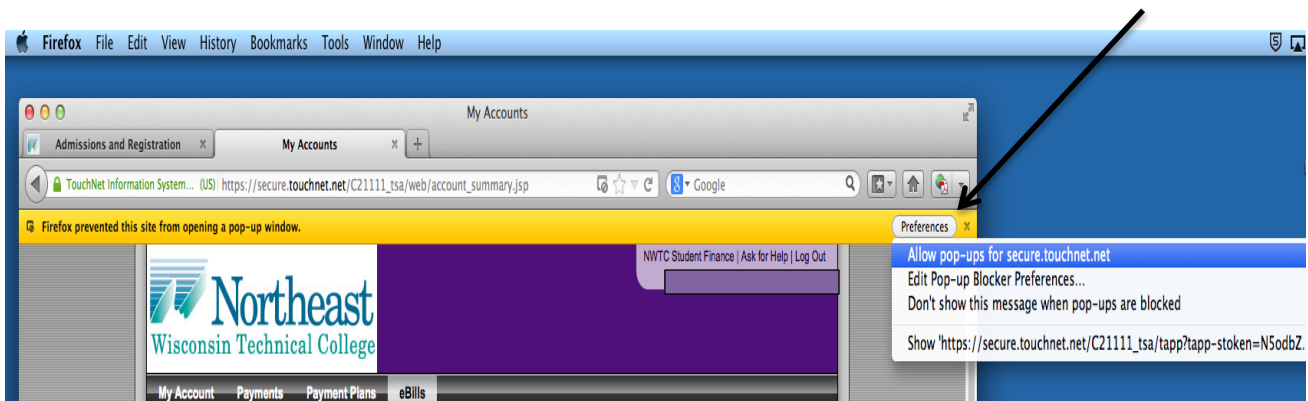

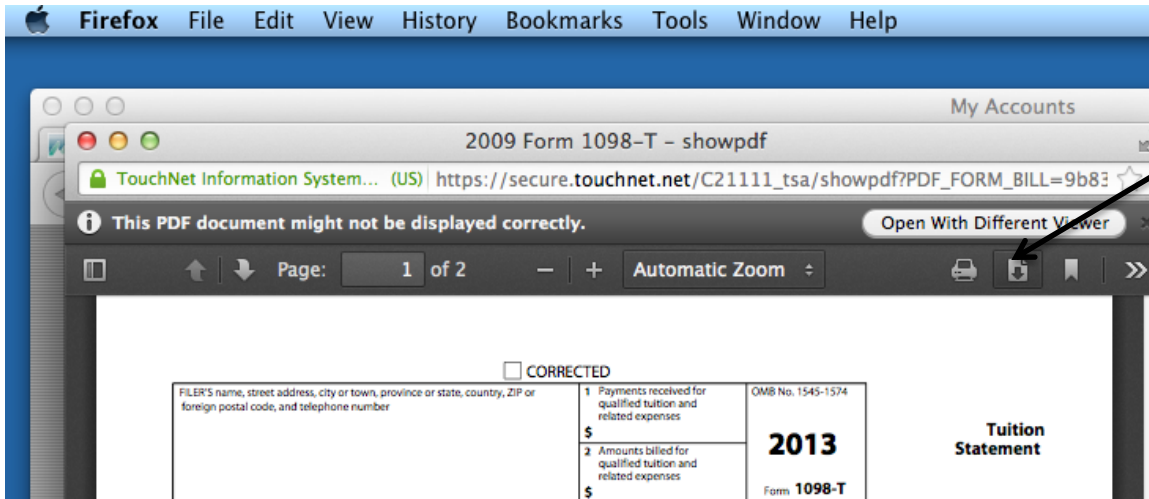

Once you click on document, 1098T Form should open and have your information populate in the 1098T Form.

Web Browser: Firefox

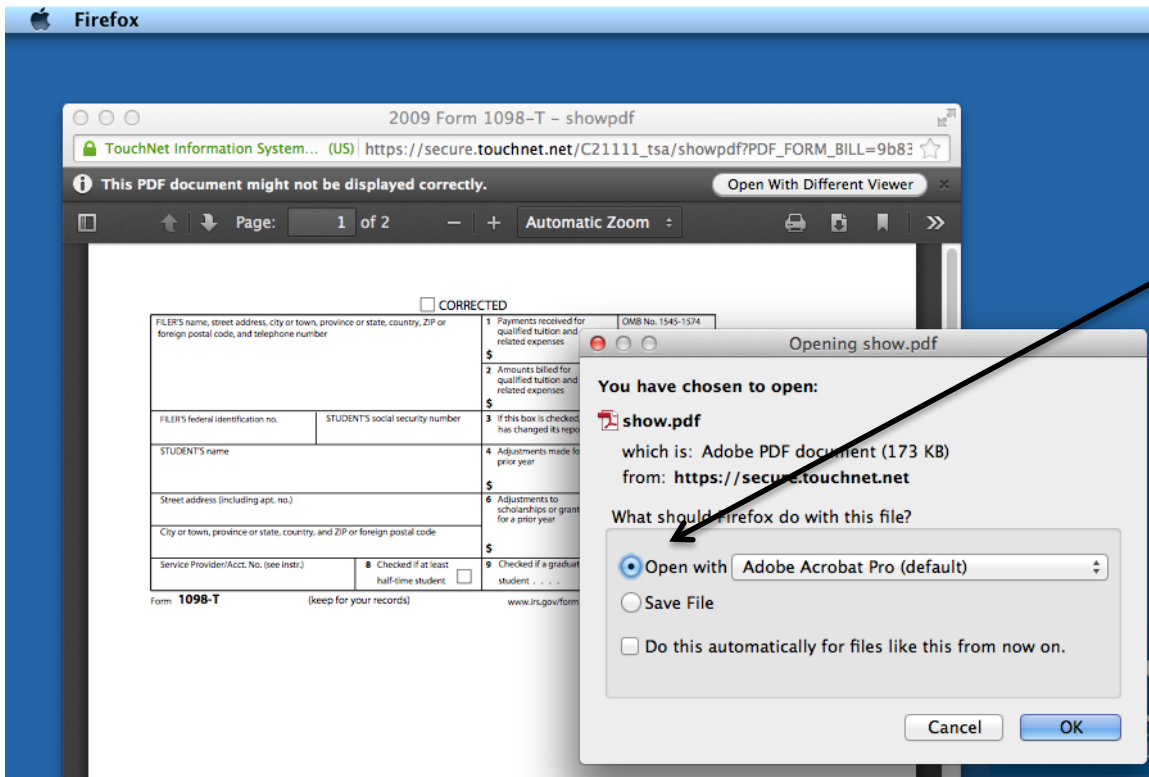

Allow pop-up window. Click on Preferences.

Click on "Download button".

Open with Adobe Acrobat Pro

Click on OK

1098T Form should pop-up and have your information populate on the 1098T Form.
