Encouraging volunteerism
Connecting learning to the real world
Fostering civic responsibility

Northeast Wisconsin Technical College

Service-Learning

Authentic Service-Learning Projects

2010-2011
Authentic Service-Learning Defined

Service-Learning at NWTC:
• Is integrated into and enhances the curriculum providing an opportunity for students to apply skills learned in their courses, programs, or certificates.
• Is a method of teaching and learning.
• Requires student reflection.
• Connects learning and assessment to the real world.
• Fosters civic responsibility.
• Addresses a community issue and/or enhances community development.
• Is mutually beneficial to the learner and the community.

Summary

Authentic Projects by Department:
Business and Information Technology: 108
Community and Regional Learning Services: 15
General Studies: 54
Health Sciences: 49
Public Safety: 19
Trades and Engineering Technologies: 53
Total Number of Authentic Projects: 298

Co-Curricular: 27
Faculty/Staff: 6
Total Number of Co-Curricular and Faculty/Staff Projects: 33

Total Number of Projects: 331
Total Number of Times NWTC Students Participated in Service-Learning: 3,936
Total Hours of Service: 45,661
NWTC Service-Learning

Over the course of the 2010-2011 academic year, NWTC students from every academic department participated in 298 authentic Service-Learning projects and 27 co-curricular service projects. These opportunities allowed them to apply their knowledge and skills to positively impact community members. Some of the Service-Learning opportunities were one-time events, while others recur year after year.

Table of Contents

2-10  Business and Information Technology
11-13  Community and Regional Learning Services

Americans for the Arts 2007 Arts and Economic Prosperity III report found creative industries are responsible for nearly $30 billion in revenue nationwide while local, state, and federal governments together spend less than $4 billion annually on the arts. According to the Wisconsin Arts Board, the state’s nonprofit arts and culture sector alone supports more than 15,000 full-time job equivalents and is responsible for over $418 million in economic activity annually. In 2009, a delegation from NWTC toured a variety of communities dependent on cultural tourism. These towns echoed Americans for the Arts’ conclusions – funding for the arts promotes uniqueness and differentiation, small business development, and increased tourism.

The NWTC Artisan and Business Center was created based upon these findings. The Center supports traditional program students wanting a creative outlet to enhance their learning, Residents with time to pursue an interest in the arts and a desire to earn supplemental income, and displaced workers seeking to capitalize on their artistic abilities and reinvent themselves in a challenging job market. The facility began offering credit and non-credit courses in ceramics, quilting, woodturning and entrepreneurial skills training in January 2011. NWTC will form strategic partnerships with arts-focused agencies to foster appreciation for and participation in the arts across Northeast Wisconsin.

An NWTC Event Marketing class worked with Service-Learning Team members to plan, market and staff the facility’s ribbon-cutting ceremony, which took place April 29, 2011. The class split into teams to focus on one or two aspects of the event. The grand opening featured speeches by Simon Levin, an internationally renowned potter who helped design the ceramics curriculum; Former Lt. Governor Barbara Lawton; Green Bay Mayor Jim Schmitt; and NWTC leadership. Instructors were also on hand to demonstrate clay, woodturning, longarm quilting, papermaking, and upholstery techniques as well as answer questions about running a successful microbusiness.
International Student Service-Learning Internships

Program: Various
Community Partner: Various
Area Served: Brown County
Project Description: As a part of a scholarship program, each visiting international student completed an unpaid internship of at least 60 hours related to his/her field of study. Partnerships housed under Business and Information Technology included:

- Accounting: NWTC Foundation and Finance departments
- Hotel and Restaurant Management: Bridgeport Waterfront Resort Food Services, Inc.
- Marketing and Graphic Communications: NWTC Student Life
- Supply Chain Management: Lubenow Logistics LLC Leicht Transfer & Storage

NWTC students involved in project: 6

NWTC Health Fair

Program: Paralegal
Instructor: Beth Pless
Community Partner: NWTC
Area Served: Brown County
Project Description: Paralegal students drafted power of attorney, will, and living will documents that could be used by people who would not otherwise have access to legal counsel.
NWTC students involved in project: 23

Green Bay Botanical Garden Promotion

Program: Digital Media Technology
Instructor: Chris Kuborn
Community Partner: Green Bay Botanical Garden
Area Served: Brown County
Project Description: Students visited the gardens weekly to collect footage for promotional segments about upcoming events, which were included in “TC Weekly” video podcasts produced by the class.
NWTC students involved in project: 2

Video Production for Fox Valley Symphony

Program: Digital Media Technology
Instructor: Chris Kuborn
Community Partner: Fox Valley Symphony (Appleton WI)
Area Served: Outagamie County
Project Description: Students attended a Friday night rehearsal and concert at the Fox Cities Performing Art Center in Appleton, collecting footage of the performances and interviewing musicians and attendees about the importance of music. The organization posted six segments produced by students to their website.
NWTC students involved in project: 6

Audio Book Recording

Program: Digital Media Technology
Instructor: Chris Kuborn
Community Partner: Literacy Green Bay
Area Served: Brown County
Project Description: Literacy Green Bay helps adults and families enhance their reading, writing, math, English language, computer and workforce skills. The class recorded Oral Communication students reading selections from Literacy Green Bay’s resource library and created audio books to help beginning level learners recognize the rhythms and sounds of the English language.
NWTC students involved in project: 8

Public Service Announcement - Radio Ads

Program: Digital Media Technology
Instructor: Chris Kuborn
Community Partner: Brown County Alcohol and Other Drug Abuse (AODA) Council
Area Served: Brown County
Project Description: Students developed audio public service announcements to communicate the prevalence of binge drinking in Northeast Wisconsin and challenge residents to take pride in other aspects of our culture.
NWTC students involved in project: 16

TC Weekly - Spring 2011

Program: Digital Media Technology
Instructor: Chris Kuborn
Community Partner: NWTC
Area Served: Northeast Wisconsin
Project Description: TC weekly is a student-produced program focusing on NWTC services, degree areas, and student life in general. In the Spring 2011 semester, two sections of Internet Broadcasting created 18 video podcasts; students worked on at least three production teams as well as on the show’s graphics, intros, outros, music, promotion and marketing.
NWTC students involved in project: 10

TC Weekly - Fall 2010

Program: Digital Media Technology
Instructor: Chris Kuborn
Community Partner: NWTC
Area Served: Northeast Wisconsin
Project Description: In the Fall 2010 semester, a section of Internet Broadcasting - Advanced students developed 12 TC Weekly video podcasts.
NWTC students involved in project: 10
Business and Information Technology

Marinette Health & Wellness Fair
Program: Administrative Professional
Instructor: Gail Schroeder
Community Partner: NWTC - Marinette Campus
Area Served: Marinette County
Project Description: Students created informational posters and prepared signage for the event, which allowed uninsured and underinsured children to receive important preventative health screenings.
NWTC students involved in project: 4

Pennies for Penny
Program: Leadership Development
Instructor: Gwen Noonan
Community Partner: Exceptional Equestrians
Area Served: Brown County
Project Description: Exceptional Equestrians provides therapeutic horseback riding for mentally and physically handicapped children. Students launched a campaign to help the organization raise $400 towards the purchase of Penny, a trained horse on loan to the facility.
NWTC students involved in project: 6

Doula Logo
Program: Marketing and Graphic Communications
Instructor: James Mullinax
Community Partner: A Labor of Love - Doula Services
Area Served: Northeast Wisconsin
Project Description: Students presented original logo designs to help the organization better market their services to expectant parents.
NWTC students involved in project: 10

Scott's Industrial Coatings Logo
Program: Marketing and Graphic Communications
Instructor: James Mullinax
Community Partner: Scott's Industrial Coatings
Area Served: Brown County
Project Description: Students developed multiple logo designs, which were presented to representatives of the growing local business.
NWTC students involved in project: 48

Volunteer Income Tax Assistance (VITA)
Program: Accounting
Instructor: Janet Dausey
Community Partner: United Way and Goodwill
Area Served: Marinette County
Project Description: Volunteer Income Tax Assistance (VITA) connects low-income individuals with free, confidential tax preparation and tax advice. Students established a center on campus which helped more than 100 people secure over $142,000 in state and federal refunds.
NWTC students involved in project: 13

Medical Instrument Photographing
Program: Digital Media Technology
Instructor: Jessica Norwood
Community Partner: NWTC-Surgical Technologist Program
Area Served: NWTC Green Bay Campus
Project Description: Students photographed medical instruments for the Surgical Technologist program at NWTC; a Photography-Digital Workflow class edited and cataloged the images at a later date.
NWTC students involved in project: 16

Photography Sessions
Program: Digital Media Technology
Instructor: Jessica Norwood
Community Partner: Various
Area Served: Green Bay
Project Description: At the end of each semester, students in Digital Photography-Advanced set up a studio and produce six to ten quality portraits for a variety of “clients” from half-hour shoots. The following sessions were completed during the 2010-2011 academic year: families (9), couples (3), children (6), models (4), pets (3), Wisconsin Public Radio headshots (10) and a writer (1).
NWTC students involved in project: 32

“The Memorial Wall of Hope & Healing” Photography
Course: Digital Photography-Advanced
Instructor: Jessica Norwood
Community Partner: Beacon House-Green Bay
Area Served: Brown County
Project Description: Beacon House offers holistic wellness services for patients dealing with long-term illnesses and their families. The organization sponsored a program which allowed 24 cancer patients or their survivors to create 10” x 10” mosaics, under the instruction of a local artist, which were displayed together on a traveling wall. The process allowed participants to express themselves and have control in a situation where they often felt helpless. Students photographed eight of the pieces; the images were edited by another course.
NWTC students involved in project: 16

Medical Instrument Photograph Editing
Program: Digital Media Technology
Instructor: Jessica Norwood
Community Partner: NWTC- Surgical Technologist Program
Area Served: NWTC Green Bay Campus
Project Description: Students edited images captured by a Digital Photography-Advanced class and loaded them onto Blackboard to aid Surgical Technologist students in learning to recognize different instruments.
NWTC students involved in project: 14
Green Bay Public Schools Skills for Independent Living Class
Program: Marketing
Instructor: John Maier
Community Partner: Green Bay Public Schools
Area Served: Brown County
Project Description: High school students organized an event which attracted 40 attendees featuring lunch; door prizes donated by 14 local businesses; and exhibits of other projects completed through the course. NWTC students involved in project: 12

Florence County Branding
Program: Marketing
Instructor: John Maier
Community Partner: Florence County
Area Served: Florence County
Project Description: Florence is Wisconsin’s smallest county; the economy has been suffering since the closing of several mills. Students created a brand which markets the area’s many ecotourism attractions through a two-year grant from the American Association of Community Colleges. NWTC students involved in project: 2

Christine’s Boutique Logo Development
Program: Marketing and Graphic Communications
Instructor: Jim Mullinax
Community Partner: Christine’s Boutique
Area Served: Brown County
Project Description: Students in the Macintosh Illustration class worked to create a new logo and business card layout to meet the client’s growing business needs. NWTC students involved in project: 2

Florence County Promotional Campaigns
Program: Marketing
Instructor: John Maier
Community Partner: Florence County
Area Served: Florence County
Project Description: Florence is Wisconsin’s smallest county; the economy has been suffering since the closing of several mills. Five Event Marketing student teams presented county officials with plans to increase awareness of ecotourism opportunities in the area. Three of these plans were carried to completion: developing a social media presence; hosting a summer festival to boost tourism; and participating in the Canocopia Trade Show to promote the area’s wild rivers. Work was completed as part of a two-year grant from the American Association of Community Colleges. NWTC students involved in project: 20

7th Annual NWTC Scholarship Scramble
Program: Marketing
Instructor: John Maier
Community Partner: NWTC Educational Foundation
Area Served: Brown County
Project Description: The golf scramble has been a tradition at NWTC since 2005. Students organized the event to fund scholarships for business-related programs at NWTC. NWTC students involved in project: 21

Walk to End Alzheimer’s
Program: Digital Photography Certificate
Instructor: Lisa Jansen
Community Partner: Alzheimer’s Association
Area Served: Brown County
Project Description: Students captured and edited images of the organization’s annual fund raising walk. NWTC students involved in project: 6
Almost Fre-Cycle  
Program: Administrative Professional  
Instructor: Kim Pigeon  
Community Partner: Northeast Wisconsin Technical College  
Area Served: NWTC Green Bay Campus  
Project Description: A group of NWTC staff organized an program to offer donated gently-used clothing and home goods at 25-cents each in the NWTC Commons, with proceeds benefitting the NWTC Foundation. Students assisted with the pre-work of sorting, folding and displaying clothes; planning the room layout; and providing customer service at the event.  
NWTC students involved in project: 24

Taste of Ashwaubenon Poster  
Program: Digital Photography Certificate  
Instructor: Lisa Jansen  
Community Partner: Ashwaubenon High School Jaguar Backers  
Area Served: Village of Ashwaubenon  
Project Description: Taste of Ashwaubenon is an annual event featuring the best of area restaurants to raises funds for academic and athletic activities at Ashwaubenon High School. Students in the Macintosh Image Editing class created promotional posters.  
NWTC students involved in project: 13

Beacon House Mosaic Photo Editing  
Program: Digital Photography Certificate  
Instructor: Lisa Jansen  
Community Partner: Beacon House  
Area Served: Brown County  
Project Description: Students edited photos of mosaics taken by a Digital Photography-Advanced class from the organization’s “Memorial Wall of Hope and Healing” project.  
NWTC students involved in project: 12

Applied Business Experience  
Program: Office Professional  
Instructor: Mary Cuene  
Community Partner: Various  
Area Served: Brown County  
Project Description: Students completed 40-hour internships and assisted the following organizations with entry-level administrative tasks: Edison Middle School, Green Bay Volunteer Center, Newcomers of Green Bay, Neville Public Museum, Village of Ashwaubenon, and YMCA of Green Bay.  
NWTC students involved in project: 15

Graduation Coins  
Program: Marketing and Graphic Communications  
Instructor: Mary Sue Fenner  
Community Partner: NWTC Public Safety  
Area Served: Brown County  
Project Description: NWTC’s Public Safety department gives commemorative coins to graduates of the Law Enforcement program and Police Academy as a reminder of their duties. Marketing and Graphic Communications students created designs for the coins.  
NWTC students involved in project: 15

Sports Buddies Brochures  
Program: Marketing and Graphic Communications  
Instructor: Mary Sue Fenner  
Community Partner: Big Brothers Big Sisters of Northeast Wisconsin  
Area Served: Green Bay  
Project Description: Big Brothers Big Sisters provides children who are facing adversity with strong and supportive one-to-one relationships that change their lives for the better. Students developed bookmarks and brochures recruiting male mentors for the Big Brothers Big Sisters Sports Buddies program.  
NWTC students involved in project: 16

Discovery Dating Course Materials  
Program: Marketing and Graphic Communications  
Instructor: Mary Sue Fenner  
Community Partner: Wise Women Gathering Place  
Area Served: Green Bay  
Project Description: Wise Women Gathering Place seeks to promote peace, respect, and belonging through educational programming and support services. Students redesigned all pieces of the organization’s Discovery Dating curriculum, which equips teens with the confidence to pursue healthy relationships.  
NWTC students involved in project: 15

Pediatric Resuscitation Device Branding Package  
Program: Marketing and Graphic Communications  
Instructor: Mary Sue Fenner  
Community Partner: NWTC Emergency Medical Technician Faculty  
Area Served: Brown County  
Project Description: NWTC Emergency Medical Technician faculty developed a guide, which is currently in use by a number of area emergency responders, to quickly determine the accurate dosage of common medications for children. Students presented multiple branding ideas so the device could be copyrighted and sold by its creators.  
NWTC students involved in project: 15

Shawano Community Education Logo  
Program: Marketing and Graphic Communications  
Instructor: Mary Sue Fenner  
Community Partner: Shawano Community Education  
Area Served: Shawano County  
Project Description: Shawano Community Education provides lifelong learning opportunities to the taxpayers who support the district’s public schools. NWTC students designed a logo and identity package for the organization.  
NWTC students involved in project: 16
Stock’s Harley Davidson T-Shirt
Program: Marketing and Graphic Communications
Instructor: Mary Sue Fenner
Community Partner: Stock’s Harley Davidson
Area Served: Northeast Wisconsin
Project Description: Students created t-shirt designs for charity events sponsored by the store.
NWTC students involved in project: 16

Wisconsin United Coalition of Mutual Assistance Association
Program: Marketing and Graphic Communications
Instructor: Mary Sue Fenner
Community Partner: Wisconsin United Coalition of Mutual Assistance Association
Area Served: Brown County
Project Description: Wisconsin United Coalition of Mutual Assistance is a consortium of 13 organizations across the state devoted to supporting the Hmong community and preserving their culture. Students designed WUCMAA’s calendar, which highlights Hmong festivals throughout the year.
NWTC students involved in project: 15

East High Craft Fair
Program: Marketing and Graphic Communications
Instructor: Mary Sue Fenner
Community Partner: East High School Parent Network
Area Served: Green Bay
Project Description: Students created postcard-sized promotional pieces and signage for East High School’s Craft Show.
NWTC students involved in project: 15

Parkour Marketing Package
Program: Marketing and Graphic Communications
Instructor: Mary Sue Fenner
Community Partner: Northwest Parkour Club
Area Served: Brown County
Project Description: Students designed t-shirts and posters to help the organization to attract new members and increase awareness of Parkour, an emerging urban landscape.
NWTC students involved in project: 15

Law Enforcement Torch Run T-Shirts
Program: Marketing and Graphic Communications
Instructor: Mary Sue Fenner
Community Partner: Wisconsin Special Olympics
Area Served: Brown County
Project Description: Wisconsin Special Olympics provides year-round sports training and competitions to nearly 10,000 athletes with disabilities. Students designed t-shirts for the 25th Annual Torch Run, organized by local law enforcement to raise money for the organization.
NWTC students involved in project: 15

Titletown Bike Tour T-shirts
Program: Marketing and Graphic Communications
Instructor: Mary Sue Fenner
Community Partner: Breast Cancer Family Foundation
Area Served: Brown County
Project Description: The Titletown Bike Tour promotes healthy lifestyles while raising money to prevent breast cancer and support victims and their families. Students designed t-shirts for the event.
NWTC students involved in project: 15

Golden House Freedom Ride T-shirts
Program: Marketing and Graphic Communications
Instructor: Mary Sue Fenner
Community Partner: Golden House - Green Bay
Area Served: Brown County
Project Description: Golden House provides shelter, advocacy, education, and support to families affected by violence in their homes. The organization hosts an annual motorcycle ride and poker run through eastern Wisconsin called Freedom Ride, which supports their programming aimed at breaking the cycle of domestic abuse. Students designed t-shirts for the event.
NWTC students involved in project: 15
Solar Energy Trailer  
Program: Marketing and Graphic Communications  
Instructor: Mary Sue Fenner  
Community Partner: Northeast Wisconsin Technical College  
Area Served: NWTC Green Bay Campus  
Project Description: NWTC Solar Energy program purchased a trailer with grant funds that will be used for educational presentations and to provide electricity for natural disaster victims. Students designed decals which were applied to the outside of the trailer.  
NWTC students involved in project: 14

N.E.W. Zoological Society 2009 Annual Report  
Program: Marketing and Graphic Communications  
Instructor: Mary Sue Fenner  
Community Partner: N.E.W. Zoological Society  
Area Served: Northeast Wisconsin  
Project Description: The N.E.W. Zoological Society is a 501(c)(3) committed to securing monetary and in-kind donations for the NEW Zoo. Students formatted and added graphic design elements to the organization’s annual report.  
NWTC students involved in project: 15

Club Italo-Americano Brochures  
Program: Marketing and Graphic Communications  
Instructor: Mary Sue Fenner  
Community Partner: Club Italo-Americano  
Area Served: Green Bay  
Project Description: Club Italo-Americano provides a venue for people to explore Italian culture. Students designed informational brochures about the club and proposed new logos.  
NWTC students involved in project: 13

Gallerie of Shoppes Booklet  
Program: Marketing and Graphic Communications  
Instructor: Mary Sue Fenner  
Community Partner: Philanthropic Educational Organization (P.E.O.)  
Area Served: Brown County  
Project Description: P.E.O. is an international organization driven to provide qualified women the financial support needed to pursue higher education. Students created a booklet listing different vendors and locations for The Gallerie of Shoppes, an annual fundraising event which brings together a number of area specialty stores at Lambeau Field.  
NWTC students involved in project: 15

Kids Klub Logo & Branding Materials  
Program: Marketing and Graphic Communications  
Instructor: Mary Sue Fenner  
Community Partner: Shawano First Presbyterian Kids Klub  
Area Served: Shawano County  
Project Description: Kids Klub is an after school program for children ages 5-13 years old. Students created logos and promotional material designs to help the organization expand their marketing efforts.  
NWTC students involved in project: 15

Public Service Announcement - Posters  
Program: Marketing and Graphic Communications  
Instructor: Mary Sue Fenner  
Community Partner: Brown County Alcohol and Other Drug Abuse (AODA)  
Area Served: Brown County  
Project Description: Students developed public service announcement posters to communicate the prevalence of binge drinking in Northeast Wisconsin and challenge residents to take pride in other aspects of our culture.  
NWTC students involved in project: 15

Archery Club Logo  
Program: Marketing and Graphic Communications  
Instructor: Mary Sue Fenner  
Community Partner: NWTC Public Safety Archery Club  
Area Served: Brown County  
Project Description: NWTC’s Public Safety department sponsored an Archery Club allowing people of all skill levels to compete on a national level. Students designed logos to help promote the group.  
NWTC students involved in project: 15

Shared Harvest Food Cupboard Logo Design  
Program: Marketing and Graphic Communications  
Instructor: Mary Sue Fenner  
Community Partner: NWTC Shared Harvest Food Cupboard  
Area Served: NWTC Green Bay Campus  
Project Description: Students proposed names and logos for a venture which became the NWTC Shared Harvest Food Cupboard. The resource provides NWTC food insecure students with prepacked bags containing enough food for one day. Students are able to return as needed.  
NWTC students involved in project: 16

Web 2D Club Logo  
Program: Marketing and Graphic Communications  
Instructor: Mary Sue Fenner  
Community Partner: NWTC Web 2D (Design and Development) student club  
Area Served: NWTC Green Bay Campus  
Project Description: Students created logos for the club to use on their website and t-shirts.  
NWTC students involved in project: 15
The Memorial Wall of Hope and Healing
Program: Digital Media Technology
Instructor: Pat Saxe
Community Partner: Beacon House Green Bay
Area Served: Brown County
Project Description: Beacon House offers holistic wellness services for patients dealing with long-term illnesses and their families. The organization sponsored a program which allowed 24 cancer patients or their survivors to create 10” x 10” mosaics, under the instruction of a local artist, which were displayed together on a traveling wall. The process allowed participants to express themselves and have control in a situation where they often felt helpless. Students created a video explaining the inspiration behind the project which will accompany the wall.
NWTC students involved in project: 7

De Young Family Zoo Fundraiser
Program: Administrative Professional
Instructor: Shelley McDermid
Community Partner: De Young Family Zoo
Area Served: Marinette
Project Description: Students hosted a bake and craft sale on the NWTC Marinette Campus which raised $500 for the organization.
NWTC students involved in project: 7

Ribbon-Cutting Ceremony and Grand Opening
Program: Marketing
Instructor: Ralph Rich
Community Partner: NWTC Artisan and Business Center
Area Served: Brown County
Project Description: Students planned, marketed, and staffed the ribbon-cutting ceremony for the NWTC Artisan and Business Center. The day’s festivities included door prizes and food; quilting, woodturning, clay, and papermaking demonstrations; and tours of the facility.
NWTC students involved in project: 19

Green Bay Area Catholic Education (GRACE)
Promotional Brochure Design
Program: Marketing and Graphic Communications
Instructor: Scott Eastman
Community Partner: Green Bay Area Catholic Education (GRACE) System
Area Served: Brown County
Project Description: Students proposed designs for an informational brochure to encourage parents to continue their child’s education with the GRACE system as well as promote the benefits of parochial education.
NWTC students involved in project: 8

Spring Concert Poster
Program: Marketing and Graphic Communications
Instructor: Mary Sue Fenner
Community Partner: The Chantelles
Area Served: Brown County
Project Description: The Chantelles is a 30 plus member women’s choir based in Green Bay. Students designed posters for their 45th annual spring concert, themed “What the World Needs Now.”
NWTC students involved in project: 15
Literacy Green Bay Tour of Facility Video
Program: Digital Media Technology
Instructor: Pat Saxe
Community Partner: Literacy Green Bay
Area Served: Brown County
Project Description: Students in a Macintosh Video Editing-Advanced course worked with Literacy Green Bay to produce three promotional videos. Students created a tour of the facility, a tutor recruitment video featuring current volunteers, and a segment showcasing the diverse population of learners.
NWTC students involved in project: 11

Christmas Presents for Sponsored Family
Program: Administrative Professional
Instructor: Shelley McDermid
Community Partner: St. Vincent de Paul’s
Area Served: Marinette County
Project Description: Students held a bake and craft sale to raise money to purchase Christmas gifts for a local family in need.
NWTC students involved in project: 7

Habitat for Humanity Video
Program: Digital Media Technology
Instructor: Stephen Blecha
Community Partner: Greater Green Bay Habitat for Humanity
Area Served: Brown County
Project Description: For a Macintosh Video Editing Project, a student elected to create a three-minute informational video about the Greater Green Bay Habitat for Humanity Affiliate and ReStore.
NWTC students involved in project: 1

Social Networking
Program: Computer Support Certificate
Instructor: Thomas Draz
Community Partner: United Way Marinette
Area Served: Marinette County
Project Description: Students worked with the United Way in Marinette to create and maintain a social networking presence on the web. They were also instrumental in training the employees on how to use the different applications and sites.
NWTC students involved in project: 43

Safety Audit
Program: Leadership Development
Instructor: Todd Perrault
Community Partner: NWTC West Regional Learning Center
Area Served: Shawano County
Project Description: After consulting with several professionals, students prepared a safety manual to help the facility respond to emergency situations in an effective and efficient manner.
NWTC students involved in project: 3

Family Fun Night
Program: Business Management
Instructor: Betty Messenger
Community Partner: NWTC West Regional Learning Center
Area Served: Shawano County
Project Description: One student completed a practicum at the West RLC Shawano and organized the first Family Fun Night, held on November 11, 2010. The event included food, door prizes, and a tour of the facility. Forty-nine students and their families attended.
NWTC students involved in project: 1

“Never doubt that a small group of thoughtful, committed citizens can change the world. Indeed, that’s the only thing that ever has.”
 Margaret Mead
The number of adult residents in the United States with limited English language proficiency increased to about 22 million people in 2007, representing a 21.8 percent increase since 2000; and more than 55 million people spoke a language other than English at home. The Marshfield Clinic AmeriCorps member worked with the Door County community to create an after school program for the children of students taking an English Language Learners (ELL) course through NWTC. Much time was spent searching for a safe location. Eventually Hope Church in Sturgeon Bay was selected as an ideal location for the children and the adult learners. The AmeriCorps member worked closely with an Instructional Assistant Instructor and Practicum Student on the development and implementation of an after school/homework assistance program for the children.

The Instructional Assistant student coordinated activities for a diverse group of 15 children ranging in ages from 1 to 13, and the AmeriCorps member provided additional support as needed. Along with creating a safe, inviting, comfortable, and educational environment for the children, she also planned meals for both nights every week for a total of 17 weeks. Children spent time doing homework, reading books, making scrapbooks, working on different projects and activities, and having some free play time while their parents were attending class.

At the end of the semester, there was a final celebration to commemorate everything the parents had learned in their class and a holiday party for the children. Through the kindness and generosity of an anonymous staff member from NWTC at the Sturgeon Bay campus, each child in the program was able to open a gift that was purchased specifically for them.
Webster Winter Carnival
Program: Early Childhood Education
Instructors: Sharon Tilly and Tracy Blahnik
Community Partner: Webster Elementary School
Area Served: Green Bay
Project Description: Students interacted with children and their families while overseeing games at the carnival.
NWTC students involved in project: 2

Jeans for Japan - Student Presentation
Program: Early Childhood Education
Community Partner: NWTC
Area Served: NWTC Green Bay Campus
Project Description: Staff members purchased stickers to wear blue jeans in support of Japan for the week of April 25-29, 2011; all proceeds were donated to support the Red Cross relief efforts. An NWTC Early Childhood International Education student gave a presentation on her sister’s experiences in Tokyo during the days and weeks following the earthquake. She also covered several aspects of Japanese culture affecting the country’s response to the disaster.
NWTC students involved in project: 1

Frost Fest
Program: Early Childhood Education
Instructors: Mary Beth Boettcher and Kathy Pickering
Community Partner: Fort Howard Family Resource Center
Area Served: Brown County
Project Description: Students purchased and prepared all supplies for children to make holiday presents for their parents at the event.
NWTC students involved in project: 28

Marion House Playgroups
Program: Early Childhood Education
Instructors: Mary Beth Boettcher and Kathy Pickering
Community Partner: Marion House
Area Served: Green Bay
Project Description: Students planned activities and set up environments for playgroups at the Marion House, a residential facility for young mothers. Activities included reading books, playing with finger puppets, singing songs, and using flannel boards to tell stories with the children. Mothers were encouraged to join in.
NWTC students involved in project: 28

Connecting Families - April 26, 2011
Program: Early Childhood Education
Instructors: Mary Beth Boettcher, Sharon Tilly, Kathy Pickering, and Joan Klinkner
Community Partner: NWTC
Area Served: Green Bay
Project Description: Although this event was cancelled due to a campus-wide power outage, the NWTC Early Childhood Education students had planned all of the activities for the childcare portion of the evening. Had the event not been cancelled, students would have set-up the classroom, met families at dinner, and provided childcare for the children while parents attended the “Connections - The Power Tool for Parents” informational and discussion sessions.
NWTC students involved in project: 27

Connecting Families - September 28, 2010
Program: Early Childhood Education
Instructors: Mary Beth Boettcher, Sharon Tilly, Kathy Pickering, and Joan Klinkner
Community Partner: NWTC
Area Served: Green Bay
Project Description: NWTC Early Childhood Education students set up the classroom, met families at dinner and provided childcare for children while parents attended the “Why Won’t My Children Listen to Me?” informational and discussion sessions.
NWTC students involved in project: 26
Community and Regional Learning Services

Connecting Families - February 22, 2011
Program: Early Childhood Education
Instructors: Mary Beth Boettcher, Sharon Tilly, Kathy Pickering, and Joan Klinkner
Community Partner: NWTC
Area Served: Green Bay
Project Description: NWTC Early Childhood Education students set up the classroom, met families at dinner and provided childcare for children while parents attended the “Me, Me, Notice Me” informational and discussion sessions.
NWTC students involved in project: 26

Blanket and Quilt Donation
Course: Textiles and Quilting
Instructor: Mary Gaye Rank
Community Partner: Children’s Hospital of Wisconsin - Milwaukee
Area Served: Milwaukee County
Project Description: A student from the Textiles/Quilting course crocheted, knit, or quilted 20 blankets for the patients at Children’s Hospital of Milwaukee.
NWTC students involved in project: 1

ELL Afterschool Project
Program: Instructional Assistant
Instructor: Tracy Blahnik
Community Partner: NWTC - Sturgeon Bay Campus
Area Served: Door County
Project Description: A group of English Language Learners taking courses through NWTC’s Sturgeon Bay campus expressed that it would be easier to make it to class if childcare were available. An Instructional Assistant student coordinated activities for two nights a week; she and other helpers met with the children.
NWTC students involved in project: 1

Connecting Families - November 30, 2010
Program: Early Childhood Education
Instructors: Mary Beth Boettcher, Sharon Tilly, Kathy Pickering, and Joan Klinkner
Community Partner: NWTC
Area Served: Green Bay
Project Description: NWTC Early Childhood Education students set up the classroom, met families at dinner and provided childcare for children while parents attended the “Effective Methods of Using Consequences” informational and discussion sessions.
NWTC students involved in project: 26

Fleece Tie Blanket Making
Program: Early Childhood Education
Instructor: Sharon Tilly
Community Partner: Bellin Pediatrics
Area Served: Brown County
Project Description: One student planned and prepared a fleece blanket making station at the NWTC Volunteer Resource Fair in February 2011. 20 blankets were made by NWTC students for pediatric patients; all materials were donated by Fox Communities Credit Union.
NWTC students involved in project: 17
Literacy Green Bay promotes a better standard of living for residents lacking basic English oral or written communication skills. While approximately 90 percent of the organization’s clients are English Language Learning (ELL) students, they also assist a number of native speakers who struggle with reading and writing. During the past year Literacy Green Bay students obtained U.S. citizenship, earned high school level credentials, found employment and entered postsecondary education programs. Many of these goals were met as a result of participation in the organization’s ELL classes, family literacy programming and direct weekly tutoring from one of over 200 volunteers who work to serve more than 650 adult learners annually.

Like many nonprofits, Literacy Green Bay works with limited funding; however, they do maintain a substantial collection of resources for use by tutoring matches. Three Oral Communications students and NWTC’s AmeriCorps’VISTA member worked with an Audio Engineering 2 class to expand the organization’s library, creating audio book versions of four beginning level publications. These recordings allow learners to associate spoken words with those written on the page and will help non-native speakers learn the rhythms and sounds of the English language while studying at home.

In a separate project, NWTC students in a Macintosh Video Editing-Advanced course worked with Literacy Green Bay to produce three promotional videos. Students created a tour of the facility, a tutor recruitment video featuring current volunteers, and a segment showcasing the diverse population of learners.
International Student Service-Learning Internships
Course: Psychology
Community Partner: Country Kids Inc.
Area Served: Brown County
Project Description: As a part of a scholarship program, each visiting international student completed an unpaid internship of at least 60 hours related to their his/her field of study. To prepare for a four-year psychology degree, one student helped Country Kids Inc to provide therapy for pediatric patients with physical and developmental disabilities.
NWTC students involved in project: 1

International Student Service-Learning Internships
Course: Economics
Community Partner: BayCare Health Systems LLC
Area Served: Brown County
Project Description: As a part of a scholarship program, each visiting international student completed an unpaid internship of at least 60 hours related to his/her field of study. One student assisted BayCare Health Systems LLC staff with invoices and data entry to prepare for a four-year economics degree.
NWTC students involved in project: 1

Reading Buddies and Writing Tutors
Course: English Composition 1 and Speech
Instructor: Heather Hill
Community Partner: St. Thomas More
Area Served: Brown County
Project Description: Students assisted in the first and sixth grade Reading Buddies and Writing Tutors program. Students assisted with reading, writing, worksheets, study skills, homework help, and computer applications.
NWTC students involved in project: 11

Audio Book Reading
Course: Communication Skills
Instructor: Sharon Anderson
Community Partner: Literacy Green Bay
Area Served: Brown County
Project Description: Literacy Green Bay’s mission is to help adults and families acquire the reading, writing, math, English language, computer and workforce skills they need to function effectively as workers and community members. Oral Communication students read books aloud while being recorded. These recordings are being used as audio books for Literacy Green Bay to help learners recognize the rhythms and sounds of the English language.
NWTC students involved in project: 3

Social Science Service-Learning Projects
Course: Various Social Science
Instructor: Jeanne Harper
Community Partner: Local Non-Profit Agencies
Area Served: Marinette & Menominee Counties
Project Description: Students served at local non-profits in Marinette and Menominee Counties for a minimum of three hours. Service-Learning placements included: Society of St. Vincent de Paul Food Drives, Home Visits, Freezin’ 4 Reasons, Salvation Army Kid’s Night, Christian Manna Meal, Ringing Bells for Salvation Army, Vets Helping Vets Inc: Vets Journey Home, Rainbow House Clean-up, NEWCAP Food Pantry, St. Anthony House, Rennes East & West, Goodwill Industries, Marinette Police Department, REM Wisconsin, Boys & Girls Club - DAR, Marinette Health and Wellness Fair, Tae-Kwon-Do Kick-a-thon, Healthy Youth Coalition, Haven of Hope, and many more. These classes completed 48 projects with 33 agencies and served a total of 592.5 hours.
NWTC students involved in project: 89

Crossroads Project
Course: Written Communication
Instructor: Mary Heil-Allen
Community Partner: Crossroads at Big Creek
Area Served: Door County
Project Description: One student worked with a troop of seven Boy Scouts to dig a water line at Crossroads, a nature preserve and learning center.
NWTC students involved in project: 1

Hospital Donation
Program: General Studies Transfer Certificate
Instructor: Jodi Jensen
Community Partner: Shawano Community Hospital
Area Served: Shawano County
Project Description: Students collected items for donation to the Shawano Community Hospital. Patients need items in the event that their clothes are ruined in an accident. Coloring supplies were also collected to give to children who were waiting for family members or in the hospital themselves.
NWTC students involved in project: 2

“Even if it’s a little thing, do something for those who have need of help, something for which you get no pay, but the privilege of doing it.”

Albert Schweitzer
The N.E.W. Clinic at NWTC continues to provide access to care where there are gaps in the area’s health care system. The clinic offers assistance for low-income, uninsured, underinsured, and medical assistance patients, while enhancing the education of tomorrow’s health care providers.

The clinic reduces unnecessary emergency room use. An average of 50 percent of clinic clients would have gone to the ER if the clinic did not exist. The Clinic also helps its patients to save money. An average visit to the clinic costs about $45, which includes the doctor visit, lab tests, interpreter (if needed), and sample medications.

This year was a big milestone for the N.E.W. Clinic at NWTC. The Clinic celebrated its fifth year of service on the campus. Over the last five years, more than 17,000 patients have been treated at the clinic. The N.E.W. Clinic takes pride in providing quality service-learning opportunities for students in a variety of NWTC programs. During the 2010-2011 academic year, students from the Clinical Laboratory Technician, Health Care Business Services, Health Information Technology, Associate Degree Nursing, and Respiratory Therapist programs served at the clinic on the NWTC campus. Students provided quality patient care under the guidance of clinic and instructor staff, allowing students to meet Service-Learning requirements for their classes. During the 2010-2011 academic year, 204 students were involved in direct service in the clinic.

**Health Sciences**

**International Student Service-Learning Internships**

Program: Health Care Business Services Certificate  
Instructor: Amy Blochowiak  
Community Partner: N.E.W. Clinic  
Area Served: Northeast Wisconsin  
Project Description: Students interviewed patients, performed pre-screenings, and assigned a risk factor score for skin cancer, which was given to the doctor. Students also educated patients on methods of preventing skin cancer.  
NWTC students involved in project: 7

**Hands-on Care Fall 2010**

Program: Nursing Assistant  
Instructor: Heidi VandenBush  
Community Partner: Algoma Long Term Care Unit  
Area Served: Algoma  
Project Description: In a hands-on clinical setting, each student performed 48 hours of care for residents of the Algoma Long Term Care Unit.  
NWTC students involved in project: 9

**Hands-on Care Spring 2011**

Program: Nursing Assistant  
Instructor: Heidi VandenBush  
Community Partner: Algoma Long Term Care Unit  
Area Served: Algoma  
Project Description: In a hands-on clinical setting, each student performed 48 hours of care for residents of the Algoma Long Term Care Unit.  
NWTC students involved in project: 19

**Skin Screening**

Program: Nursing-Associate Degree  
Instructor: Jane Swanson  
Community Partner: Bay Area Medical Center- Marinette  
Area Served: Marinette County  
Project Description: Students interviewed patients, performed pre-screenings, and assigned a risk factor score for skin cancer, which was given to the doctor. Students also educated patients on methods of preventing skin cancer.  
NWTC students involved in project: 6

**Bone Marrow Drive**

Program: Medical Assistant  
Instructor: Debbie Heinritz  
Community Partner: Be The Match  
Area Served: Brown County  
Project Description: For more than 20 years, the National Marrow Donor Program has been helping patients receive life-saving bone marrow transplants. Students helped screen potential donors, which included the collecting of cheek swabs.  
NWTC students involved in project: 35

**Substance Abuse & Misuse Education**

Program: Practical Nursing  
Instructor: Janice Schmidt  
Community Partner: Our Lady of Lourdes Catholic School  
Area Served: Green Bay  
Project Description: Clinical course presented to a group of seventh graders about the importance of avoidance.  
NWTC students involved in project: 6

**Clinical Laboratory Technician Project**

Program: Clinical Laboratory Technician  
Instructor: Debbie Heinritz  
Community Partner: N.E.W. Clinic  
Area Served: Northeast Wisconsin  
Project Description: Students shadowed and assisted clinical laboratory staff as they were able to.  
NWTC students involved in project: 13

**Vision Screening**

Program: Nursing-Associate Degree  
Instructor: Jean Goodwin  
Community Partner: Peshtigo Head Start, Marinette Head Start, Marinette School District  
Area Served: Peshtigo and Marinette  
Project Description: Head Start believes quality early education fundamentally transforms “at risk” children and their families. Students and faculty went to different schools and Head Start sites to provide vision screenings for children ages 3-10.  
NWTC students involved in project: 23
Pressure Ulcer Surveillance Project
Program: Nursing-Associate Degree
Instructor: Jeff Matzke
Community Partner: St. Vincent Hospital
Area Served: Brown County
Project Description: Students were trained by St. Vincent Hospital and assisted hospital staff with the implementation of a quality assurance program for pressure ulcers.
NWTC students involved in project: 3

Blood Pressure Screenings Fair
Program: Medical Assistant
Instructor: Karen Kroll
Community Partner: Tosca Limited
Area Served: Green Bay
Project Description: Students provided blood pressure screenings for employees at company's health fair.
NWTC students involved in project: 8

Blood Drive
Program: Medical Assistant
Instructor: Karen Kroll
Community Partner: American Red Cross-Green Bay
Area Served: Brown County
Project Description: The students assisted the Red Cross with greeting and donor registration at a blood drive held on the NWTC-Green Bay Campus.
NWTC students involved in project: 25

Respiratory Care Clinic
Program: Respiratory Therapist
Instructor: Katherine Schlitz
Community Partner: NEW Community Clinic
Area Served: Northeast Wisconsin
Project Description: Students assessed patient respiratory needs, demonstrated correct inhaler use, assisted with asthma management, offered smoking cessation assistance, and completed spirometer screenings.
NWTC students involved in project: 40

Marinette Health & Wellness Fair - Respiratory Screenings
Program: Respiratory Therapist
Instructor: Katherine Schlitz
Community Partner: NWTC - Marinette Campus
Area Served: Marinette County
Project Description: Students provided spirometer screenings and asthma education to participants.
NWTC students involved in project: 4

“Vital” Education
Program: Nursing-Associate Degree
Instructor: Laurie Stone
Community Partner: The Einstein Project
Area Served: Green Bay
Project Description: Students took vitals (oxygen monitoring and heart rate) and tested reflexes of children jumping rope at the Science Expo. Children were also able to listen to their heartbeat through the stethoscope.
NWTC students involved in project: 10

Healthy Hand Washing
Program: Nursing-Associate Degree
Instructor: Leah Bergstrom
Community Partner: McAuliffe Elementary School & Peace Nursery Center
Area Served: Green Bay
Project Description: Students demonstrated proper hand washing techniques to educate children on how to decrease the spread of germs.
NWTC students involved in project: 14

Medication Management
Program: Nursing-Associate Degree
Instructor: Lori Juza
Community Partner: Brown County Aging and Disability Resource Center (ADRC) and Streu's Pharmacy
Area Served: Brown County
Project Description: Students conducted and recorded assessments of medications and fall risks in patients’ homes.
NWTC students involved in project: 16

Marinette Health & Wellness Fair
Program: Nursing-Associate Degree
Instructor: Lynda Rastall
Community Partner: NWTC - Marinette Campus
Area Served: Marinette County
Project Description: Students performed vision screenings and physicals for uninsured and underinsured children at the event.
NWTC students involved in project: 6

Teen Parent Oral Hygiene Presentation
Program: Dental Hygienist
Instructor: Lynn Kettenhofen
Community Partner: Brown County Health Alliance
Area Served: Brown County
Project Description: Students created a child dental care brochure for teen parents and demonstrated proper brushing, flossing, and gum care techniques. Attendees were also given bags filled with oral hygiene products prepared by students.
NWTC students involved in project: 4
Health Sciences

CP Center Oral Hygiene Presentation
Program: Dental Hygienist
Instructor: Lynn Kettenhofen
Community Partner: CP Center - Green Bay
Area Served: Green Bay
Project Description: The CP Center provides rehabilitation services for people with cognitive and physical disabilities. Dental Hygienist students created and shared a dental care brochure for adults at the CP Center. Students also demonstrated proper brushing, flossing, and gum care with the students. Students prepared dental take-away bags filled with toothbrushes, toothpaste, and floss.
NWTC students involved in project: 4

Syble Hopp Oral Hygiene Presentation
Program: Dental Hygienist
Instructor: Lynn Kettenhofen
Community Partner: Syble Hopp
Area Served: Brown County
Project Description: Syble Hopp serves students ages 3-21 with cognitive and developmental disabilities. NWTC students created a dental care brochure and focused on teaching oral health in a fun way by creating dental hygiene songs and games for the students focused on happy, healthy teeth.
NWTC students involved in project: 4

Fluoride Varnish Clinic
Program: Dental Hygienist
Instructor: Lynn Kettenhofen
Community Partner: Open Door Dental - Door County
Area Served: Door County
Project Description: Students administered fluoride varnishes to elementary school students through a grant involving NWTC - Sturgeon Bay Nursing, Door County WIC, and Oral Health Partnership.
NWTC students involved in project: 24

Fluoride Varnish Clinic - Immanuel Lutheran
Program: Dental Hygienist
Instructor: Lynn Kettenhofen
Community Partner: Immanuel Lutheran School - De Pere
Area Served: De Pere
Project Description: NWTC students prepared a hands-on oral health presentation about preventing cavities and tooth decay for kindergarten through third grade students at the rural, two-room school.
NWTC students involved in project: 4

Health Information Technology Service Project
Program: Health Information Technology
Instructor: Marilyn Toninato
Community Partner: N.E.W. Community Clinic
Area Served: Northeast Wisconsin
Project Description: Students scheduled appointments, managed medical records, greeted patients, and tracked clinical statistics.
NWTC students involved in project: 2

Personal Health Records
Program: Health Information Technology
Instructor: Marilyn Toninato
Community Partner: Local Community Members
Area Served: Northeast Wisconsin
Project Description: A personal health record (PHR) is created by an individual to maintain a complete and accurate summary of his/her medical history. Students created educational pamphlets explaining how and why to start a PHR.
NWTC students involved in project: 2

Checking Vitals for School-Age Children
Program: Nursing-Associate Degree
Instructor: Mary B. Kempf
Community Partner: Einstein Project Science Expo at Shopko Hall
Area Served: Brown County
Project Description: The Einstein Project is a nonprofit organization which partners with schools and communities to provide support for science education in the state of Wisconsin. Students used dopplers to measure pulse and blood pressure in addition to checking pulse oximetry before and after the children jumped rope.
NWTC students involved in project: 6

Shared Harvest Food Cupboard Food Drives
Program: Nursing-Associate Degree
Instructor: Mary B. Kempf
Community Partner: NWTC Green Bay Campus- Shared Harvest Food Cupboard
Area Served: NWTC Green Bay Campus
Project Description: Shared Harvest Food Cupboard provides food insecure NWTC students with prepackaged bags containing enough food for one day; however, students are welcome to return for more as needed. Students conducted food drives to replenish the cupboard and coordinated fund raising events to benefit the project.
NWTC students involved in project: 13

Pedicure Clinics
Program: Nursing-Associate Degree
Instructors: Mary Bessett, Michelle Kornes zuk, Brian Krogh, Lisa Mueller, Louise Seroogy, Kari Liebeck, Holly Euclide, Jason Borley
Community Partner: N.E.W. Community Clinic
Area Served: Northeast Wisconsin
Project Description: Students processed paperwork, assessed needs, and provided foot care. Students also developed foot care guides and gave them to patients.
NWTC students involved in project: 77
Women's Health Clinic
Program: Nursing-Associate Degree
Instructor: Mary Kempf
Community Partner: N.E.W. Community Clinic
Area Served: Northeast Wisconsin
Project Description: Students helped provide breast exams and pap smears to low-income patients through the Wisconsin Wise Women program.
NWTC students involved in project: 6

Association of Perioperative Registered Nurses (AORN) Conference
Program: Nursing-Associate Degree
Instructor: Mary Kempf
Community Partner: NWTC - Green Bay Campus
Area Served: NWTC Green Bay Campus
Project Description: Senior students assisted vendors, speakers and attendees at a conference held on campus in Spring 2011.
NWTC students involved in project: 5

Cerebral Palsy Telethon
Program: Nursing-Associate Degree
Instructor: Mary Kempf
Community Partner: Cerebral Palsy Telethon- Green Bay
Area Served: Northeast Wisconsin
Project Description: Money raised during the two-day CP Telethon funds services offered to clients of all ages with temporary or permanent physical, sensory and speech conditions. Students answered calls during the event.
NWTC students involved in project: 45

Remembering When Program
Program: Nursing-Associate Degree
Instructor: Mary Kempf
Community Partner: Green Bay Fire Department and Brown County Aging and Disability
Area Served: Green Bay
Project Description: Students collaborated with the Green Bay Fire Department to educate clients on fall prevention at home and replace smoke detector batteries.
NWTC students involved in project: 10

Wisconsin Wise Women's Project
Program: Nursing-Associate Degree
Instructor: Mary Kempf
Community Partner: NEW Community Clinic
Area Served: Brown County
Project Description: Students helped a nurse practitioner complete physical exams, screenings, and health histories. In addition, to work with medical interpreters.
NWTC students involved in project: 7

Associate Degree Nursing Patient Care Assistance
Program: Nursing-Associate Degree
Instructors: Mary Schuster and Lori Juza
Community Partner: N.E.W. Community Clinic
Area Served: Northeast Wisconsin
Project Description: Students shadowed and assisted a nurse practitioner.
NWTC students involved in project: 30

Keep Stepping - Fall 2010
Program: Physical Therapist Assistant
Instructors: Julie Siefert and Lisa Weaver
Community Partner: NWTC - Green Bay Campus
Area Served: Brown County
Project Description: “Keep Stepping” is a fall prevention program, serving adults age 60 and older through physical activity, health promotion, and educational activities. Physical Therapy Assistant students are in charge of this program over a course of two semesters of their studies. Students carry out the Keep Stepping program under the supervision of NWTC faculty.
NWTC students involved in project: 28
Health Sciences

Hand Washing Clinic
Program: Nursing-Associate Degree
Instructor: Mina Cook
Community Partner: St. Vincent Hospital
Area Served: Brown County
Project Description: Students worked with staff at St. Vincent Hospital to teach patients the importance of good hand hygiene.
NWTC students involved in project: 60

Hand Hygiene Observations
Program: Nursing-Associate Degree
Instructor: Mina Cook
Community Partner: St. Vincent Hospital
Area Served: Brown County
Project Description: Students observed and recorded whether employees washed their hands properly when working with the patients. Results were tabulated by students and presented to the hospital.
NWTC students involved in project: 7

Bay Area Medical Center Skin Screening
Program: Nursing-Associate Degree
Instructor: Rhonda McClain
Community Partner: Bay Area Medical Center
Area Served: Marinette County
Project Description: Students assisted with yearly skin screenings for in-house patients, evaluating clients’ risks for skin breakdowns and recording any abnormalities.
NWTC students involved in project: 5

Hand and Nail Care
Program: Nursing-Associate Degree
Instructor: Ruth Carriveau
Community Partner: Salvation Army
Area Served: Northeast Wisconsin
Project Description: Students provided preventative dental services to patients of the family-centered care facility.
NWTC students involved in project: 20

Flu Clinic-Administrative Services
Program: Medical Assistant
Instructor: Selena Becker
Community Partner: Community Memorial Hospital - Oconto, Oconto Falls, and Gillett
Area Served: Oconto County
Project Description: Students assisted with administrative duties at the reception areas of various clinics.
NWTC students involved in project: 18

Vision Screening
Program: Medical Assistant
Instructor: Tina Broderick
Community Partner: Oconto Middle School
Area Served: Oconto County
Project Description: Students performed vision screenings for 7th and 8th graders.
NWTC students involved in project: 5

Multicultural Day
Program: Dental Hygienist
Instructor: Sheila Gross
Community Partner: NEW Dental Clinic
Area Served: Brown County
Project Description: Translators were used to bridge the language barrier with nine Latinos treated as part of the Special Populations Clinic Day. Patients received preventative dental hygiene care including examinations, radiographs, dental prophylaxis, and fluoride treatments.
NWTC students involved in project: 16

Dental Sealant/Fluoride Varnish Day
Program: Dental Hygienist
Instructor: Sheila Gross
Community Partner: Coleman Elementary School
Area Served: Brown County
Project Description: Students transformed facilities at the school into a “live” dental clinic with portable equipment to provide oral health education, dental examinations, sealants, and fluoride varnishes.
NWTC students involved in project: 16

Special Populations Days (March 28 and April 18, 2011)
Program: Dental Hygienist
Instructor: Sheila Gross
Community Partner: Green Bay Hemophilia Outreach Center
Area Served: Green Bay
Project Description: Students transformed facilities at the school into a “live” dental clinic with portable equipment to provide oral health education, dental examinations, sealants, and fluoride varnishes.
NWTC students involved in project: 16

Head Start Screenings
Program: Medical Assistant
Instructor: Tina Broderick
Community Partner: Head Start Oconto
Area Served: Oconto County
NWTC students involved in project: 8

Fluoride Varnish Clinic - Jefferson Elementary
Program: Dental Hygienist
Instructor: Lynn Kettenhofen
Community Partner: Jefferson Elementary School
Area Served: Green Bay
Project Description: NWTC students administered fluoride varnishes to kindergarten through fifth grade students under a grant with Oral Health Partnership.
NWTC students involved in project: 8
Integrating community policing strategies within the core curriculum, the NWTC “Cadet Program” was created to provide local municipalities and their law enforcement agencies with free student support. The program was piloted in 2007 with the Village of Allouez, a suburb of 15,000 south of Green Bay. Police cadets were assigned to focus on the enforcement of village ordinances in areas with high disturbance frequencies and identify chronic offenders.

Since then, the program has expanded to other communities; students were stationed in Gillett, Oconto, Oconto Falls, Pulaski, and Sturgeon Bay during 2010-2011. Students benefit from the program by learning to solve problems, think critically, and apply techniques they have studied in the classroom. Host sites are happy to have additional assistance with code enforcement, security, and crime prevention efforts in their community.
Public Safety

The Einstein Project Fair
Program: Criminal Justice-Corrections and Criminal Justice-Law Enforcement
Instructor: Ian Nishimoto
Community Partner: The Einstein Project
Area Served: Green Bay
Project Description: Students provided child finger-printing, security, and public relations during the event.
NWTC students involved in project: 6

Computer Security
Program: Criminal Justice-Corrections and Criminal Justice-Law Enforcement
Instructor: Ian Nishimoto
Community Partner: NWTC Corporate Training and Economic Development (CTED)
Area Served: Green Bay
Project Description: NWTC’s CTED department delivers instruction and consultation aimed at maximizing the productivity of organizations and individuals. Students secured the team’s computers at an event to prevent them from being tampered with or stolen.
NWTC students involved in project: 6

EMS and EMT Services
Program: Criminal Justice-Corrections and Criminal Justice-Law Enforcement
Instructor: Ian Nishimoto
Community Partner: Cellcom Marathon
Area Served: Brown County
Project Description: Students helped provide EMS and EMT support to runners.
NWTC students involved in project: 4

Oconto Falls Movie Night
Program: Criminal Justice-Law Enforcement
Instructor: John Flannery
Community Partner: Oconto Falls Chamber of Commerce
Area Served: Brown County
Project Description: Students provided security and traffic direction during the event.
NWTC students involved in project: 9

Cadet Program
Program: Criminal Justice-Law Enforcement
Instructor: John Flannery
Community Partner: Community Police Departments
Area Served: Northeast Wisconsin
Project Description: Students worked in uniform alongside members of local police departments to provide assistance with bike patrol, code enforcement, and crime prevention efforts in the following communities: Gillett, Oconto, Oconto Falls, Pulaski, and Sturgeon Bay.
NWTC students involved in project: 19

Zoo Boo
Program: Criminal Justice-Law Enforcement
Instructor: John Flannery
Community Partner: New Zoo
Area Served: Brown County
Project Description: Students provided security and traffic direction during the two-day event.
NWTC students involved in project: 9

2010 Brown County Fair
Program: Criminal Justice-Law Enforcement
Instructor: John Flannery
Community Partner: Brown County Fair Board
Area Served: Brown County
Project Description: Students partnered with the Brown County Sheriff’s Department to provide security during the week-long event.
NWTC students involved in project: 35

NEW Community Shelter
Program: Criminal Justice-Corrections and Criminal Justice-Law Enforcement
Instructor: Mike Albertson
Community Partner: NEW Community Shelter
Area Served: Green Bay
Project Description: Students helped search rooms for prohibited items.
NWTC students involved in project: 60

We know that service-learning benefits young people in a variety of ways. As individuals, service-learning improves self-esteem and self-confidence, and reduces involvement in risky behavior. As citizens, service-learning gives young people an increased sense of civic responsibility and a commitment to community involvement. As students, service-learning helps improve school performance and academic engagement.

Dr. William Richardson
**Car Show**
Program: Criminal Justice-Corrections and Criminal Justice-Law Enforcement
Instructor: Mike Albertson
Area Served: Green Bay Area
Project Description: Students provided security for the 25th Annual NWTC Car Show and Swap Meet.
NWTC students involved in project: 12

**Green Bay Heart Walk Security**
Program: Criminal Justice-Corrections and Criminal Justice-Law Enforcement
Instructor: Mike Albertson
Community Partner: American Heart Association
Area Served: Brown County
Project Description: Heart disease and stroke claim more than 865,000 American lives annually. The Green Bay Heart Walk raises awareness and funds for the organization to do more research. Students provided security and traffic directions at the event.
NWTC students involved in project: 12

**NWTC Drive-In Movie**
Program: Criminal Justice-Corrections and Criminal Justice-Law Enforcement
Instructor: Mike Albertson
Community Partner: NWTC Green Bay Campus
Area Served: Green Bay Area
Project Description: Students provided security and parking assistance for the event.
NWTC students involved in project: 12

**Hispanic Festival**
Program: Criminal Justice-Corrections and Criminal Justice-Law Enforcement
Instructor: Mike Albertson
Community Partner: Hispanic Community Council of N.E.W.
Area Served: Brown County
Project Description: Students partnered with the Green Bay Police Department to provide security for the event.
NWTC students involved in project: 12

**ART Meets Heart**
Program: Criminal Justice-Corrections and Criminal Justice-Law Enforcement
Instructor: Mike Albertson
Community Partner: The ART garage
Area Served: Brown County
Project Description: ART Meets Heart is an annual event at the ART garage that brings together the talents of 300 professional and amateur artists of all ages and backgrounds. Each artist creates an original 6" x 6" canvas; together, these pieces form a community mosaic in the shape of a heart. Proceeds from the event support the appreciation of and participation in the literary, performing, and visual arts in the greater Green Bay area. Students provided parking assistance during the celebratory event.
NWTC students involved in project: 3

**Bagging Groceries with a Cop**
Program: Criminal Justice-Corrections and Criminal Justice-Law Enforcement
Instructor: Mike Albertson
Community Partner: Green Bay Police Department
Area Served: Brown County
Project Description: Students worked alongside local law enforcement involved in the public relations project.
NWTC students involved in project: 6
In 2010, there were two billion internet users worldwide, which has more than doubled since 2005. Rural communities have struggled to keep pace with more urbanized areas in regard to technology, as it is often not profitable or feasible for companies to provide broadband internet access. Because of this, the “digital divide” developed and exists today among different demographic and geographic areas. Households in rural America are less likely to access the internet than households in urban areas or central cities, regardless of income level. However, households at certain income levels in rural areas are 50 percent less likely to own computers than comparable households in urban areas or central cities. Many rural areas have tried to bridge the digital divide by forming grass roots organizations to meet community needs.

The Niagara Community TV Co-op was formed in the late 1950s with the purpose of serving the city of Niagara with cable television service. The co-op is a not-for-profit organization owned by its customers and run by an elected board of members. Major upgrades and expansions have been completed throughout the years to keep up with the growing demand for services; most of these upgrades have been handled in-house, with little help from outside contractors. In 2007, the TV Co-op began a major expansion project which targeted people living outside the city of Niagara. Cable fibers can now be run to the outlying areas to provide for high-speed internet and phone services.

Students in the Electrical Power Distribution program traveled to Niagara to assist with the installation of poles needed to upgrade services to rural areas in northern Wisconsin. Eight students set poles, assembled hardware, and strung cable during the first measurable snow in the northern region. One student said, “I learned how to string in messenger wire to the right tension and how to use the clamps to hold the wire on to the pole. Working around real traffic was a plus too because you get to experience the public and how they drive and how to setup barriers for safety. I would strongly suggest having more of these [experiences] in the future. It was a once-in-a-lifetime opportunity for us to get out of the yard and into the public to learn. This was a great experience for me and I hope to have another possible one this year.”
Trades & Engineering Technologies

International Student Service-Learning Internships
Program: Organic and Sustainable Agriculture
Community Partner: Full Circle Organic Dairy; Tsunenka (Joon-henk-wa) (Oneida Nation) & Park Ridge Organics
Area Served: Brown County
Project Description: As a part of a scholarship program, international students participated in internships related to his/her area of study. Organic and Sustainable Agriculture students helped with general farm maintenance.
NWTC students involved in project: 2

Wheelchair Lift
Program: Mechanical Design Technology
Instructor: Bob Weeckes
Community Partner: Exceptional Equestrians
Area Served: Brown County
Project Description: Exceptional Equestrians provides therapeutic horseback riding for mentally and physically handicapped children. Students designed and built a hydraulic wheelchair lift to safely lift a load of 300 pounds. The platform is large enough to hold the child occupant and an adult assistant.
NWTC students involved in project: 6

Outdoor Shelter Designs
Program: Architectural Technology
Instructor: Chet Lamers
Community Partner: St. John's Homeless Shelter
Area Served: Green Bay
Project Description: Students attended a presentation by the community partner and designed an outdoor shelter for clients to use while waiting to enter the facility. Students proposed multiple designs with different price points.
NWTC students involved in project: 4

Floor Refinishing & Construction
Program: Basic Carpentry Certificate
Instructor: Curtis Andersen
Community Partner: Hmong Community Center
Area Served: Brown County
Project Description: Basic Carpentry Certificate provides adult Thai refugees with the skills needed for employment. Students replaced carpeting and vinyl flooring at the Hmong Community Center and built a 24’ x 12’ house/storage unit valued at $2,000.
NWTC students involved in project: 6

Centennial Park Playground
Program: Electrical Power Distribution
Instructor: Dan Schneider
Community Partner: Centennial Park Playground at Aldo Leopold Community School
Area Served: Brown County
Project Description: Students drilled approximately 60 holes, four to five feet deep, to secure the Aldo Leopold playground equipment.
NWTC students involved in project: 20

Fire Protection
Program: Fire Protection Engineering Technology
Instructor: George Wolard
Community Partner: NWTC Marinette Campus
Area Served: Marinette
Project Description: Students used CAD software to create a fire sprinkler design before cutting and installing pipe for the project.
NWTC students involved in project: 5

Girl Scout Medals
Program: CNC Technician
Instructor: Gerald Bronkhorst
Community Partner: Girl Scout Troop #4228
Area Served: Green Bay
Project Description: Students worked with a troop of seven girls to design and manufacture brass award medals for their Annual Powderpuff Derby.
NWTC students involved in project: 6

Window Grates
Program: Welding
Instructor: Jon Schaefer
Community Partner: Exceptional Equestrians
Area Served: Brown County
Project Description: Exceptional Equestrians provides therapeutic horseback riding for mentally and physically handicapped children. Students created grates for windows the new riding arena.
NWTC students involved in project: 5

Sheet Metal Storage
Program: Welding
Instructor: Jon Russell
Community Partner: Northeast Wisconsin Technical College
Area Served: Green Bay
Project Description: A student in Metal Fabrication designed and built a sheet metal storage unit for NWTC’s welding lab.
NWTC students involved in project: 1

Botanical Garden Cold Weather Storage Unit
Program: Wood Tech
Instructor: Gerry Bentzler
Community Partner: Green Bay Botanical Garden
Area Served: Green Bay
Project Description: Students framed a 30 x 60 x 14 feet cold unit storage.
NWTC students involved in project: 10
NWTC ArtWalk Trophies
Programs: Machine Tool - CNC Technician, Prototype and Design, Wood Tech
Instructors: Gerald Bronkhorst, Steve Doubek, Rod Monfils
Community Partner: NWTC
Area Served: Green Bay
Project Description: Students in three programs worked together to design the ArtWalk trophies. The Machine Tool - CNC Technician students used a water jet to precisely cut the image; Wood Tech students assisted in the project by making wooden bases for the trophies. Prototype and Design students assembled the pieces.
NWTC students involved in project: 4

Brackets for Bellin Health
Program: CNC Technician
Instructor: Gerald Bronkhorst, Tim Schmitz, and James Berceau
Community Partner: Bellin Health
Area Served: Northeast Wisconsin
Project Description: Students fabricated brackets throughout the hospital to hold monitors.
NWTC students involved in project: 4

Solar Energy Assessment
Program: Solar Energy Technology
Instructor: John Hippensteel
Community Partner: CP Center
Area Served: Brown County
Project Description: Students conducted an assessment of the organization’s electric bills and roof space before drafting an appropriate solar panel installation.
NWTC students involved in project: 8

NEW Zoo Display Framework
Program: Welding
Instructor: Jon Russell
Community Partner: NEW Zoo
Area Served: Northeast Wisconsin
Project Description: Students built a steel framework for the charitable brick display in front of the giraffe habitat.
NWTC students involved in project: 2

Cabinet Door Displays
Program: Welding
Instructor: Jon Russell
Community Partner: De Pere Cabinets
Area Served: Brown County
Project Description: A Metal Fabrication class designed and built cabinet door displays for the SkillsUSA competition, which were donated to a local small business.
NWTC students involved in project: 8

Horse Bale Feeders
Program: Welding
Instructor: Jon Russell
Community Partner: Four 4s Family Farm
Area Served: Green Bay
Project Description: Two students in the Metal Fabrication class designed and constructed a set of bale feeders for the farm, which breeds horses.
NWTC students involved in project: 2
Tool Storage
Program: Welding  
Instructor: Jon Russell  
Community Partner: Northeast Wisconsin Technical College  
Area Served: Green Bay  
Project Description: Students designed and built a tool storage unit for the welding lab.  
NWTC students involved in project: 2

Miniature Horse Gates
Program: Welding  
Instructor: Jon Russell  
Community Partner: Community Member  
Area Served: Green Bay  
Project Description: One student designed and built a set of gates for a community member who visits hospitals and senior centers with her miniature horse. The gates will keep the horse safe during travel.  
NWTC students involved in project: 1

Flat Bed
Program: Welding  
Instructor: Jon Russell  
Community Partner: Four 4s Family Farm  
Area Served: Green Bay  
Project Description: One student designed and built a flat bed for the back of a semi truck owned by the local horse breeder.  
NWTC students involved in project: 1

Faith Lutheran Church Lighting Update
Program: Electricity  
Instructor: Lil LaRue  
Community Partner: Faith Lutheran Church  
Area Served: Green Bay  
Project Description: Students updated light fixtures in the facility.  
NWTC students involved in project: 14

Botanical Garden Building Updates
Program: Electricity  
Instructor: Lil LaRue  
Community Partner: Green Bay Botanical Garden  
Area Served: Green Bay  
Project Description: Students ran a new underground line to the organization’s garage, installing 120-volt receptacles, exterior motion sensors, a selector switch and a 240-volt welding outlet.  
NWTC students involved in project: 14

AC Unit Screening
Program: Landscape Horticulture  
Instructor: Tony Sticha  
Community Partner: NWTC District Office  
Area Served: NWTC Green Bay Campus  
Project Description: Students created plans to obscure air conditioning units from view with plants.  
NWTC students involved in project: 1

Curling Club Lighting Update
Program: Electricity  
Instructor: Lil LaRue  
Community Partner: Green Bay Curling Club  
Area Served: Green Bay  
Project Description: Students updated 27 fixtures which allowed the club to take advantage of a Focus on Energy rebate. As part of the project, students had to construct special feet for scaffolds to avoid damaging the rink. Students also installed conduit to add a 240-volt outlet on the ice for a grinder.  
NWTC students involved in project: 14

Toyota Prius Repair Project
Program: Auto Collision Repair and Refinishing  
Instructor: Mark Blohm  
Community Partner: NWTC  
Area Served: Brown  
Project Description: State farm donated a totalled 2008 Toyota Prius Hybrid Electric Vehicle to NWTC. Students repaired collision damage, which included removing and installing the drive line and hybrid drive components; replacing structural parts and cosmetic outer body panels; and refinishing all of the new components. The alternative fuel vehicle is now road legal, and is used by the college to promote its automotive and energy-related programs.  
NWTC students involved in project: 14

Bay Beach Train Engine Refurbishing
Program: Auto Collision Repair and Refinishing Technician  
Instructor: Mark Blohm  
Community Partner: Niagara Community TV Co-op  
Area Served: Brown County  
Project Description: Students dismantled, sanded, primed, painted, and reassembled a train engine from the city-operated amusement park.  
NWTC students involved in project: 14

Fiber Path Pole Installation
Program: Electrical Power Distribution  
Instructors: Peter Mleziva, Don Jaworski, Dan Schneider  
Community Partner: Niagara Community TV Co-op  
Area Served: Niagara  
Project Description: Niagara Community TV Co-op provides reliable and affordable cable television and high-speed internet to rural areas. Students assisted with the installation of poles that were needed for system updates.  
NWTC students involved in project: 8

“Educating the mind without educating the heart is no education at all.”

Aristotle
**Greenhouse Wall and Patio**

- **Program:** Landscape Horticulture
- **Instructor:** Tony Sticha
- **Community Partner:** NWTC
- **Area Served:** NWTC Green Bay Campus
- **Project Description:** Students constructed a retaining wall and patio for the campus greenhouse.
- **NWTC students involved in project:** 5

**Functional Art Bows**

- **Program:** Auto Collision Repair and Refinishing
- **Instructors:** Randy Allen and Joel McClung
- **Community Partner:** Competitive Youth Archery
- **Area Served:** Northeast Wisconsin
- **Project Description:** Students designed and applied paint schemes to bows for use by student archers using Planet Color refinishing materials.
- **NWTC students involved in project:** 2

**Habitat for Humanity ReStore Warehouse Project**

- **Program:** Diesel and Heavy Equipment Technician, Diesel Equipment Technology
- **Instructor:** Steve Bretl
- **Community Partner:** Habitat for Humanity ReStore
- **Area Served:** Northeast Wisconsin
- **Project Description:** Students designed and applied paint schemes to bows for use by student archers using Planet Color refinishing materials.
- **NWTC students involved in project:** 2

**MoneySmart Week Presentation**

- **Program:** Energy Management Technology
- **Instructor:** Tad Bircher
- **Community Partner:** NWTC
- **Area Served:** NWTC Green Bay Campus
- **Project Description:** Students presented ways to save money by modifying energy consumption.
- **NWTC students involved in project:** 19

**Biomedical Equipment Maintenance & Repair**

- **Program:** Electronics (with Optional Biomedical specialty)
- **Instructor:** Thomas W. Martin
- **Community Partner:** NWTC Health Sciences
- **Area Served:** NWTC Green Bay Campus
- **Project Description:** Students repaired and maintained various medical equipment for the Health Sciences department.
- **NWTC students involved in project:** 2

**Sunset Park Landscape Design**

- **Program:** Landscape Horticulture
- **Instructor:** Tony Sticha
- **Community Partner:** Fox River Condominium Association
- **Area Served:** Brown County
- **Project Description:** Students presented plans for a park trail connecting to the Fox River Trail at an April 2011 community meeting.
- **NWTC students involved in project:** 5

**Riverfront Landscape Design**

- **Program:** Landscape Horticulture
- **Instructor:** Tony Sticha
- **Community Partner:** Fox River Condominium Association
- **Area Served:** Brown County
- **Project Description:** Students presented plans for a park trail connecting to the Fox River Trail at an April 2011 community meeting.
- **NWTC students involved in project:** 5

**Greenhouse Planting**

- **Program:** Landscape Horticulture
- **Instructor:** Tony Sticha
- **Community Partner:** NWTC
- **Area Served:** NWTC Green Bay Campus
- **Project Description:** Students planted trees and perennials by the campus greenhouse.
- **NWTC students involved in project:** 5

**Health Sciences Entrance Planting Project**

- **Program:** Landscape Horticulture
- **Instructor:** Tony Sticha
- **Community Partner:** NWTC Health Sciences
- **Area Served:** NWTC Green Bay Campus
- **Project Description:** Students presented plans for a park trail connecting to the Fox River Trail at an April 2011 community meeting.
- **NWTC students involved in project:** 14

**Health Sciences Entrance Plans for Planting**

- **Program:** Landscape Horticulture
- **Instructor:** Tony Sticha
- **Community Partner:** NWTC Health Sciences
- **Area Served:** NWTC Green Bay Campus
- **Project Description:** Students presented plans for a park trail connecting to the Fox River Trail at an April 2011 community meeting.
- **NWTC students involved in project:** 1
Patio Design
Program: Landscape Horticulture
Instructor: Tony Sticha
Community Partner: Marla Vista
Area Served: Green Bay
Project Description: One Advanced Landscape Design student created plans for the patio area of Marla Vista, an assisted living center. Plans included a waterfall, wheelchair accessible planting beds, a greater number of tables and chairs for visitors, and colorful plants to surround the area.
NWTC students involved in project: 1

Ceiling Fan Installation
Program: Electricity
Instructor: Tony VanEgeren
Community Partner: Green Bay Community Church
Area Served: Green Bay
Project Description: Students installed nine ceiling fans in the church gymnasium.
NWTC students involved in project: 11

Sensory Riding Trail
Program: Landscape Horticulture
Instructor: Tony Sticha
Community Partner: Exceptional Equestrians
Area Served: Brown County
Project Description: One Advanced Landscape Design student created plans for the design of the sensory riding and walking trail for Exceptional Equestrians. The plans include a waterfall, large animals for patients to climb on, a cave, and a canyon, water cannons, and several other interactive attractions.
NWTC students involved in project: 1

Exceptional Equestrians Models
Program: Prototype and Design
Instructor: Steve Doubek
Community Partner: Exceptional Equestrians
Area Served: Brown County
Project Description: Exceptional Equestrians provides therapeutic horseback riding for mentally and physically handicapped children. Prototype and Design students created two scale models for the organization. One showcases the facility’s entire property. The other is a model of a planned addition; featuring a removable roof to allow the organization to better share their plans with donors and clients.
NWTC students involved in project: 5

Exceptional Equestrians Sustainable Designs
Program: Architectural Technology
Instructor: Tricia Croyle
Community Partner: Exceptional Equestrians
Area Served: Brown County
Project Description: Exceptional Equestrians provides therapeutic horseback riding for mentally and physically handicapped children. Students used CAD and Revit software to create building designs for Exceptional Equestrians meeting LEED specifications for energy efficiency. Students also compiled a list of several eco-friendly materials to reduce energy costs for the nonprofit.
NWTC students involved in project: 21

Habitat for Humanity-Navarino Neighborhood Sustainable Housing
Program: Architectural Technology
Instructor: Tricia Croyle
Community Partner: City Development Authority
Area Served: Green Bay
Project Description: Students surveyed empty city lots and proposed plans for sustainable Habitat for Humanity housing options to interested community partners.
NWTC students involved in project: 23
Exceptional Equestrians Fence and Shelter Build
Program: Architectural Technology
Instructor: Wendy Follett
Community Partner: Exceptional Equestrians
Area Served: Brown County
Project Description: Exceptional Equestrians provides therapeutic horseback riding for mentally and physically handicapped children. Students spent two weekends tearing down existing structures and building new fences and shelters for the horse pastures.
NWTC students involved in project: 9

Habitat for Humanity ReStore
Program: Architectural Technology
Instructor: Wendy Follett
Community Partner: Green Bay Habitat for Humanity ReStore
Area Served: Brown County
Project Description: Habitat for Humanity’s ReStore resale outlets sell reusable building materials to the public with proceeds funding construction projects. Students priced incoming donations, stocked shelves, and rearranged merchandise.
NWTC students involved in project: 9

Habitat for Humanity Build
Program: Architectural Technology
Instructor: Wendy Follett
Community Partner: Habitat for Humanity
Area Served: Green Bay
Project Description: Habitat for Humanity is a nonprofit, ecumenical Christian ministry founded on the conviction that everybody should have safe and affordable housing. Students put up drywall for a Habitat House Build in January 2011.
NWTC students involved in project: 6

Non-Perishable Architecture Competition
Program: Architectural Technology
Instructor: Wendy Follett
Community Partners: Paul’s Pantry, NWTC Shared Harvest Food Cupboard, NEW Community Shelter, Hortonville Food Pantry
Area Served: Brown County
Project Description: Students host an annual competition which challenges teams to build structures out of non-perishable goods. The structures are later dismantled, and the food items are donated to a food pantry.
NWTC students involved in project: 37

Sensory Garden
Program: Landscape Horticulture
Instructor: Tony Sticha
Community Partner: Options for Independent Living
Area Served: Brown County
Project Description: One Advanced Landscape Design student created plans for a sensory garden with wheelchair accessible planting beds and paths.
NWTC students involved in project: 1

Car Refurbish
Program: Automotive Technician and Automotive Technology
Instructor: Tyson Larson
Community Partner: Golden House
Area Served: Green Bay
Project Description: Students refurbished a 2003 Dodge Neon and presented it to the Golden House during the 25th Annual NWTC Auto Club Car Show and Swap Meet. The donation of this car will enable the organization’s staff and volunteers to give rides to clients who do not have access to reliable transportation. Students conducted a complete safety inspection and repaired several systems.
NWTC students involved in project: 8

Car Repairs
Program: Automotive Technician and Automotive Technology
Instructor: Tyson Larson
Community Partners: Green Bay Community Members, NWTC Staff and Students
Area Served: Green Bay
Project Description: Students operate a repair shop serving community members. At least 50 cars were worked on during the 2010-2011 academic year. Clients are able to save a significant amount of money as they are not charged any fees for labor.
NWTC students involved in project: 60

Habitat for Humanity Build
Program: Architectural Technology
Instructor: Wendy Follett
Community Partner: Habitat for Humanity
Area Served: Green Bay
Project Description: Habitat for Humanity is a nonprofit, ecumenical Christian ministry founded on the conviction that everybody should have safe and affordable housing. Students put up drywall for a Habitat House Build in January 2011.
NWTC students involved in project: 6

Exceptional Equestrians Fence and Shelter Build
Program: Architectural Technology
Instructor: Wendy Follett
Community Partner: Exceptional Equestrians
Area Served: Brown County
Project Description: Exceptional Equestrians provides therapeutic horseback riding for mentally and physically handicapped children. Students spent two weekends tearing down existing structures and building new fences and shelters for the horse pastures.
NWTC students involved in project: 9

Non-Perishable Architecture Competition
Program: Architectural Technology
Instructor: Wendy Follett
Community Partners: Paul’s Pantry, NWTC Shared Harvest Food Cupboard, NEW Community Shelter, Hortonville Food Pantry
Area Served: Brown County
Project Description: Students host an annual competition which challenges teams to build structures out of non-perishable goods. The structures are later dismantled, and the food items are donated to a food pantry.
NWTC students involved in project: 37

Sensory Garden
Program: Landscape Horticulture
Instructor: Tony Sticha
Community Partner: Options for Independent Living
Area Served: Brown County
Project Description: One Advanced Landscape Design student created plans for a sensory garden with wheelchair accessible planting beds and paths.
NWTC students involved in project: 1

Project Description: One Advanced Landscape Design student created plans for a sensory garden with wheelchair accessible planting beds and paths.
NWTC students involved in project: 1
Co-curricular clubs at NWTC are required to take part in service-learning or volunteer projects in order to receive funding. Students in the Phi Theta Kappa Honor Society worked with Aveda for the “Take Your Top Off” Bottle Cap Recycling Project. Aveda works with more than 1,600 schools throughout the nation on this program, which has recycled 81 million caps (721,000 pounds) that would have ordinarily ended up in landfills into packaging for their health and beauty products.

Collection buckets for caps were placed on all NWTC campuses and regional learning centers. The group met on a regular basis to sort, pack, and ship approximately 207,000 bottle caps during the 2010-2011 academic year. Because of Phi Theta Kappa's efforts, Down to Earth Nutritional Store and the Green Bay Packers also began accepting bottle caps from their customers.
Co-Curricular

Salvation Army Bell Ringing at Bay Park Square
Club: Dental Hygiene Club
Community Partner: Salvation Army
Area Served: Brown County
Project Description: Students rang bells at Bay Park Square Mall to raise money for the Salvation Army’s programs.
NWTC students involved in project: 7

Habitat for Humanity Recycling
Club: Diesel Club
Community Partner: Habitat for Humanity
Area Served: Brown County
Project Description: Students worked with Habitat for Humanity to remove water heaters, furnaces, water softeners, doors, windows and other reusable materials from a demolition site. Recovered items will be sold at the Habitat for Humanity ReStore.
NWTC students involved in project: 10

Heritage Hill Safe Trick-or-Treating
Clubs: Asian American Student Association, Business Professionals of America, Ballroom Club
Community Partner: Heritage Hill
Area Served: Brown County
Project Description: Heritage Hill hosted safe trick-or-treating on their grounds, which was supported by student volunteers.
NWTC students involved in project: 21

Night of Noise
Club: Sexuality and Gender Alliance (SAGA)
Community Partner: Harmony Café
Area Served: Green Bay
Project Description: Students worked with Harmony Café to plan the Night of Noise, a national movement to raise awareness of the oppression faced by the LGBTQA community and their allies. Attendees were able to share their experiences, hear from local supportive groups, and socialize while enjoying live music.
NWTC students involved in project: 7

Make-a-Wish Foundation Fundraiser
Club: Collegiate DECA
Community Partner: Make-a-Wish Foundation
Area Served: Brown County
Project Description: Students sold stars to raise money for the Make-a-Wish Foundation, which grants wishes for children diagnosed with life-threatening conditions.
NWTC students involved in project: 20

Great American Smokeout
Club: Respiratory Therapy Club
Community Partner: NWTC
Area Served: NWTC Green Bay Campus
Project Description: Students measured lung capacities and shared smoking cessation information with students and staff in the Commons.
NWTC students involved in project: 4

Heating and Air Conditioning/Refrigeration (HVAC/R) Service
Club: Heating and Air Conditioning/Refrigeration (HVAC/R)
Community Partner: Various Non-Profit Local Businesses
Area Served: Brown County
Project Description: Students repaired nonfunctioning refrigeration systems at several local organizations.
NWTC students involved in project: 17

Chili Cook-off
Clubs: Adults on Course for Excellence and Success (ACES) and Phi Theta Kappa
Community Partner: NWTC Student Support Emergency Fund
Area Served: NWTC Community
Project Description: Students organized a chili cook-off in mid-February to raise funds for the NWTC Student Support Emergency Fund, which helps meet students’ immediate financial needs.
NWTC students involved in project: 35

“By its very definition, civic responsibility means taking a healthy role in the life of one’s community. That means that classroom lessons should be complemented by work outside the classroom. Service-learning does just that, tying community service to academic learning.”

- Senator John Glenn
Food Drive
Club: Adults on Course for Excellence and Success (ACES)
Community Partner: NWTC Shared Harvest Food Cupboard
Area Served: NWTC Green Bay Campus
Project Description: Students gathered non-perishable food items for the NWTC Shared Harvest Food Cupboard which assists food insecure students.

“Take Your Top Off” Bottle Cap Recycling Project
Club: Phi Theta Kappa
Community Partner: Aveda; Preserve Products
Area Served: Brown County
Project Description: Students collect, sort and send bottle caps to Aveda and Preserve Products, which are recycled by the companies to make product packaging. Because of the group’s efforts, Down to Earth Nutritional Store and the Green Bay Packers began collecting caps as well.
NWTC students involved in project: 85

Adopt-a-Highway
Club: Diesel Club
Community Partner: Adopt-a-Highway
Area Served: Northeast Wisconsin
Project Description: Students clean a two-mile stretch of Highway 42/57 leading into Sturgeon Bay semiannually.
NWTC students involved in project: 38

HeartWalk at NWTC
Club: Physical Therapy Assistant (PTA) Club
Community Partner: American Heart Association
Area Served: Brown County
Project Description: Students provided stretching instruction and massages to participants before and after the walk. They also provided information on the importance of including warm up and stretching activities in workout routines.
NWTC students involved in project: 9

Global Youth Service Day Project
Club: Sexuality and Gender Alliance (SAGA)
Community Partner: Allouez Parkside Village
Area Served: Green Bay
Project Description: Global Youth Service Day is an annual campaign mobilizing millions of youth to improve their communities through service. Students decorated containers and potted small plants with residents at the assisted living facility.
NWTC students involved in project: 9
Internet Safety Education
Club: Organization of Technical Professionals
Community Partner: Boys and Girls Club - Green Bay
Area Served: Green Bay
Project Description: Students created a presentation for adolescents at the East Side Boys & Girls Club about internet safety. They also presented basic computer information to younger program participants.
NWTC students involved in project: 14

Opportunity Month
Club: Business Professionals of America (BPA) - Marinette
Community Partner: Salvation Army
Area Served: Marinette County
Project Description: Students prepared, served, and cleaned up the daily meal; assisted in the food pantry; and helped in the offices.
NWTC students involved in project: 7

Oneida Pantry Food Drive
Club: Society of Manufacturing Engineers (SME)
Community Partner: Oneida Food Pantry
Area Served: Oneida Nation
Project Description: Students collected non-perishable food items and raised $50 for the pantry.
NWTC students involved in project: 8

HunterVincent.org Website Enhancement
Club: Web Development & Design (Web 2D) Club
Community Partner: Family members of Hunter Vincent
Area Served: Green Bay
Project Description: Students enhanced the existing website and added photos of previous events.
NWTC students involved in project: 11

Zoo Boo Halloween 2010
Club: Global Connections
Community Partner: NEW Zoo
Area Served: Brown County
Project Description: Students helped staff the event, which features trick-or-treating, a haunted hay ride and other activities.
NWTC students involved in project: 3

St. Patrick's Pantry Service Project
Club: Hispanic-American Student Association (NHASA)
Community Partner: St. Patrick’s Pantry
Area Served: Brown County
Project Description: Students stocked items in the shelter and pantry.
NWTC students involved in project: 2

Fire Protection Club Fundraiser
Club: Fire Protection Club
Community Partner: Menominee Animal Shelter
Area Served: NWTC Marinette Campus
Project Description: Students cooked food donated by Student Senate and raised $262.20 for the shelter.
NWTC students involved in project: 20

Salvation Army Toy Store
Club: Sexuality and Gender Alliance (SAGA)
Community Partner: Salvation Army - Green Bay
Area Served: Brown County
Project Description: Students helped parents select holiday gifts for their children.
NWTC students involved in project: 6

Intertribal Craft and Culture Workshop
Club: Intertribal Student Council
Community Partner: NWTC
Area Served: NWTC Green Bay Campus
Project Description: Students provided free indigenous foods, storytelling, dancing and a make-and-take session at the event, which educates people about local native tribes.
NWTC students involved in project: 15
The program serving food insecure students at NWTC, which eventually became known as the Shared Harvest Food Cupboard, was established by a cohort of staff as an Inspirational Leadership Academy (ILA) professional development experience. After some initial planning and securing a space, the group approached a Marketing and Graphic Communications students for assistance with the creation of a logo and name for the project.

Co-curricular clubs and staff organized a number of food drives and fundraising activities to stock the cupboard's shelves. Bags are preassembled by volunteers with enough food for one day; however, students are welcome to return to Student Life to pick up more as needed. Between January and June, 377 bags were given out with more than 100 students using the service on multiple occasions.
Creation of NWTC Shared Harvest Food Cupboard Program
Community Partner: NWTC Shared Harvest Food Cupboard
Area Served: NWTC Green Bay Campus
Project Description: A cohort of staff created a pantry on campus to serve food insecure students as part of an Inspirational Leadership Academy project.
NWTC staff involved in project: 5

Campus Clean Up
Community Partner: NWTC
Area Served: NWTC Green Bay Campus
Project Description: Faculty and staff dedicated a Saturday morning to cleaning up the campus for Spring.
NWTC staff involved in project: 4

NWTC ArtWalk
Community Partner: NWTC
Area Served: Green Bay
Project Description: A number of faculty and staff volunteered at the second annual ArtWalk, which showcases public art on campus and allows local artists to exhibit their talent.
NWTC staff involved in project: 15

Salvation Army Toy Store
Community Partner: Salvation Army - Green Bay
Area Served: Brown County
Project Description: The Salvation Army hosts a toy store allowing low-income families to select toys for their children each year. NWTC staff members taking a professional development Spanish course helped parents “shop” and were able to practice their language skills.
NWTC staff involved in project: 3

MoneySmart Week
Community Partner: NWTC
Area Served: NWTC Green Bay Campus
Project Description: A committee of people planned a comprehensive week-long program as part of a national financial literacy campaign. Multiple activities and events were held for students and staff to attend.
NWTC staff involved in project: 9

Almost Fre-Cycle
Community Partner: NWTC
Area Served: NWTC Green Bay Campus
Project Description: Almost Fre-Cycle was an Inspirational Leadership Academy project organized to offer donated, gently-used clothing and home goods at 25-cents each in the NWTC Commons; proceeds supported the NWTC Foundation. Staff and faculty from NWTC served the event by folding clothes, restocking tables, and cashiering.
NWTC staff involved in project: 19
