Early Childhood Administration Certificate

Certificate # 903071

The Child Care Administration Certificate prepares participants with administrative and supervisory skills needed by early child care administrators: roles and responsibilities, financial management and planning, operations management, external factors affecting operation, and best practices for children and families in early childhood programs.

Completion of all six courses will prepare learners to receive The Wisconsin Child Care Administration Credential from The Registry-Wisconsin's Recognition System for the Childhood Care and Education Profession.

It is suggested that these courses be taken in the order listed. However, not required with the exception of Course 6 (ECE: Child Care Administrator Capstone). This course must be taken last.

Course Descriptions
