SERVICE-LEARNING
Northeast Wisconsin Technical College

Northeast Wisconsin Technical College 2013/2014
Service-Learning at NWTC:
• Is integrated into and enhances curriculum providing an opportunity for students to apply skills learned within their courses, programs, or certificates.
• Is mutually beneficial to the learner and the community.
• Connects learning and assessment to the real world.
• Is a method of teaching and learning.
• Addresses a community issue and/or enhances community development.
• Requires student reflection.
• Fosters civic responsibility.
Over the course of the 2013-2014 academic year, NWTC students from every academic department participated in 278 authentic Service-Learning projects and 36 co-curricular service projects. These opportunities allowed them to apply their knowledge and skills to positively impact community members. Some Service-Learning projects were one-time opportunities, while others recur annually.

For more information about NWTC's Service-Learning initiatives, please contact:

Riah’s Rainbow Initiative

The ultimate goal of Riah’s Rainbow is to bring smiles to the faces of children who have to endure a day, a week or even months in the hospital. To accomplish this goal, their mission is to give pediatric patients at local hospitals new coloring books, crayons, markers, colored pencils, craft items, etc.

Riah’s Rainbow also raises awareness of all types of pediatric brain tumors, with a particular focus on Diffuse Intrinsic Pontine Gliomas (DIPG).

The foundation was established in loving memory of Mariah Jean Klein, May 28, 2004 – August 31, 2008.
**Riah’s Rainbow Shirt Design and Coloring Book**
*Instructor:* Mary Sue Fenner  
*Program:* Design and Graphic Technology  
*Community Partner:* Riah’s Rainbow  
*Project Description:* Twelve Visual Design II students created shirt designs and logo suggestions for Riah’s Rainbow. The students also designed coloring books for the foundation, which were presented as a surprise during their customer presentation.

**Riah’s Rainbow Coloring Book Printing**  
*Community Partner:* Riah’s Rainbow  
*Program:* Print Technology  
*Instructor:* Bill Mikolanz  
*Project Description:* Seven students in Digital Publishing Operations and Visual Design II printed and donated 500 coloring books to Riah’s Rainbow. The foundation will distribute the coloring books to pediatric patients at local hospitals.

**Riah’s Rainbow Internship**  
*Instructor:* Karen Krejcie  
*Program:* Web Development  
*Community Partner:* Riah’s Rainbow  
*Project Description:* One Web Development student completed a voluntary internship developing and redesigning the Riah’s Rainbow website. The student also converted the foundation’s domain name, creating an ongoing cost saving.

**Patriot Smiles**  
*Instructor:* Angela Hansen  
*Program:* Supply Chain Management  
*Community Partner:* Camp Hometown Heroes & NWTC - Student Veteran Association  
*Project Description:* The Patriot Smiles project was committed to bringing smiles to the faces of Veterans and their families. Fifteen Supply Chain Management students partnered with the NWTC Student Veteran Association to send letters and care packages to active military members overseas, and also raised funds to send children and siblings of fallen soldiers to Camp Hometown Heroes.

**Junior Achievement Workshops**  
*Instructor:* Andy Clark  
*Program:* Leadership Development  
*Community Partner:* Franklin Middle School  
*Project Description:* One Leadership Development Capstone student conducted a series of workshops for Junior Achievement at Franklin Middle School. The focus of this series was working directly with at risk students to address topics like decision making and career choices.

**Childcare Evaluations**  
*Instructor:* Andy Clark  
*Program:* Leadership Development  
*Community Partner:* Polka Tots Childcare Center Inc.  
*Project Description:* One Leadership Development Capstone student partnered with a struggling childcare center needing assistance in management, organization, record keeping, decision making, marketing, and promotion.

**Peshtigo Food Drive**  
*Instructor:* Andy Clark  
*Program:* Leadership Development  
*Community Partner:* Peshtigo Food Pantry  
*Project Description:* One Leadership Development Capstone student conducted a food drive and fundraiser for the Peshtigo Food Pantry.

**Schneider National Volunteer Fairs**  
*Instructor:* Andy Clark  
*Program:* Leadership Development  
*Community Partner:* Schneider National Foundation  
*Project Description:* One Leadership Development Capstone student partnered with the Schneider National Foundation to organize two Volunteer Fairs. This effort led to the volunteer involvement of more than 100 Schneider employees and nine external nonprofit organizations.

**Leadership Development Capstone**  
*Instructor:* Andy Clark  
*Program:* Leadership Development  
*Community Partner:* Algoma Elementary School  
*Project Description:* One Leadership Development Capstone student worked with an instructor from Algoma Elementary School to teach students about a variety of plants including flowers, herbs, perennials and vegetables. The student also organized activities which gave the children opportunities to plant and grow the species.

**AdvantEdge Capstone Project**  
*Instructor:* Andy Clark  
*Program:* Leadership Development  
*Community Partner:* AdvantEdge Success Coaching  
*Project Description:* One Leadership Development Capstone student worked with AdvantEdge Success Coaching and Training to provide assistance in marketing, networking, promotion, and organization expertise.
Pastor Fred’s Food Drive
Instructor: Andy Clark
Program: Leadership Development
Community Partner: Pastor Fred’s Amberg Food Pantry
Project Description: One Leadership Development Capstone student organized a food drive for Pastor Fred’s Amberg Food Pantry, successfully raising funds and nonperishable food for the pantry to help feed those in need.

American Red Cross Blood Drive Capstone
Instructor: Andy Clark
Program: Leadership Development
Community Partner: American Red Cross
Project Description: One Leadership Development Capstone student organized and conducted a blood drive for the American Red Cross in Marinette/Menominee area.

YMCA Girl’s Night Out
Instructor: Andy Clark
Program: Leadership Development
Community Partner: YMCA
Project Description: One Leadership Development Capstone student committed her time to becoming a YMCA Girl’s Night Out volunteer. Her involvement included organizing games and being a mentor to the girls.

Charlie Knuth Benefit
Instructor: Andy Clark
Program: Leadership Development
Community Partner: Charlie Knuth Benefit Fund
Project Description: Five students in Team Building and Problem Solving conducted a series of fundraising efforts to purchase a salt water pool for Charlie Knuth, a six year old child suffering from Recessive Dystrophic Epidermolysis Bullosa. The students sold bracelets, managed donation buckets, and coordinated a silent auction and raffle event, ultimately raising $3,200 towards Charlie’s care.

NEW Zoo Team Building Project
Instructor: Andy Clark
Program: Leadership Development
Community Partner: NEW Zoo
Project Description: Three Leadership Development Team Building and Problem Solving students volunteered their time for several events at the NEW Zoo as team community service.

Fostering Future Makers
Instructor: Andy Clark
Program: Leadership Development
Community Partner: NWTC - Fostering Future Makers
Project Description: Fostering Future Makers is an NWTC program which provides services for students transitioning from foster care to post-secondary education. Four Leadership Development Team Building and Problem Solving students conducted four fundraisers raising a total of $800 for the program.

Desert Storm Veterans Memorial Ride
Instructor: Andy Clark
Program: Leadership Development
Community Partner: Desert Storm Veterans Association
Project Description: Three Leadership Development students partnered with the Desert Storm Veterans Association to honor the members by holding a motorcycle memorial ride. The students organized the memorial ride and created wristbands for participants.

Service League of Green Bay
Instructor: Andy Clark
Program: Leadership Development
Community Partner: Service League of Green Bay
Project Description: Four Team Building and Problem Solving students volunteered with the Service League of Green Bay. The students volunteered at The Big Blue Bash, The Big Event for Little Kids, and the Back-to-School Store.
Exceptional Equestrians Fundraiser  
**Instructor:** Andy Clark  
**Program:** Leadership Development  
**Community Partner:** Exceptional Equestrians  
**Project Description:** Exceptional Equestrians provides hippotherapy, therapeutic riding, adaptive riding and equestrian assisted learning to children, teens and adults with physical and mental disabilities. Five Team Building and Problem Solving students worked together to raise funds towards purchasing a therapy horse for the organization to replace a recently deceased horse.

March for Babies Walk  
**Instructor:** Andy Clark  
**Program:** Leadership Development  
**Community Partner:** March of Dimes  
**Project Description:** Five Team Building and Problem Solving students worked together to conduct a series of fundraising efforts and raise awareness of the March of Dimes. The students also volunteered during the March for Babies Walk.

CP Center Fundraiser  
**Instructor:** Andy Clark  
**Program:** Leadership Development  
**Community Partner:** Cerebral Palsy Inc.  
**Project Description:** Four Team Building and Problem Solving students collaborated to organize fundraisers benefitting the CP Center in Green Bay, WI. The primary fundraisers were a Sloppy Joe and Chili fundraiser generating over $300.

Green Bay Lost Pets Fundraiser  
**Instructor:** Andy Clark  
**Program:** Leadership Development  
**Community Partner:** Green Bay Lost Pets - Packerland Veterinary Center, Ltd.  
**Project Description:** Four students in Team Building and Problem Solving raised funds for Green Bay Lost Pets. The team raised $70 to purchase supplies for cats, dogs, and birds at the shelter. The students also volunteered to work with the animals.

CSA Customer Satisfaction Evaluation  
**Instructor:** Andy Clark  
**Program:** Leadership Development  
**Community Partner:** NWTC - Community Supported Agriculture  
**Project Description:** Four Team Building and Problem Solving students established a charter to work with NWTC’s CSA Program to evaluate and improve customer satisfaction. The students also worked to increase awareness of the program.

Winter Wonderland 5K  
**Instructor:** Andy Clark  
**Program:** Leadership Development  
**Community Partner:** CASA of Brown County  
**Project Description:** Four Team Building and Problem Solving students created and hosted the Winter Wonder 5K Run/Walk benefitting CASA of Brown County. Over 60 people participated in the event which raised $5,100 for the organization.

Autism Awareness 5K  
**Instructor:** Andy Clark  
**Program:** Leadership Development  
**Community Partner:** Autism Society  
**Project Description:** Four students in Team Building and Problem Solving created and organized an Autism Awareness 5K Run/Walk event, which raised over $1,500 for the Autism Society.
Altrusa House Fundraiser and Renovation
Instructor: Andy Clark
Program: Leadership Development
Community Partner: Altrusa House
Project Description: Seven Team Building and Problem Solving students raised approximately $2,000 to purchase headboards, comforters, and other necessities for the Altrusa House. The students also painted and renovated a room in the home.

Goodwill Donation Express Evaluations
Instructor: Andy Clark
Program: Leadership Development
Community Partner: Goodwill Industries
Project Description: One Leadership Development Capstone student worked with the managers of Goodwill Donation Express in Green Bay to evaluate and target lapses in customer service, safety, efficiency, and teamwork.

Appvion Process Improvements
Instructor: Andy Clark
Program: Leadership Development
Community Partner: Appvion Inc.
Project Description: One Leadership Development Capstone student analyzed ways to improve processes and also lower waste and scrap at Appvion. The student analyzed past and current errors, opportunities for improvements, future potential benefits, and also challenges for the company.

American Food Group Evaluation
Instructor: Andy Clark
Program: Leadership Development
Community Partner: American Food Group
Project Description: One Leadership Development Capstone student worked with American Food Group to evaluate ways they might increase outputs, decrease inputs, and improve processes on the lines of their plant. The student also produced and analyzed data to reduce overhead expenses and measure productivity.

Packer Card Stunt
Instructor: Andy Clark
Program: Leadership Development
Community Partner: Brown County Volunteer Center
Project Description: One Leadership Development Capstone student organized and gathered volunteers to execute a card stunt during a Packer game at Lambeau Field.

NWTC Mystery Shop
Instructor: Andy Clark
Program: Leadership Development
Community Partner: NWTC
Project Description: A team of six capstone students planned, organized, and completed a “mystery shop” of NWTC customer service. The team documented the interactions, and presented their data to the college to help increase the effectiveness of their customer service.

October Book Drive
Instructor: Andy Clark
Program: Leadership Development
Community Partner: Lexington Square Senior Living
Project Description: One Leadership Development Capstone student planned, organized, and facilitated a month long book drive benefitting local charities in inner city Chicago.

Brochure and Logo Design
Instructor: Mary Sue Fenner & John Reinders
Program: Design and Graphic Technology
Community Partner: Green Bay Community Gardens
Project Description: Twenty-four Visual Design II students designed an official logo, brochures, and marketing materials for the Green Bay Community Gardens.
Process Evaluations
Instructor: Andy Clark
Program: Leadership Development
Community Partner: NWTC - Artisan and Business Center
Project Description: One Leadership Development Capstone student worked directly with the staff members of the Artisan and Business Center by evaluating strategies to increase enrollment in classes, streamlining documentation, inventory processing, and performing a risk analysis.

Paul's Pantry Food Drive
Instructor: Andy Clark
Program: Leadership Development
Community Partner: Paul's Pantry & Special Olympics Wisconsin
Project Description: Six Leadership Development students worked as a team to conduct a food drive raising over 400 donations for a local food pantry, and also volunteered at a Special Olympics event.

Polar Plunge Soup Plunge
Instructor: Andy Clark
Program: Leadership Development
Community Partner: Special Olympics Wisconsin
Project Description: Eight Leadership Development students worked as a team to organize a Soup Plunge fundraiser benefitting the Special Olympics. The students raised $1,155 overall, then completed their project by taking the plunge and Freezin’ for a Reason.

Saving Spinner
Instructor: Andy Clark
Program: Leadership Development
Community Partner: Green Bay Animal Rescue
Project Description: Six students in Team Building and Problem Solving organized a raffle and other fundraising activities to provide cataract surgery for a rescued dog named Spinner. The team was able to donate over $2,000 to the cause.

Audio Recording Project
Instructor: Chris Kuborn
Program: Recording & Audio Engineering Certificate
Community Partner: Various local musicians and artists
Project Description: Twenty-eight students in Audio Engineering II recorded and produced music for 10 different local artists and musical groups in need of recording assistance throughout the fall and spring semesters.

TC Campus Connection
Instructor: Chris Kuborn
Program: Digital Media Technology
Community Partner: NWTC
Project Description: Twenty students launched and facilitated the broadcast of NWTC’s first internet radio show, TC Campus Connection. Students produced and managed the broadcast which runs 24 hours a day, 7 days a week.

NWTC Presents: Got Talent!
Instructor: John Maier
Program: Marketing
Community Partner: NWTC - Scholarship Fund
Project Description: Twenty-three students in Event Marketing collaborated to plan, market, and host a talent show benefitting the NWTC Scholarship Fund. Winners of the competition also received scholarship awards.

Par-Tee Time! Scholarship Scramble
Instructor: John Maier
Program: Marketing
Community Partner: NWTC - Scholarship Fund
Project Description: Twenty students in Event Marketing collaborated to plan, market, and host the Par-Tee Time! Scholarship Scramble benefitting the NWTC Scholarship Fund.
Breast Cancer Family Foundation Marketing Materials
Instructor: Mary Sue Fenner
Program: Design and Graphic Technology
Community Partner: Breast Cancer Family Foundation
Project Description: Twelve students created new logo and poster designs for the 2015 Titletown Bike Tour and Pink Pumpkin Walk. The designs were used in marketing the events.

NEWDO Logo Design
Instructor: Mary Sue Fenner
Program: Design and Graphic Technology
Community Partner: Northeastern Wisconsin Dance Organization
Project Description: Thirteen students in Visual Design II created logo designs for NEWDO including marketing materials and dance related clothing.

Brochure Design
Instructor: Mary Sue Fenner
Program: Design and Graphic Technology
Community Partner: Cerebral Palsy, Inc.
Project Description: Thirteen students in Visual Design II designed and created a new, updated brochure package for the CP Center.

BPA State Conference
Instructor: Kim Pigeon
Program: Office Professional & Administrative Professional
Community Partner: Business Professionals of America
Project Description: Ten Office Professional and Administrative Professional students volunteered during the BPA State Conference event hosted by NWTC. The students set-up for the event, proctored and monitored testing, and served at registration desks.

TC Campus Connection Banner
Instructor: Mary Sue Fenner
Program: Design and Graphic Technology
Community Partner: NWTC - TC Campus Connection
Project Description: Thirteen students in Visual Design II created an original 4x7 banner display for the TC Campus Connection radio station.

Birdathon Promotional Materials
Instructor: Mary Sue Fenner
Program: Design and Graphic Technology
Community Partner: Northeast Wisconsin Audubon Society
Project Description: Twelve students in Visual Design II created brochures and other promotional materials for the annual Big Bay Birdathon competition.

Eagle Scout Trailer Wrap
Instructor: Mary Sue Fenner
Program: Design and Graphic Technology
Community Partner: Eagle Scout Troop 1173
Project Description: Twelve students in Visual Design II created designs of a personalized vinyl trailer wrap for the troop.

The Chantelles Concert Posters
Instructor: Mary Sue Fenner
Program: Design and Graphic Technology
Community Partner: The Chantelles
Project Description: The Chantelles is a 30+ member women’s choir singing mostly three-part harmonies. Over the 2013-2014 academic year, twenty five students in Visual Design II courses designed posters for their annual Christmas and Spring Concerts.
Bird City Brochure  
**Instructor:** Mary Sue Fenner  
**Program:** Design and Graphic Technology  
**Community Partner:** Oconto, WI  
**Project Description:** Twelve students in Visual Design II designed brochures and marketing materials for the Bird City Conservation program.

Go and Grow Marketing Materials  
**Instructor:** Mary Sue Fenner  
**Program:** Design and Graphic Technology  
**Community Partner:** St. Mark Lutheran Church  
**Project Description:** Twelve Visual Design II students designed marketing and promotional materials for the St. Mark Lutheran Church Go and Grow Program.

SVA Logo Design  
**Instructor:** Jim Mullinax  
**Program:** Design and Graphic Technology  
**Community Partner:** NWTC - Student Veteran Association  
**Project Description:** Forty students in Macintosh Illustration created logo designs for the Student Veteran Association.

Logo Design  
**Instructor:** Jim Mullinax  
**Program:** Design and Graphic Technology  
**Community Partner:** Brown County & De Pere Health Department Partnership  
**Project Description:** Twenty-six students in Visual Design I created logo designs and branding materials for the partnership between the Brown County and De Pere Health Departments.

TC Campus Connection Advertising  
**Instructor:** Chris Kuborn  
**Program:** Digital Media Technology  
**Community Partner:** NWTC - TC Campus Connection  
**Project Description:** Thirty Digital Media Technology students scripted, recorded and produced content for advertising on TC Campus Connection. The students created advertising for internal and external departments such as the Library, Accommodations, Academic Advising, Counseling Services, and NWTC clubs.

Awesome Boss Broadcast  
**Instructor:** Chris Kuborn  
**Program:** Digital Media Technology  
**Community Partner:** NWTC Leadership Development Program  
**Project Description:** Six Digital Media Technology students partnered with the Leadership Development program to broadcast a radio show called Awesome Boss, a discussion/interview based show about qualities bosses are looking for in the Green Bay Community. Digital Media students created the intro and outro for the show, and engineered 20 episodes of the show.

Titletown Bike Tour Shirt Design  
**Instructor:** Mary Sue Fenner  
**Program:** Design and Graphic Technology  
**Community Partner:** Breast Cancer Family Foundation  
**Project Description:** Thirteen students in Visual Design II created shirt designs for the 2014 Titletown Bike Tour; the design was also used on other promotional items for the event.

VITA Green Bay  
**Instructor:** Theresa Grover  
**Program:** Accounting  
**Community Partner:** NWTC & Harmony Café  
**Project Description:** VITA is an IRS-sponsored program offering free tax help to people with low to moderate incomes, including the elderly, persons with disabilities, and those having limited English proficiency who cannot afford paid professional assistance. Ten students in the Computerized Tax course prepared 394 tax returns during the spring 2014 semester.
Volunteer Center Web Development Internship
Instructor: Karen Krejcie
Program: Web Development
Community Partner: Volunteer Center of Brown County
Project Description: One Web Development student completed a voluntary internship developing, adding content, and redesigning the Volunteer Center's website.

KIVA Fundraiser
Instructor: Terri Brown
Program: Business Management
Community Partner: KIVA
Project Description: Forty-five Business Management students organized fundraisers for KIVA, raising over $525 to be given as micro loans. When the loans are paid back, students in future sections of the class will be able to select a recipient. Students are able to practice sustainable social change and examine global business units.

VITA Marinette
Instructor: Janet Dausey
Program: Accounting
Community Partner: Tri-City Area United Way
Project Description: Tri-City Area United Way promotes and coordinates the Volunteer Income Tax Assistance (VITA) project in the community. The VITA program provides free income tax preparation to those who qualify. During the spring 2014 semester, 12 students in the Computerized Tax course prepared 236 tax returns for residents in Marinette and Menominee Counties.

Calendar of Hope Design
Instructor: John Reinders
Program: Design and Graphic Technology
Community Partners: Breast Cancer Family Foundation
Project Description: Twelve Visual Design II students created calendars designs for the Breast Cancer Family Foundation to raise breast cancer awareness.

Pink Pumpkin NWTC Team Shirt Design
Instructor: John Reinders
Program: Design and Graphic Technology
Community Partner: NWTC
Project Description: Twelve Visual Design II students created shirt designs for NWTC's Pink Pumpkin Run/Walk team. The Pink Pumpkin Run/Walk raises awareness for breast cancer, and fundraises for breast cancer research.

Award Evaluations
Instructor: Terri Brown
Program: Business Management
Community Partner: The Rotary Club of Sturgeon Bay
Project Description: Three Business Management students in Sturgeon Bay volunteered their time to help evaluate applications for the Ethics and Business Awards. The students were able to participate in the selection process of the recipient of the award.

Old Glory Honor Flight Calendar Design
Instructor: John Reinders
Program: Design and Graphic Technology
Community Partner: Old Glory Honor Flight
Project Description: Twelve Visual Design II students created calendar designs for the Old Glory Honor Flight. The calendars were sold as a fundraiser for the organization, which sends local WWII and Korean War veterans to Washington, D.C. to see the memorials built in their honor.

Door County Lighthouse Photography Project
Instructor: Thomas Marx & Steve Levin
Program: Photography
Community Partner: NWTC
Project Description: Eight Digital Photography students photographed and edited images of lighthouses throughout Door County per request of the NWTC Sturgeon Bay Campus. The images were used for interior design throughout the campus.

St. Baldrick's Event Photography
Instructor: Thomas Marx
Program: Photography
Community Partner: St. Baldrick's Foundation
Project Description: One Photography Program student photographed a St. Baldrick's event that raised funds and awareness for childhood cancer.
Photograph Donation  
**Instructor:** Thomas Marx  
**Program:** Photography  
**Community Partner:** Exceptional Equestrians  
**Project Description:** Two Photography Program students donated photographs to a fundraiser benefitting Exceptional Equestrians.

Freezin’ 4 Reasons Photography  
**Instructor:** Thomas Marx  
**Program:** Photography  
**Community Partner:** Project Homeless Connect  
**Project Description:** Two Digital Advanced Photography students photographed the Freezin’ for Reasons event which raised money for homeless families in the Marinette/Menominee Area.

2Myles4Autism Photography  
**Instructor:** Thomas Marx  
**Program:** Photography  
**Community Partner:** 2Myles4Autism  
**Project Description:** One Photography Program student photographically documented the 2Myles4Autism event promoting autism awareness. The photos were then edited and donated to the organization for further promotional purposes.

NWTC Career Fair Photos  
**Instructor:** Steve Levin  
**Program:** Photography  
**Community Partner:** NWTC  
**Project Description:** Two students photographed LinkedIn studio headshots for students during the 2014 NWTC Career Fair.

Photography Collages  
**Instructor:** Steve Levin  
**Program:** Photography  
**Community Partner:** NWTC  
**Project Description:** One Digital Photography student created collages to adhere on the walls of active learning classrooms. The student converted new and existing photographs into collages that are used throughout the college.

NWTC Heart Walk Photography  
**Instructor:** Lisa Jansen  
**Program:** Photography  
**Community Partner:** American Heart Association  
**Project Description:** Three students in the Photography Program took team photos and also candid shots of participants in the NWTC Heart Walk.

Einstein Project Photography Booths  
**Instructor:** Lisa Jansen  
**Program:** Photography  
**Community Partner:** The Einstein Project  
**Project Description:** Seven Photography Program students set up and operated two hands-on photography booths at the Einstein Expo Science Fair in Green Bay for kids of all ages to experiment and learn about photography.

NWTC Foundation Photography  
**Instructor:** Lisa Jansen  
**Program:** Photography  
**Community Partner:** NWTC Foundation  
**Project Description:** Three students photographed the 2013 Annual Donor Recognition and Scholarship Awards Banquet.

Global Cultures Graduation Celebration Photography  
**Instructor:** Lisa Jansen  
**Program:** Photography  
**Community Partner:** NWTC Center for Global Cultures  
**Project Description:** Two Digital Workflow students photographed students and staff at NWTC’s Center for Global Cultures Graduation Celebration.
NWTC Martin Luther King Celebration
Instructor: Lisa Jansen
Community Partner: Brown County MLK Celebration Committee
Project Description: One Photography Program student took photos of the Martin Luther King Jr. Celebration at NWTC including candid shots of people attending and participating in the event, event activities, and speakers.

YWCA Holiday Gala Photography
Instructor: Lisa Jansen
Program: Photography
Community Partner: YWCA - Holiday Gala
Project Description: Three students photographed the YWCA Holiday Gala, helping the YWCA continue its mission to eliminate racism and empower women.

WPPA Volunteers and Print Crew
Instructor: Lisa Jansen
Program: Photography
Community Partner: Wisconsin Professional Photographer’s Association
Project Description: Fifteen Digital Photography students served as volunteer members of the Print Crew for the Wisconsin Professional Photographer’s Association Spring 2014 Convention. The students also helped set up and take down the tradeshow.

Women of Vision Photography
Instructor: Lisa Jansen & Tom Marx
Program: Photography
Community Partner: YWCA - Women of Vision
Project Description: Five Photography Program students photographed the Women of Vision Luncheon. The YWCA will use these photographs to further promote their program and this annual event.

Photographic Art
Instructor: Lisa Jansen
Program: Photography
Community Partner: NWTC Sturgeon Bay Campus
Project Description: Sixteen students photographed, edited, and printed images to hang on the walls of the Sturgeon Bay Campus.

MDA Walk Photography
Instructor: Lisa Jansen
Program: Photography
Community Partner: Muscular Dystrophy Association
Project Description: Four Photography Program students photographed teams of walkers and corporate event sponsors of the MDA Walk. The MDA will use the photographs to promote their organization and similar events in the future.

JDRF Walk Photography
Instructor: Lisa Jansen
Program: Photography
Community Partner: Juvenile Diabetes Research Foundation
Project Description: Four Photography Program students took photos of the JDRF Walk. The students donated the photographs to the organization for future promotional purposes.

NWTC Graduation Photography
Instructor: Lisa Jansen
Program: Photography
Community Partner: NWTC
Project Description: One Photography Program student took photos of graduating NWTC students holding the “Proud NWTC Alumni” sign, and took other candid shots throughout graduation.
BUSINESS and INFORMATION TECHNOLOGY

PRINT TECHNOLOGY PROJECTS | Bill Mikolanz, Instructor

Fall Magazine Printing
Community Partner: Green Bay Newcomers
Project Description: Six Digital Publishing Operations students printed fall magazines for Green Bay Newcomers to distribute throughout the Green Bay community.

Dudley Birder Chorale Printing
Community Partner: St. Norbert College
Project Description: Six Digital Publishing Operations students printed banners, booklets, and signs for the Dudley Birder Chorale of St. Norbert College.

Pink Pumpkin Printing
Community Partner: Breast Cancer Family Foundation & NWTC
Project Description: Six Digital Publishing Operations students printed event shirts for the Pink Pumpkin Run/Walk at NWTC.

Barn Cat Bash Printing
Community Partner: Cats Anonymous
Project Description: Six Digital Publishing Operations students printed and trimmed invitations to the annual Cats Anonymous Barn Cat Bash fundraiser.

AASA Shirts
Community Partner: Asian American Student Association
Project Description: The Asian American Student Association (AASA) promotes cultural awareness and preservation. Six Digital Publishing Operations students printed AASA shirts for club members to wear during club events.

St. Therese Banners and Shirts
Community Partner: St. Therese Parish
Project Description: Six students in Digital Publishing Operations printed banners and shirts for distribution supporting a St. Therese youth mission trip.

Ice Fishing Derby Posters
Community Partner: St. Anthony’s Catholic School
Project Description: Six students in Digital Publishing Operations printed posters for St. Anthony Catholic School’s annual Ice Fishing Derby.

The Chantelles Poster Printing
Community Partner: The Chantelles
Project Description: Eight Digital Publishing Operations and Graphic Design II students teamed up to print multiple advertising pieces including postcards and flyers for The Chantelles Winter 2013 and Spring 2014 Concerts.

Children First Family Literacy Printing
Community Partner: Literacy Green Bay
Project Description: Eight Digital Publishing Operations and Graphic Design II students teamed up to print posters, flyers and brochures for Children First Family Literacy program.

Resurrection Auction Booklets
Community Partner: Resurrection Catholic School
Project Description: Five students in Digital Publishing Operations printed auction booklets for Resurrection Catholic School of Green Bay’s annual auction supporting the school.
Women’s Fund Brochure Printing  
**Community Partner:** The Women’s Fund of Greater Green Bay  
**Project Description:** Six Digital Publishing Operations students printed and folded brochures for The Women’s Fund of Greater Green Bay.

CCID Vertical Banner Printing  
**Community Partner:** Community Colleges for International Development  
**Project Description:** Six Digital Publishing Operations students printed and assembled a vertical banner for NWTC’s CCID Program to use for promotional events.

MDA Summer Camp Calendars  
**Community Partner:** Muscular Dystrophy Association  
**Project Description:** Six Digital Publishing Operations students printed and assembled calendars supporting MDA Summer Camps.

Old Glory Honor Flight Calendars  
**Community Partner:** Old Glory Honor Flight  
**Project Description:** Nineteen Digital Publishing Operations students and Graphic Design II students printed and stitched 500 calendars supporting the Old Glory Honor Flight.

TC Campus Connection Printing  
**Community Partner:** TC Campus Connection  
**Project Description:** Nineteen Digital Publishing Operations students and Graphic Design II students printed banners, stickers, and bookmarks promoting the radio station.

Calendar of Hope Printing  
**Community Partner:** Breast Cancer Family Foundation  
**Project Description:** Five Digital Publishing Operations students printed and assembled calendars for Calendar of Hope.

Birdathon Printing  
**Community Partner:** Bird City of Green Bay  
**Project Description:** Eighteen students in Digital Publishing Operations and Visual Design II printed brochures and other promotional materials for the annual Big Bay Birdathon competition.

Cookbook Printing  
**Community Partner:** Greater Green Bay Habitat for Humanity ReStore  
**Project Description:** Thirteen students in Graphic Reproduction printed and bound Habitat ReStore Cookbooks benefitting the organization.

Bellin Run Team Shirt Printing  
**Community Partner:** NWTC  
**Project Description:** Thirty students in Graphic Reproduction designed and printed shirts for the NWTC Bellin Run team.

NWTC Public Safety Graphics  
**Community Partner:** NWTC  
**Project Description:** Six students in the Wide Format Graphics course created and installed graphics for NWTC Public Safety training squad cars.
Instructor/Staff: Mary Beth Boettcher, Kathy Pickering & Megan Popkey
Program: Early Childhood Education
Community Partner: Corozal Ministry of Education

Seventeen Early Childhood students directly engaged with preschool programs in the city of Corozal during their two week study abroad trip. The students taught in preschools for an average of eight hours a day, working directly with the students and teachers in Belize. The experience was designed to enrich student’s cultural and diverse perspectives of Belize’s early childhood educational system, while immersing students in Belize culture through their host families.
Connecting Families - Developmental Screening

**Instructor:** Carla Witkowski  
**Program:** Early Childhood Education  
**Community Partner:** NWTC & Oneida Nation  
**Project Description:** Fifteen Early Childhood Education students set-up the classroom for the Connecting Families event, met with participating families at dinner, planned activities, and provided childcare while parents attended the “Benefits of Reading to your Children” informational discussion and free developmental screenings.

Campus Career Day

**Instructor:** Tracy Blahnik & Vicki Tanck  
**Program:** Early Childhood Education & Instructional Assistant  
**Community Partner:** Green Bay School District High Schools  
**Project Description:** Over 40 area high school students came to NWTC to learn about the Early Childhood Education and Instructional Assistant Programs during Campus Career Day. Nine Early Childhood students prepared activities and presentations for the students.

Connecting Families – Stress Free Holidays

**Instructor:** Carla Witkowski, Vicki Tanck & Julie Baumann  
**Program:** Early Childhood Education  
**Community Partner:** NWTC & Oneida Nation  
**Project Description:** Fifteen Early Childhood Education students set-up the Connecting Families classroom, met with families during dinner, planned activities, and provided childcare while parents attended the “Stress Free Holidays” workshop.

Reclaimed Quilting Samples

**Instructor:** Jana Anderson & Teresa Petasek  
**Program:** Textiles and Quilting  
**Community Partner:** Bay Area Humane Society & Happily Ever After Shelter  
**Project Description:** Sixteen students in a Learning to Long Arm course created small muslin quilts to practice their skills on the long arm quilting machines. The quilts were donated to the Bay Area Humane Society and Happily Ever After No-Kill Animal Shelter for use in their pet adoption program.

Earth Day Activities

**Instructor:** Vicki Tanck  
**Program:** Early Childhood Education  
**Community Partner:** Notre Dame Kindergarten  
**Project Description:** Seventeen Early Childhood Education students designed Earth Day inspired projects for 46 Notre Dame Kindergarten students. The students worked in teams to create learning stations, then taught their activities to the children as they rotated in groups to each station. Activities included reading books, creating egg carton gardens, planting seeds, learning about flowers, etc.
Teamwork in a School Setting
Instructor: Tracy Blahnik
Program: Instructional Assistant
Project Description: Nine Instructional Assistant students in Teamwork in a School Setting completed service-learning projects within small groups or “teams”. The students were required to plan, implement, and evaluate a community or campus service project.
Service-Learning projects included:
- Creating a reading event for local families at Saving Paws Animal Shelter.
- Teaching children how to operate microscopes during Nano Days at the Children’s Museum.
- Facilitating hands on activities during the Great Easter Bunny Train event at the National Railroad Museum.
- Mentoring young mothers at the Marion House.
- Organizing and hosting activities at the Big Event for Little Kids.

Textiles and Quilting
Instructor: Mary Gaye Rank
Program: Textiles and Quilting
Project Description: Students in Textiles and Quilting courses at the NWTC Kewaunee Artisan Center completed several service-learning projects throughout the 2013-2014 academic year.
Service-Learning projects included:
- Creating baby quilts for the Linus Project. These quilts were distributed to children in local hospitals and shelters.
- The donation of 50 quilts to former and current local military personnel during the Quilts of Valor event.
- Displaying quilts to raise funding and donations for the Holy Rosary Food Pantry.
- Creating pillows and “fluffies” for the Ribbon of Hope Foundation, supporting cancer patients in Kewaunee and Door County.
- Organizing a quilt raffle to create scholarships for others to take quilting classes.
- Hosting the NWTC Artisan and Quilt Show to raise donations for a local food pantry.
- Building a float for a local parade to promote NWTC Artisan classes.
Instructor: Andy Tigert
Community Partner: Local Community Organizations

Students in Introduction to Diversity Studies served local organizations throughout Northeast Wisconsin for a minimum of three hours of service. The students were required to volunteer at a non-profit organization that assists underprivileged groups in their community, then reflect upon the experience in the context of social justice and why people are treated unfairly in society based on social inequality.

A total of 376 Students from 18 sections of Introduction to Diversity Studies completed over 1,100 hours of service. Service-Learning placements included, but were not limited to:

- Collecting and sorting donations for the Seymour Food Pantry.
- Preparing and serving a meal donation at the Freedom House.
- Bell ringing through the Salvation Army.
- Providing childcare through Common Paths Early Education & Care.
- Volunteering at St. John the Evangelist Homeless Shelter.
- Building homes with Habitat for Humanity.
- Mentoring children through the Boys & Girls Club.
- Organizing activities for seniors at Angel’s Touch Assisted Living.
Pay it Forward
Instructor: Alicia (Lissa) Marth, Deborah Seline & Jenna Cornell
Community Partner: Local Community Organizations
Project Description: One hundred and eighty-nine students throughout seven sections of Oral and Interpersonal Communication worked in small groups to identify and work to solve a problem in their community. As a result, student groups successfully met with, co-planned, and provided funds, supplies, or services for several community organizations including: The Golden House, St. John’s Shelter, House of Hope, Cards for Soldiers, Special Olympics, Shared Harvest, Samaritan’s Purse, American Cancer Society, and the Boys & Girls Club of Green Bay.

Social Sciences Service-Learning Projects
Instructor: Rosemary Jonas & Ed Gott
Community Partner: Local Community Organizations
Project Description: Forty-six students throughout three sections of Introduction to Diversity Studies and Developmental Psychology volunteered a minimum of four hours with various local community organizations. The students reflected on their experience in relation to the major course concepts of culture, values, socialization, group identity and bias.

Marinette and Menominee Social Sciences Service-Learning
Instructor: Jeanne Harper
Community Partner: Local Community Organizations
Project Description: Forty-nine students throughout four sections of Race, Ethnic & Diversity, and Contemporary American Society volunteered for a minimum of four hours with a non-profit of their choice in the Marinette and Menominee area.

DIY Microscope Donations
Instructor: Angelo Kolokithas
Community Partner: Washington Middle School, Bay Shore Community Academy & Green Bay West High School Special Education
Project Description: Forty students volunteered their time and materials to create microscopes that can be operated with smart phones. The smart phone operated microscopes were then donated to local schools for educational purposes.

Safe Disposal Presentation
Instructor: Jill Larson
Community Partner: Various Community Members
Project Description: Sixty-four General Chemistry students were required to investigate the proper disposal methods of pharmaceuticals, electronics, paint, and other hazardous waste materials; then, present their findings in a professional manner to a community member of choice. The students were also required to write a reflection based on their impact and experiences.

Intro to Psychology Service-Learning
Instructor: Becky Noble, Desiree Franks, Kelly Holtmeier & Wes Johnson
Community Partner: Local Community Organizations
Project Description: Two hundred and sixty-one students in Introduction to Psychology were required to select a place, event, or facility that related to topics learned within their course, and volunteer in that environment for a minimum of five hours. The students also reflected upon their experience and how their knowledge and understanding of that course subject deepened.

Sharing Diversity Presentation
Instructor: Scott Harpt
Community Partner: NWTC
Project Description: One student in Oral and Interpersonal Communication prepared a presentation about her experiences during the war of former Yugoslavia and her current refugee status. The student presented to multiple Social Science courses studying diversity, ethics of war, and other cultural issues.

Combatting Social Problems Volunteer Project
Instructor: Glenn Wille
Community Partner: Local Community Organizations
Project Description: Fifty students in Contemporary American Society were required to select a social problem of interest (i.e. child care, poverty, education) and complete 10 hours of service to a non-profit working to improve the issue.
Goodwill Team Serve Project  
Instructor: Kevin Maloney  
Community Partner: Goodwill Industries - Green Bay East  
Project Description: Fifty-five students in Psychology of Human Relations worked as a team to dedicate four hours of service together to Green Bay East Goodwill. The students engaged in activities such as accepting and sorting donations, folding and sorting clothes, etc.

Psychology Service-Learning  
Instructor: Sharon Chacon  
Community Partner: Local Community Organizations  
Project Description: Four Hundred and five students in sixteen sections of Intro to Psychology and Psychology of Human Relations served at a variety of local organizations in Northeast Wisconsin during the 2013-2014 academic year for a minimum of 10 hours each. The students selected a place, event, or facility to serve that related to the topics and core competencies learned within the Psychology course. Notable organizations served included: Paul’s Panty, Manna for Life, Habitat ReStore and the Salvation Army.

Community and Riverside Cleanup  
Instructor: Andrew Graff  
Community Partner: Marinette and Peshtigo Counties  
Project Description: Twenty-four students in Oral and Interpersonal Communication each created a presentation exploring ways they could make their community a better place. The students then worked together as a class to select one community service project from the presentations and act on it. This class section chose to complete a community and riverside clean up for the Marinette and Peshtigo area.

Psychology of Human Relations Service-Learning  
Instructor: Margaret Laketa  
Community Partner: Local Community Organizations  
Project Description: Fifteen students in Psychology of Human Relations served at a variety of local organizations for a minimum of ten hours each. The students then reflected on their experiences in the context of the core competencies and expected course outcomes of the class.
Keep Stepping is a program created to meet the needs of adults aged 60 and older through physical activity, health promotion, and educational activities. Sixty students provided:

- Individual health and fitness assessments.
- Small group activities focusing on safe yet progressive aerobic, strength, flexibility, and balance exercises.
- One-on-one physical activity and health promotion planning and progression.
- Educational sessions on healthy aging, home safety, fall prevention, and other health and wellness topics.
HEALTH SCIENCES

Children’s Health Screening
Instructor: Rhonda McCain & Lynda Rastall
Program: Associate Degree Nursing
Community Partner: Tri-County United Way
Project Description: Twenty-five Nursing students provided free back-to-school health and wellness services for children Pre-K to age 12. The students provided hearing, vision, spinal, asthma, and allergy screenings. They also created lessons in nutrition and vitamins, fun physical activities, healthy snacks, gift bags, face paintings, and chances to win a raffle item. This event served 67 families and 123 children.

Brown County Foot Care Clinics
Instructor: Lori Juza
Program: Associate Degree Nursing
Community Partner: Brown County ADRC, Howe Family Resource Center & De Pere Community Center
Project Description: One hundred-thirty Nursing Program students provided foot care to local seniors and residents of assisted living homes. Students also provided a medical assessment of the client’s feet while educating them about continued appropriate foot health care.

Uninsured Dental Clinics
Instructor: Laurie Fischer
Program: Dental Assistant
Community Partner: N.E.W. Community Clinic
Project Description: Twenty-seven Dental Assistant students partnered with N.E.W. Clinic volunteer dentists to treat uninsured patients during the fall and spring semesters.

N.E.W. Clinic Internships
Instructor: Amy Blochowiak
Program: Health Care Business Services
Community Partner: N.E.W. Community Clinic
Project Description: Each semester, one Health Care Business Services student is granted a voluntary internship with the N.E.W. Clinic. Throughout the fall and spring semesters students managed pedicure clinics, scheduled patient appointments, managed medical records, greeted patients, and assisted with clinical data collection.

Vision Screenings
Instructor: Lisa Blohm
Program: Associate Degree Nursing
Community Partner: Gresham Community Schools
Project Description: Four Nursing students partnered with the Gresham Community School Nurse to provide free vision screenings for elementary students.

Teaching Healthy Habits
Instructor: Lisa Blohm
Program: Associate Degree Nursing
Community Partner: Gresham Community Schools
Project Description: Four Nursing students provided education and hands on activities for students in Pre-K through first grade regarding healthy eating, exercise, and hygiene.

Adult Daycare
Instructor: Lisa Blohm
Program: Associate Degree Nursing
Community Partners: N.E.W. Curative Rehabilitation Inc.
Project Description: Seven Nursing students volunteered during an Adult Daycare Workshop at N.E.W. Curative Rehabilitation Inc. The students provided activities for the clients and assisted staff with projects.

Asthma Camp
Instructor: Kathy Schlitz
Program: Respiratory Therapist
Community Partner: Bellin Allergy Clinic
Project Description: Sixteen Respiratory Therapist students assisted with all activities of Asthma Camp including physical activities, educational tips, informal chats, and use of prescribed medication. Students performed FENO testing to determine levels of inflammation in the lungs. The students and campers also had the opportunity to listen to celebrity speaker, Ahman Green, tell about his experience growing up with asthma and becoming an athlete.

Vision Screenings
HEALTH SCIENCES

N.E.W. Respiratory Clinic
Instructor: Kathy Schlitz
Program: Respiratory Therapist
Community Partners: N.E.W. Community Clinic
Project Description: As part of their clinical experience, thirty-two students rotated through the N.E.W. Clinic where they were responsible for assessing, testing, and educating patients with lung disease. The students also provided education and promoted strategies for controlling environmental issues related to keeping the patient’s lungs healthy.

Women’s Health Screenings
Instructor: Lynda Rastall
Program: Associate Degree Nursing
Community Partner: Bay Area Medical Clinic
Project Description: Eleven Nursing students rotated throughout a variety of stations during a Women’s Health Screening Event. The students assessed patient’s height, vital signs, blood pressure, body fat and lipids, along with assisting individuals with skin cancer screenings. This event served over 200 uninsured and underinsured women.

Free Skin Screening
Instructor: Lynda Rastall & Marne Sterzing
Program: Associate Degree Nursing
Community Partner: Bay Area Medical Center
Project Description: Fifteen Nursing students provided free skin screenings open to any member of the community. The students also provided education for the patients and worked closely with the medical providers performing the examinations.

NWTC Blood Drives
Instructor: Karla Sampselle, Selina Becker
Program: Medical Assistant
Community Partner: American Red Cross
Project Description: Forty Medical Assistant students coordinated and staffed two blood drives on the NWTC campus. The students worked with the American Red Cross to greet and register donors, aid nurses in the donation process, and maintain the refreshments and cantina area.

Marinette Foot Care Clinics
Instructor: Lynda Rastall & Jane Swanson
Program: Associate Degree Nursing
Community Partner: Marinette Sr. Center
Project Description: Eleven Nursing students provided foot care to residents of the Marinette Sr. Center. Students also provided a medical assessment of the client’s feet while educating them about continued appropriate foot health care.

Mental Health Community Experience
Instructor: Jane Swanson
Program: Associate Degree Nursing
Community Partner: Anthony House, Cross Roads, Rennes East, Marinette County Group Homes
Project Description: As a course requirement, sixteen students were exposed to adults and children in need of mental health services, therapeutic conversation, and evaluation. As a result, patients received an opportunity to have safe interactions and receive mental health care.
Fall Cardiac Screening  
**Instructor:** Jane Swanson  
**Program:** Associate Degree Nursing  
**Community Partner:** Bay Area Medical Clinic  
**Project Description:** Eight students from Clinical Care Across the Lifespan assisted with cardiac screenings during the fall semester. The students learned how to provide clinical nursing concepts and therapeutic interventions for clients.

Twin Counties Free Clinic  
**Instructor:** Rhonda McClain & Jane Swanson  
**Program:** Associate Degree Nursing  
**Community Partner:** Twin Counties Free Clinic  
**Project Description:** Eight Nursing students volunteered with the medical professionals of the Twin Counties Free Clinic to assess patient history, help diagnose ailments or illnesses, educate patients about medications, and share preventative education with the patients.

Elementary Vision Screenings  
**Instructor:** Jane Swanson  
**Program:** Associate Degree Nursing  
**Community Partner:** Park Elementary & Garfield Elementary  
**Project Description:** Eight Nursing students screened children at Park Elementary and Garfield Elementary to detect vision problems and prevent blindness. The students also provided education for the children regarding ways to maintain healthy vision.

Sun Valley Homes II Vision Screenings  
**Instructor:** Jane Swanson  
**Program:** Associate Degree Nursing  
**Community Partner:** Sun Valley Homes II  
**Project Description:** Eight Nursing students screened seniors at Sun Valley Homes II to detect vision problems and prevent blindness. The students also provided education for the seniors about ways to maintain healthy vision.

Head Start Clinics  
**Instructor:** Tina Broderick & Jennifer Galbraith  
**Program:** Medical Assistant  
**Community Partner:** Family & Child Learning Centers of N.E.W., Inc.  
**Project Description:** Eight students supported the Family & Child Learning Centers of N.E.W., Inc. by providing children with vision, hearing, height, and weight measurements required by the state of Wisconsin.

Elementary Hearing and Vision Screenings  
**Instructor:** Lori Juza  
**Program:** Associate Degree Nursing  
**Community Partner:** Green Bay School District  
**Project Description:** Four Nursing students applied concepts from their Clinical Care Across the Lifespan course to provide hearing and vision screenings for select Green Bay School District elementary schools.

The Einstein Project  
**Instructor:** Selena Backer  
**Program:** Medical Assistant  
**Community Partner:** The Einstein Project  
**Project Description:** Twelve Medical Assistant students volunteered at the Einstein Project Science Expo to educate children in the community on the composition of their blood cells. The children learned the components of cells by completing hands on projects at the event.
Patient Care Facility Volunteering
Instructor: Darrell McGill
Program: Diagnostic Medical Sonography
Community Partner: Various Patient Care Facilities
Project Description: Ten Diagnostic Medical Sonography students volunteered at various patient care facilities including nursing homes, hospice, home care, hospitals, or other caregiver services.

Head Start Fluoride Varnish Clinic
Instructor: Lynn Kettenhofen & Jan Mauel
Program: Dental Hygienist
Community Partner: Head Start of Green Bay
Project Description: Fifteen Dental Hygiene students provided 542 fluoride varnish treatments to underserved children at Head Start of Green Bay. The students also provided education for attendees regarding healthy food choices that are available to low income families.

Sealant Clinics
Instructor: Lynn Kettenhofen & Jan Mauel
Program: Dental Hygienist
Community Partner: Ministry Door County Medical Center
Project Description: Fifteen Dental Hygiene students provided over 120 sealants to children at Sawyer Elementary and Sunrise Elementary Schools.

Oral Health Education
Instructor: Lynn Kettenhofen
Program: Dental Hygienist
Community Partner: Green Bay Area School District, Learning for Intendance, St. Vincent’s Cancer Services & the Boy’s and Girl’s Club
Project Description: Sixteen Dental Hygiene students provided oral health and cancer education to at risk teens and developmentally disabled students through a series of educational programs.

AARP CarFit
Instructor: Chuck Castleberg
Program: Physical Therapist Assistant
Community Partner: AARP
Project Description: Thirty-one Physical Therapist Assistant students hosted a CarFit event, which is an AARP educational program offering older adults the opportunity to have their personal vehicle assessed for proper ergonomic adjustments.

N.E.W. Dental Clinics
Instructor: Lynn Kettenhofen, Sheila Gross & Laurie Fischer
Program: Dental Assistant
Community Partner: N.E.W. Clinic
Project Description: Thirty Dental Hygiene students and 16 Dental Assistant students provided preventative and restorative services to underserved populations through the N.E.W. Clinic at little to no cost. During the spring semester alone, over $230,000 worth of services were provided.

Ergonomic Assessments
Instructor: Chuck Castleberg
Program: Physical Therapist Assistant
Community Partner: Cerebral Palsy, Inc.
Project Description: Ten Physical Therapist Assistant students performed ergonomic workstation assessments for employees at the CP Center. The assessments ensure that a worker’s station is ergonomically designed to minimize the risk of injury and maximize productivity.
Battle of the Bands
Instructor: John Flannery
Program: Law Enforcement
Community Partner: Local Law Enforcement
Project Description: Working alongside local law enforcement officers, five students provided security for the Battle of the Bands event held at the Riverside Ballroom. Off duty officers from various agencies organized and ran the event to showcase local bands from the area.

Pulaski High School Football
Instructor: John Flannery
Program: Law Enforcement
Community Partner: Pulaski High School
Project Description: Eight students served as security for home football games at Pulaski High School under the supervision of the Pulaski Police Department. The students gained valuable knowledge in traffic and crowd control.

Home Depot Kids Event
Instructor: John Flannery
Program: Law Enforcement
Community Partner: Home Depot
Project Description: Three Law Enforcement Program students volunteered their time to fingerprint children at the Home Depot Kids Event. The students also provided education on fingerprinting and criminal justice.

Kid’s Autumn Adventure Security
Instructor: John Flannery
Program: Law Enforcement
Community Partner: Bay Beach Wildlife Sanctuary
Project Description: Five Law Enforcement students volunteered to perform general security duties, traffic control, and parking control during the Kids Autumn Adventure event sponsored by the Optimists Club.

Green Bay Hispanic Festival
Instructor: John Flannery
Program: Law Enforcement
Community Partner: Green Bay Police Department
Project Description: Eight students partnered with the Green Bay Police Department to serve as security personnel for the Hispanic Festival in Downtown Green Bay.

Underage Alcohol Enforcement
Instructor: John Flannery
Program: Law Enforcement
Community Partner: Green Bay Police Department
Project Description: Six Criminal Justice students worked with officers from the Green Bay Police Department by taking part in underage alcohol compliance checks with several area liquor stores.

Homecoming Parade Security
Instructor: John Flannery
Program: Law Enforcement
Community Partner: City of Oconto Falls Police
Project Description: Four Law Enforcement Program students volunteered as traffic control and general security during the Oconto Falls Homecoming Parade.

Surveillance Assignment
Instructor: Mike Knetzger & John Flannery
Program: Law Enforcement
Community Partner: Green Bay Police Department
Project Description: Six students assisted the Green Bay Police Department in performing covert surveillance of a local high school due to an increasing amount of property vandalism.

Celebrate De Pere
Instructor: John Flannery
Program: Law Enforcement
Community Partner: De Pere Police Department
Project Description: Ten students worked alongside police officers from various agencies to perform general security duties at the Celebrate De Pere festival.

Brown County Fair Security
Instructor: John Flannery
Program: Law Enforcement
Community Partner: Brown County Sheriff’s Department
Project Description: Ten students worked alongside deputies from the Brown County Sheriff’s Department to perform general security duties for the Brown County Fair.
Instructor: Tony Sticha
Program: Landscape Horticulture
Community Partner: Joliet Park Neighborhood Association, Bay Beach Wildlife Sanctuary, NWTC, Green Bay Botanical Gardens

Forty-three students in Principals of Landscape Design and Graphics, Advanced Landscape Installation, and Introduction to Landscape Installation completed the following projects:

- Joliet Park design and landscaping.
- Bay Beach Wildlife Sanctuary landscape design to increase ease of access for those with disabilities.
- NWTC Apprenticeship Center patio design.
- NWTC Horticulture Center landscaping.
- Green Bay Botanical Gardens rebuild of a failing retaining wall.
Habitat ReStore Project
Instructor: Wendy Follett
Program: Architectural Technology
Community Partner: Habitat ReStore
Project Description: The Greater Green Bay Habitat ReStore benefits the local community by providing low cost building materials, while bringing in funds to support the construction of homes in Brown County. Sixteen students worked with Restore staff to process donations and find products for customers.

Hydraulic Troubleshooting and Repair
Instructor: James DeMeuse
Certificate: Plant Engineering–Mechanical Maintenance
Community Partner: Local Community Organizations
Project Description: Twenty-three students from the Marinette campus of NWTC diagnosed and repaired multiple machines for local community organizations. The repairs were used as a teaching and learning activity within their Mechanical Maintenance course.

Oconto County Bike Racks
Instructor: Jon Russell
Program: Welding
Community Partner: Oconto County
Project Description: Six students in the Welding program fabricated six bike racks for the Oconto County Bike Trail.

Non-Perishable Food Competition
Instructor: Wendy Follett
Program: Architectural Technology
Community Partner: Shared Harvest Food Pantry
Project Description: Ten Welding students built, painted, and installed new welding booths for Green Bay Preble High School’s welding department during the fall semester.

Preble Welding Department Renovations
Instructors: Wayne Haines & Scott Massey
Program: Welding
Community Partner: Green Bay Preble High School
Project Description: Twenty students in the Gas Utility and Construction Program removed 12 stumps and trenched a water line for the Green Bay Botanical Gardens.

Tree Stump Removal and Waterline Trenching
Instructors: Jason Nelson
Program: Gas Utility Construction and Service
Community Partner: Green Bay Botanical Gardens
Project Description: Using two aerial lift trucks, sixteen students hung lights on structures in the Botanical Gardens for the Garden of Lights event. The students also removed the lights during the spring semester.
**Sprinkler Installations**  
**Instructor:** Robert Bartels  
**Program:** Fire Protection and Engineering Technology  
**Community Partner:** NWTC Marinette Campus  
**Project Description:** Twelve students applied wet systems blueprint creating and reading concepts by installing wet systems sprinklers throughout NWTC’s Marinette campus. The students gained competencies such as threading and cutting pipe, installing the sprinkler systems, and experienced using multiple tools.

**Diesel Repairs**  
**Instructor:** Steve Bretl, Jack Rein, John Sowle & Dave Richards  
**Program:** Diesel Equipment Technology  
**Community Partner:** Local Community Organizations  
**Project Description:** Forty students incorporated applications learned within lab assignments by repairing large diesel equipment for members of the Sturgeon Bay community. Community partners included Habitat for Humanity, Shocks Dairy, Sturgeon Bay Police/Fire Department, Service Motors, Rolland Machines, and local private farmers.

**Snow Plow Repair**  
**Instructor:** Kevin King  
**Program:** Electrical Engineering Technology  
**Community Partner:** NWTC Automotive Alumni Student  
**Project Description:** Three Electrical Engineering students repaired a snow plow connector for an NWTC Automotive Alumni student. The students learned how to source a replacement connector, and fabricate an extension to avoid repeat failure.

**Utility Simulation Lab**  
**Instructor:** Tony Van Egeren  
**Program:** Electricity  
**Community Partner:** NWTC  
**Project Description:** Nineteen students installed electrical service equipment for eight small buildings located on the NWTC Electrical Power Distribution training field. The buildings simulate a neighborhood, and are used as a training facility for several programs within the Trades and Engineering Technology division.

**Machine Tool CNC Projects**  
**Instructors:** Jerry Rowland, Ed Kippley, Jim Berceau, Matt Schmelzer & Chase Clover  
**Program:** Machine Tool CNC Technician  
**Project Description:** Eight Machine Tool students created stainless steel bolts for Solar Technology projects, car show trophies for the Auto Club, specialized parts for student capstone projects, a crankshaft puller for the Automotive program, and machined a vice handle and tig cups for the welding program over the course of the 2013-2014 academic year.

**Wildlife Sanctuary Trail Signs**  
**Instructor:** Joe Barker & Troy Giese  
**Program:** Manufacturing Engineering Technology  
**Community Partner:** Green Bay Wildlife Sanctuary  
**Project Description:** Twelve Manufacturing and Engineering Technology students programmed, machined, and installed new signs for the Green Bay Wildlife Sanctuary’s public walking trails.

**Aspiro Productivity Designs**  
**Instructor:** Bob Weekes & Bryan Guns  
**Program:** Mechanical Design Technology  
**Community Partner:** Aspiro  
**Project Description:** Fifty Mechanical Design students designed and assembled several devices for Aspiro including: elbow petals for sewing machines, a cotton rope winding device, a plastic band cutting device, and an air filter cutting device. These devices are easier for Aspiro employees to operate and increase productivity.

**Aspiro Sewing Machine Parts**  
**Instructor:** Jerry Rowland & Jim Berceau  
**Program:** Machine Tool Operation  
**Community Partner:** Aspiro  
**Project Description:** Five Machine tool students created and donated parts for specialized sewing machine pedals to Aspiro. Students created clamps, clevises, switchblades, and other sewing machine parts. Mechanical Design students designed the elbow pedals for Aspiro clients and employees that are unable to operate foot pedals.
Wildlife Sanctuary Water Testing
Instructor: Laura Gerold
Program: Environmental Engineering-Waste & Water Technology
Community Partner: Bay Beach Wildlife Sanctuary
Project Description: Eleven Water & Wastewater Analysis students performed water sampling for the Bay Beach Wildlife Sanctuary due to a rapid increase in fish mortality. The students completed a series of ongoing water samples, then prepared reports on their results for the sanctuary.

Welding Donations
Instructor: Jacob Thonne
Program: Welding
Community Partner: Jim Keyzers Benefit
Project Description: Jim Keyzers, the Facilities Manager of the Wausaukee School District, fell at home in 2013 and suffered a brain injury. Ten NWTC Welding students chose to become involved in a benefit for Jim by donating pieces they created within their welding course as raffle prizes. Students created metal flowers, wildlife garden stakes, garden creatures, fire pit rings and more to help raise funds for the family.

Welding Repairs
Instructor: Dale Lange, Tom Topper & Dan Strauss
Program: Welding – Marinette
Community Partner: Multiple Local Organizations
Project Description: Twelve Welding students in Marinette repaired various objects and equipment for multiple community members and organizations during the 2013-2014 academic year.

Mine Resistant Ambush Protected (MRAP) Vehicle Modifications
Instructor: John Schaefer & Doug Tennant
Program: Welding
Community Partner: Brown County Sheriff Department
Project Description: Twenty students in the Welding program designed and installed modifications on a Brown County armored vehicle. The students installed bench seats, created a platform for the county’s bomb diffusing robot, and made several other modifications to the vehicle.

Energy Performance Analysis
Instructor: Chip Bircher
Program: Energy Management
Community Partner: NWTC
Project Description: Three Energy Management students performed an energy analysis of the NWTC Data Center. The students used thermography cameras and air flow equipment to complete the assessment, then compiled and presented a full energy report for the Facilities Group, IIT staff and other stakeholders.

Mason Street Solar Project
Instructor: John Hippensteel
Program: Solar Energy Technology
Community Partner: NWTC
Project Description: Fifteen students from Photovoltaic Advanced and Solar Advanced Systems Design completed and installed five large solar flares, each resembling a flower. The ‘Solar Garden’ provides power for the NWTC campus.
**Boundary Survey and Topographic Map**  
*Instructor:* Ricky Vangoethem  
*Program:* Civil Engineering  
*Community Partner:* City of Green Bay  
*Project Description:* Ten Civil Engineering students surveyed the boundaries of Holy Martyrs School and drafted a topographic map of the property.

**NWTC Lot A Solar Installation**  
*Instructor:* John Hippensteel  
*Program:* Solar Energy Technology  
*Community Partner:* NWTC  
*Project Description:* Fifteen Solar Energy Technology students completed and installed three solar panels near Lot A of NWTC. The installation provides energy to the main campus, and also a learning opportunity for present and future students.

**Botanical Gardens Solar Thermal Project**  
*Instructor:* John Hippensteel  
*Program:* Solar Energy Technology  
*Community Partner:* Green Bay Botanical Gardens  
*Project Description:* Fifteen students in Solar Thermal Design and Solar Advanced Systems Design completed and installed Solar Thermal Technology at the Botanical Gardens. The installation offset greenhouse heating costs for the gardens by 35-50%.

**Irrigation System Winterizing**  
*Instructor:* Jeff Gricar  
*Program:* Gas Utility Construction and Service  
*Community Partner:* Green Bay Botanical Gardens  
*Project Description:* Eight Gas Utility students drained the irrigation systems for the Botanical Gardens during the fall semester. The students gained experience using air compressors to remove any water from the lines that would freeze during the winter months.

**Encompass Game Consoles**  
*Instructor:* Joe Barker, Tom Martin, Dave Kacynski, Ed Kralovec & Ronald Ropson  
*Program:* Electrical Engineering Technology  
*Community Partner:* Encompass Early Education & Care, Inc.  
*Project Description:* Three Electrical Engineering capstone students designed and created three game consoles for Encompass Childcare in Green Bay. The students created Whack a Mole, Simon Says, and Memory style game consoles for the children educated by Encompass.
CO-CURRICULAR PROJECTS

Adults on Course for Excellence And Success
Project: ACES Book Closet
Community Partner: NWTC
Project Description: The ACES Book Closet serves to provide educational materials and textbooks for students who might not otherwise be able to afford books. Students are able to donate their used textbooks, build camaraderie, show compassion, and help others along the way.

Advanced Technology Club
Project: Engineering Open House
Community Partner: NWTC
Project Description: Fifteen members of the Advanced Technology Club functioned as greeters and escorts for individuals and families attending the Engineering Open House. The club volunteers discussed a variety of topics with members of the community regarding the numerous programs available to new students, program transfer options, and career choices.

Advanced Technology Club
Project: Robot Building
Community Partner: NWTC
Project Description: Three members of the Advanced Technology Club purchased and built robots to showcase at the Engineering Open House. Students used the robot demonstrations as a platform for education and fun during the open house.

Automotive Club
Project: Automobile Donation
Community Partner: House of Hope
Project Description: Sixty members of the NWTC Auto Club rehabilitated a 2006 Ford Fusion and presented the car as a donation at their annual auto show to the House of Hope. House of Hope is a Green Bay shelter for homeless pregnant and parenting women.

Ballroom Dance Club
Project: Bowl-A-Thon
Community Partner: YWCA After School Program
Project Description: Eight members of the Ballroom Dance Club raised sponsorships to participate in the YWCA’s Bowl-A-Thon. Students also donated funds and supplies to the YWCA’s After School Program.

Ballroom Dance Club
Project: Salvation Army Bell Ringing
Community Partner: Salvation Army
Project Description: Four members of the Ballroom Dance Club rang bells for the Salvation Army, raising money for families struggling to provide for basic needs.

Collegiate DECA
Project: Africa Hope Run
Community Partner: Spring Lake Church
Project Description: Six hundred runners participated in the fourth annual Africa Hope Run on October 19, 2013. Ten members of NWTC DECA were onsite during this fundraiser to serve food and refreshments, and also assist with the set up and take down of tables and signage.

Phi Theta Kappa
Project: Tech Savvy Event
Community Partner: Brown County Public Libraries
Project Description: Eight members of the Phi Theta Kappa organized and facilitated a Tech Savvy Workshop event offering free one-on-one tutoring for computers and other electronic devices. The primary goal of the event was to help local individuals improve their computer literacy, general knowledge of computer usage, and technical skills. The students also raised awareness of free products and services that are available to the public.
Ballroom Dance Club
Project: Christmas Caroling and Dancing
Community Partner: San Luis Rehabilitation Center
Project Description: Four members of the Ballroom Dance Club organized and participated in a Christmas caroling and dancing program for residents of San Luis Rehabilitation Center. The club members taught residents to ballroom dance and organized various activities to spread cheer for the holidays.

Ballroom Dance Club
Project: Clowning Around
Community Partner: St. Vincent Hospital
Project Description: Four members of the Ballroom Dance Club created valentines for patients hospitalized at St. Vincent, then dressed as clowns to distribute the cards and dance for the patients. The Clowning Around event was designed to uplift local patients and hospital staff.

Ballroom Dance Club
Project: Book Drive
Community Partner: The Next Door Foundation, Milwaukee
Project Description: Eight members of the Ballroom Dance Club organized and managed donation boxes throughout campus for students and faculty members to donate books to the foundation.

Business Professionals of America
Project: Operation Write Home
Community Partner: NWTC - Green Bay BPA
Project Description: Seven members of the NWTC Green Bay BPA Chapter coordinated Operation Write Home, giving participants the opportunity to create hand-made cards for members of our military currently serving overseas. Over 150 cards were created and sent to servicemen and women.

Asian American Student Association
Project: Asian Heritage Celebration
Community Partner: NWTC
Project Description: Sixteen students in the AASA organized a celebration to embrace and raise Asian heritage awareness throughout NWTC and the community. Members of the club presented aspects of their culture in ways such as singing, dancing, and sampling traditional Asian foods. Guest speaker, Jim Harris, encouraged youth to develop pride in their ethnic heritage.

Collegiate DECA
Project: Holiday Sale
Community Partner: NWTC - Shared Harvest
Project Description: Six members of NWTC DECA held a holiday sale to benefit Shared Harvest, the NWTC student food pantry. The sale featured popcorn and holiday baked goods prepared and donated by the club members.

Commonality Project
Project: The Me that People Don’t See
Community Partner: NWTC
Project Description: The Commonality Project is an organization that believes in people, not stereotypes. Club members set up a photo booth where students and faculty could take a photo holding a chalkboard with handwritten ways that they are stereotyped or unique. The pictures were posted on the club’s Facebook page to break down barriers and stereotypes.

Dental Hygiene Club 380
Project: Mission of Mercy
Community Partner: Wisconsin Dental Association
Project Description: Six members of NWTC’s Dental Hygiene Club volunteered their time and expertise for Mission of Mercy. Mission of Mercy focuses on providing free, critical dental care with a high priority on treating patients in pain and with infections.

Dental Hygiene Club 390
Project: Sealant Clinic
Community Partner: Coleman Community
Project Description: Thirteen members of the Dental Hygiene Club placed sealants and provided hygiene education for children in the Coleman community whose families struggle with low socioeconomic statuses.
Diesel Club
Project: Highway Cleanup
Community Partner: Door County
Project Description: Twenty-two members of the Diesel Club in Sturgeon Bay hosted their semiannual two mile cleanup of Highway 57 in Sturgeon Bay.

Energy and Conservation Club
Project: TerraCycle Brigade
Community Partner: TerraCycle
Project Description: TerraCycle provides free waste collection programs for hard to recycle materials. They then turn the waste into affordable green products. Ten members of the Energy and Conservation Club organized collections of cigarette butts and energy bar wrappers to be recycled for use in a variety of products.

Farm Business Association
Project: Farmers Feeding Families
Community Partner: Local Food Pantries
Project Description: Fifteen members of the Farm Business Association collaborated with 4-H clubs in Oconto County to distribute Farmers Feeding Families collection boxes throughout 14 different rural sites. 420 food items were collected between the sites, which were delivered to various food pantries.

Fire Protection Club
Project: Rainbow House Fundraiser
Community Partner: Rainbow House
Project Description: Twenty members of the Marinette Campus Fire Protection Club raised funds for donation to the Rainbow House. The Rainbow House advocates for victims of domestic abuse, providing them with food, shelter, support, and advocacy.

Global Connections Student Association
Project: Global Stories Project
Community Partner: NWTC
Project Description: Ten students in the Global Connections Student Association created and currently manage a blog for international and local students to share their stories, experiences, and cultural background with the world. Students learn different cultural perspectives, lifestyles, habits, and beliefs.

Global Connections Student Association
Project: Light Bulb Exchange
Community Partner: NWTC
Project Description: The NWTC Energy Conservation Club set up a station in the NWTC Commons for community members to exchange outdated or inefficient light bulbs for new, compact fluorescent light (CFL) bulbs at a reduced price.

Horticulture Club
Project: Neville Museum Clean Up
Community Partner: Neville Public Museum
Project Description: Four members of the Horticulture Club organized a cleanup for the Neville Public Museum where the students removed weeds, pruned trees, planted bulbs, and cut back perennials, improving the plant’s overall health.

Garden of Lights Service Project
Community Partner: The Botanical Gardens
Project Description: Four members of the Horticulture Club volunteered at the Green Bay Botanical Garden of Lights event by helping park cars and direct traffic for the event.

Gerontology Club
Project: Bingo Night
Community Partner: McCormick Assisted Living
Project Description: Five members of the Gerontology Club came together to give the residents of McCormick Assisted Living a time to socialize, play bingo, and win prizes. The students were able to help residents participate, and relate concepts learned within their program to the activities.
**Intervarsity**

**Project:** Assisted Living Christmas Caroling  
**Community Partner:** Bishop Court Assisted Living  
**Project Description:** Six members of NWTC’s Intervarsity club put on an annual Christmas program for residents at Bishop Court Assisted Living. The students joined along with the Assisted Living Program’s musical group called the “Musical Hearts” and went caroling throughout the facility.

**Intervarsity**

**Project:** Career Closet Clothing Drive  
**Community Partner:** NWTC  
**Project Description:** Six members of NWTC’s Intervarsity club organized a clothing drive for NWTC’s Career Closet. The Career Closet provides free interview clothing to any enrolled NWTC student.

**Medical Laboratory Technicians**

**Project:** Zoo Boo  
**Community Partner:** NEW Zoo  
**Project Description:** Ten members of the Medical Laboratory Technicians Club volunteered for the Zoo Boo event at the NEW Zoo. Members provided a safe trick-or-treating environment for the children and families who attended the event.

**Prototype & Design Club**

**Project:** Dale Preston Memorial Bench  
**Community Partner:** City of Green Bay  
**Project Description:** Fifteen members of the Prototype and Design Club researched, designed, and produced a bench in memory of Dale Preston, a Green Bay city planner. The bench was created with sustainable materials and tested for durability.

**Student Veterans Association**

**Project:** Patriot Smiles  
**Community Partner:** Camp Hometown Heroes  
**Project Description:** Camp Hometown Heroes is a free, annual, week-long overnight summer camp for children and younger siblings of fallen U.S. service members. NWTC SVA Club members teamed up with Supply Chain Management students to organize Patriot Smiles, a three-part service project that sent children to Camp Hometown Heroes, created care packages for service members, and sent letters to troops overseas.

**Photography Club**

**Project:** MDA Walk  
**Community Partner:** Muscular Dystrophy Association  
**Project Description:** The MDA Muscle Walk is an annual event that raises money to send kids with muscular dystrophy to a week-long summer camp, and also funds research to find cures for muscular dystrophy. Six members of the photography club photographed the event, then edited and donated the photos to the MDA.

**Respiratory Care Club 790**

**Project:** N.E.W. Bus Passes  
**Community Partner:** N.E.W. Clinic  
**Project Description:** Fifteen members of the Respiratory Care Club 790 raised money to donate bus passes for patients in need of transportation to and from the N.E.W. Clinic, particularly those who might not otherwise be able to afford the transportation.

**Sexuality and Gender Alliance (SAGA)**

**Project:** Night of Noise  
**Community Partner:** Harmony Café  
**Project Description:** Five members of Sexuality and Gender Alliance served at the Harmony Café Night of Noise celebration by helping with activities as well as general event assistance.

**Society of Manufacturing Engineers**

**Project:** Paul’s Pantry Food Drive  
**Community Partner:** Paul’s Pantry  
**Project Description:** Five members of the Society of Manufacturing Engineers organized an ongoing food drive for Paul’s Pantry. The students gathered nonperishable food items for Paul’s Pantry, which supports members of the community struggling to afford food for their families.

**Welding Club**

**Project:** NEW Zoo Commemorative Frames  
**Community Partner:** NEW Zoo  
**Project Description:** Ten Welding Club members designed and constructed stainless steel frames for the NEW Zoo’s commemorative bricks.
Make a Difference Day  
**Community Partner:** Volunteer Center of Brown County  
**Project Description:** One staff member attended multiple event planning meetings for Make a Difference Day, an event held by the Volunteer Center of Brown County to encourage volunteerism throughout the community. Event volunteers provided services for the community such as making holiday cheer cards, raking leaves for those with limited mobility, and hosting a Halloween Ball for an assisted living community.

Curriculum Development  
**Community Partner:** Bayshore Community Academy, Oneida Nation High School  
**Project Description:** One NWTC Faculty member donated his time and expertise to local schools in need of assistance in curriculum development by adapting faculty submitted labs to the middle school level.

Career Day Seminars  
**Community Partner:** Washington Middle School, Bayshore Community Academy, Waukesha Elementary Schools  
**Project Description:** One NWTC Faculty member presented at multiple career day seminars for local schools. The purpose of the seminars was to show ways of exploring microbiological science with ease inside and outside of the classroom.

Student Services Leadership Team Build  
**Community Partner:** NeighborWorks  
**Project Description:** Sixteen Student Services team members participated in landscaping activities benefitting NeighborWorks. Team members completed tasks like raking river stone back into place, planting 120 new plants, and watering the plantings.

Learning Solutions Team Build  
**Community Partner:** NeighborWorks  
**Project Description:** Nine Staff members in Learning Solutions organized a team building activity benefitting NeighborWorks in Green Bay. The team participated in landscaping activities and plantings.

Global Youth Service Day  
**Community Partner:** NWTC, Bellin Health  
**Project Description:** Two Service-Learning team members organized a Cards for Hospitalized Children event for Global Youth Service Day. NWTC students and community members had the opportunity to create a card of encouragement for a local hospitalized child. Over 30 cards were created during this event.
