Message from Carly:

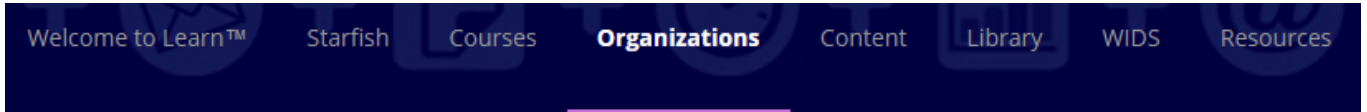

I would **LOVE** to meet with you to discuss organizing/studying tips, note-taking, exam strategies, anxiety management, coaching, adjusting to nursing student life, etc.

You can find open hours and schedule an appointment with me on your **Blackboard/Starfish/Success Network/Academic Coaching**.

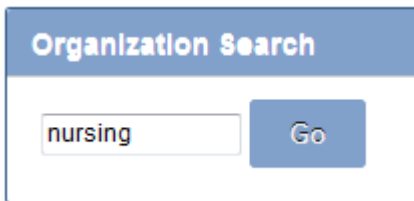

Unattended coaching sessions will be cancelled.

Coaching hours subject to change throughout the semester. Check Nursing Coaching Blackboard for current schedule.

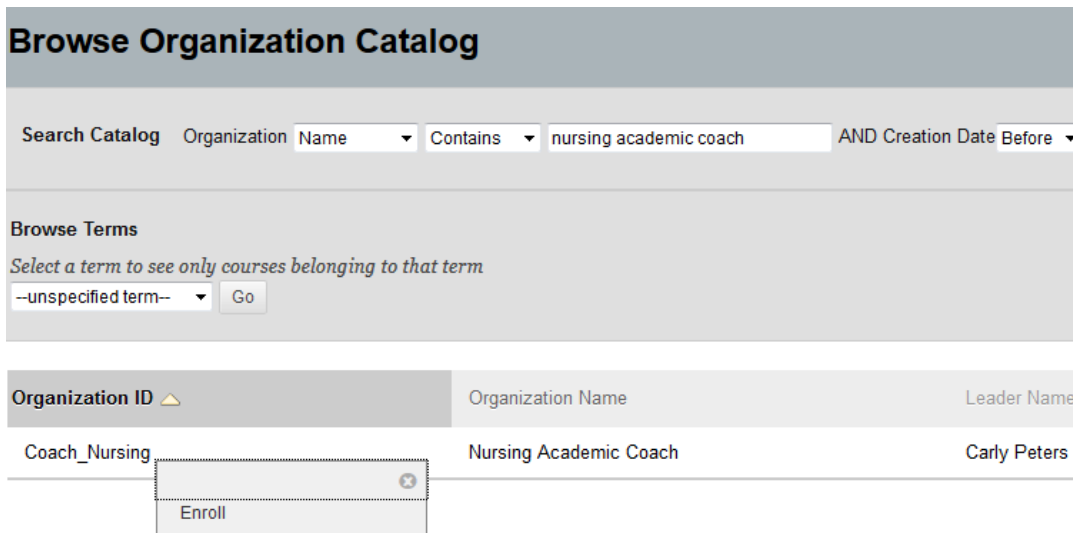

1. Log in to **Blackboard**
2. Click on the **Organizations** tab, as shown below

3. Click in the Organization Search box and type in **Nursing**, as shown below

A screenshot of the 'Organization Search' form. It has a search input field containing the text 'nursing' and a blue 'Go' button to its right.

4. Click on the options button (Grey ~) to the right of Nursing Academic Coach and choose **Enroll**, as shown below

A screenshot of the 'Browse Organization Catalog' page. At the top, there's a search bar with 'nursing academic coach' entered. Below that, there's a 'Browse Terms' section. The main content area shows a table with columns: Organization ID, Organization Name, and Leader Names. The first row is 'Coach_Nursing', 'Nursing Academic Coach', and 'Carly Peters'. A dropdown menu is open under the 'Coach_Nursing' ID, showing an 'Enroll' option.

5. You will then get a summary page where you need to click **Submit**. Followed by a Self-Enrollment screen that says, "Action Successful". Click **OK**.
 - a. You will find the **Nursing Academic Coach** organization located in the **My Organization** box on your welcome page or your **organization tab** on the blackboard site.
 - b. Once you enroll in this organization, you are free to participate in the nursing organization.
 - c. You will enroll in this organization at the beginning of each semester.
 - d. If you have any questions, please contact Carly (email or phone).
