## Dear K-12 Partners,

There are so many words, reflections and feelings that come to mind as we close out the 2020-21 academic year. The above word cloud contains some frequently used words we have heard, shared, and felt. This year has been a delicate balance of taking care of our students and families, while maintaining a restructured approach to education. We have shared strategies to modify our curriculum and created playbooks to deliver education while our players were out on the field. We have found new ways to communicate and support our faculty and staff, who have dealt with an unbelievable amount of stress. Through it all, we have overcome and hopefully found a deep appreciation for each other.

Northeast Wisconsin Technical College (NWTC) has continued to collaborate with our K-12 partners through the success and challenges of the past year. This collaboration has led to over 10,000 enrollments in dual credit coursework and over 25,000 college credits earned within the NWTC District. We are excited to add new career pathways throughout the district and welcome the ability to proudly serve our K12 students through future high school events and tours. Continued support from embedded Career Coaches helps guide students to credential completion in high school and/or transitions to post-secondary. NWTC continues to seek out partnerships and funding to bring relevant and innovative opportunities to your students. We commit to providing your teachers training and curriculum support to maintain and grow their skills and knowledge. We work together to provide the best opportunities to your students which correlate to workforce needs.

Throughout this past pandemic year, you have demonstrated the fortitude and courage necessary to ensure the safety of your students and staff. Concomitantly, you have continued to provide high quality education in accordance with the needs of your students. NWTC is privileged to work with you in collaboration and will continue to seek ways to enhance the educational opportunities available to the communities and students you serve. We invite you to review the 2020-21 Pathways to College Annual Report, which highlights our current collaborations. Thank you for your devotion in recognizing and supporting students as they strive to meet their future dreams.

Warm Regards,

Dr. H. Jeffrey Rafn, Ph.D.  
President

Brooke Holbrook  
Manager, K-12 Relations

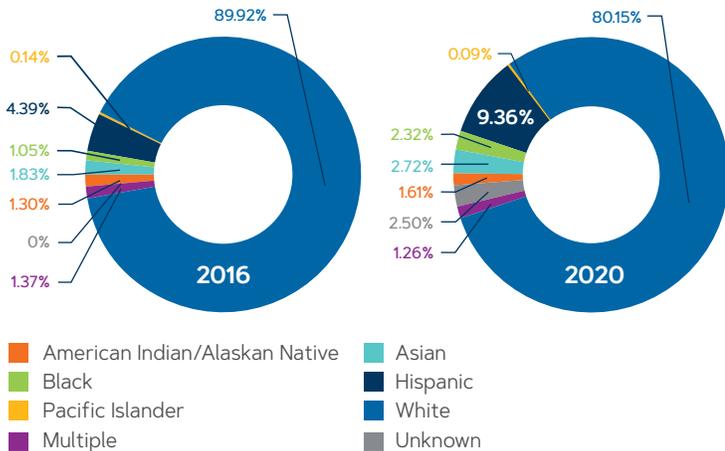

## DUAL CREDIT IN HIGH SCHOOLS

Partnerships between NWTC and area school districts allow students to earn both high school and college credit simultaneously through a variety of programs. Over the last five years there has been striking growth in the number of students earning NWTC dual credit, and subsequently the number of credits earned. Researchers have identified numerous advantages to earning dual credit including cost savings, early entry to career pathways, decreased college remediation, reduced time to degree completion and stronger postsecondary outcomes.

### NWTC DUAL CREDIT PARTICIPATION

#### High School Student Dual Credit Participation by Race

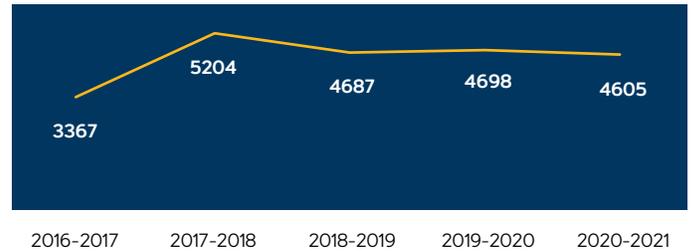

#### High School Student Dual Credit Participation by Gender

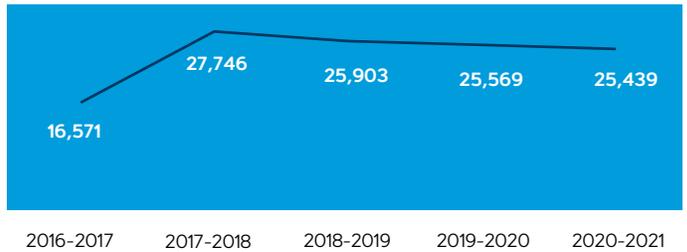

*These percentages are based on the total # of dual credit students in the NWTC district per year.*

# 4,605

STUDENTS SAVED  
AN AVERAGE OF

# \$857

ON TUITION COSTS  
IN 2020-2021

High School Students earned  
**FREE** College Credits valued nearly  
**\$4,000,000**  
in the 2020-2021 academic year.

# DUAL CREDIT TYPES

## Advanced Standing

Take high school classes, taught by high school teachers, that are determined to be a “close match” to NWTC coursework.

## Transcribed Credit

Learn NWTC curriculum from high school teachers who have been trained by NWTC faculty.

## Start College Now

Learn college curriculum from NWTC industry-expert instructors.

## Youth Apprenticeship

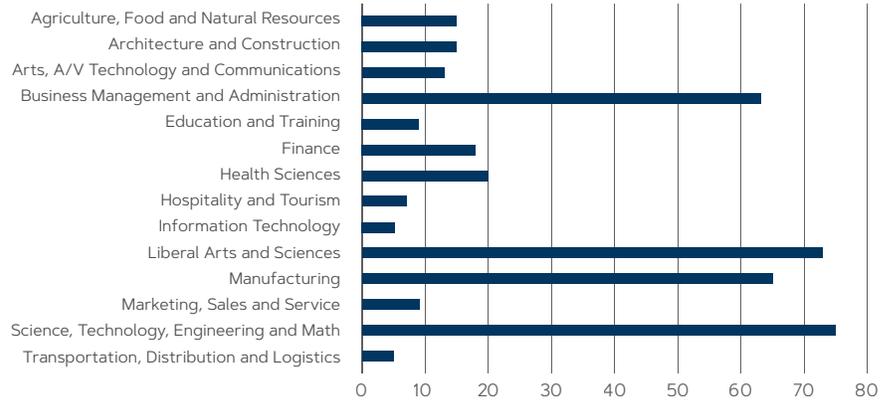

Receive industry-related classroom training from NWTC instructors; you may also be assigned to work-related placements.

## Career Pathways

Earn from 3 to 26 college credits toward specific careers — like nursing assistant and automotive — before you even graduate from high school!

In 2020-2021

### Credits Earned by Dual Credit Type

### Career Prep

Career Prep is designed to enhance the technical and academic skills of high school students and to provide expanded opportunities for transition into post-secondary education.

The framework for this initiative has been the federal Carl D. Perkins Vocational and Technical Education Act of 2006 (P.L. 109-270).

# K-12 PROFESSIONAL Learning Activities

NWTC is pleased to work with our K-12 partners to create robust opportunities through the support of the Career Prep program. With Career Prep options, we can work together to prepare Career and Technical Education (CTE) students for a seamless transition from secondary to post-secondary education. Articulation agreements, secondary professional training opportunities, curriculum sharing meetings, career exploration events and relevant involvement of our business and industry professionals create unique pathways for CTE students to develop college and career readiness. Some of the events focused on this initiative are listed below.

## **FACULTY MENTORS/TEACHING AND LEARNING CENTER (TLC)**

High school teachers that partner with NWTC to teach transcribed credit coursework can connect with NWTC faculty mentors. These mentors will meet with high school teachers at the Spring Summit event and be available to answer questions and concerns that might develop when delivering NWTC coursework. The NWTC faculty mentors are available to provide the needed support to ensure coursework rigor and duplication is maintained.

The purpose of the Teaching and Learning Center (TLC) is to ensure student success by improving instruction, services, student centered instructional practices through education, application, and coaching. The TLC is a consultative body, inspiring continuous professional development leading to improvement in curriculum design, delivery, technology application, and assessment practices. The TLC promotes a culture of lifelong learning and commitment to effectiveness in teaching and learning and is guided by the college principles of diversity, accessibility, and academic integrity. The TLC is a resource to our K-12 partners as they look to increase student engagement, enhance technology, explore assessment strategies and more. . .

## **NORTHEAST WISCONSIN TECHNICAL COLLEGE CAREER PREP COUNCIL MEETINGS**

The NWTC Career Prep Council meets three times annually with the purpose of preparing CTE students in our 32-district consortium for college and career readiness, through collaborative relationships to build bridges from secondary to post-secondary education. A representative from each of the 32 high school

districts within NWTC are invited to participate to assist in the development of events, trainings and programs that align with the Career Prep Grant outcomes.

## **PK-14 COMMITTEE**

The president of NWTC facilitates this committee which is comprised of participation from school districts, CESAs and business and industry representatives. The focus of this group is to achieve seamless education which develops students for life and work, while maximizing the use of program, financial, staff and facility resources. This focus is accomplished through mutual planning involving NWTC, K-12 Districts, and other business and educational partners.

## **PROFESSIONAL LEARNING DAY**

A Professional Learning Day is hosted for secondary professionals. The agenda for the day includes labor market trends, business/industry panels, NWTC updates and tours, exposure to college admission, and recommendations on how to enhance student preparedness for post-secondary instruction.

## **TRAIN THE TRAINER EVENTS**

Training sessions exist for our secondary instructors to spend extended time periods in NWTC labs, working side by side with our faculty instructors. These opportunities often afford the opportunity for secondary staff to become refreshed in occupational program areas, enabling them to teach transcribed coursework at their high school.

## **SPRING SUMMIT**

An advantage of offering transcribed credit coursework at your high school is the up-to-date curriculum that is offered through your relationship with NWTC. NWTC connects with Program Advisory Boards, which include business/industry professionals who make recommendations on the necessary modifications required for NWTC course offerings to remain cutting edge. Because of the continuous improvements made to curriculum, NWTC requires an annual renewal of transcribed credit agreements. We strongly encourage the mandatory participation of our transcribed credit instructors at the Spring Summit. The Spring Summit will provide secondary instructors an opportunity to learn more details about transcribed credit, surrounding policies, and allows a venue for curriculum sharing.

Two ways that high school students can earn post-secondary credit are through advanced standing and transcripted credit course agreements with NWTC and their high school.

**Advanced standing** courses are taught by high school teachers using high school curriculum determined to be a close match to an NWTC course. A student must earn a "B" or better in the course to receive advanced standing. Advanced standing courses may allow a student the opportunity to skip an introductory level course in their post-secondary program and advance to the next level. Advanced standing agreements are transferrable to all schools within the Wisconsin Technical College System.

# TRANSCRIPTED CREDIT AGREEMENTS

**Transcribed credit** courses are taught by high school teachers approved by NWTC. NWTC curriculum and assessment methods are used. Student grades are posted to an official NWTC transcript. Students must earn a "C" grade for the course in order to receive NWTC credit, as reflected on their NWTC transcript. Transcribed credit agreements are transferable to other Wisconsin technical colleges and may transfer to four-year universities.

# NWTC CAREER PATHWAY Certificates

The Career and Technical Education (CTE) Incentive Grant program was established on December 11, 2013, by **Wisconsin Act 59. Grants** from this program incentivize school districts to offer high-quality career and technical education programs that mitigate workforce shortages in key industries and occupations.

Wisconsin Technical College system adds to the identified business and industry certifications by offering Career Pathway Certificates, which also qualify for CTE Incentive Grant funding. Career Pathways are defined as a series of connected education and training strategies and support services that enable individuals to secure industry relevant certification and obtain employment within an occupational area and to advance to higher levels of future education and employment in that area.

The NWTC Career Pathway Certificates that high school students historically enroll in are listed below:

## LANDSCAPE INSTALLATION PATHWAY CERTIFICATE

Intro to Horticulture*	3
Plant-Woody Ornamental*	3
Landscape Installation Practices*	3
<b>Total Credits</b>	<b>9</b>

## BUSINESS SOFTWARE ESSENTIALS PATHWAY CERTIFICATE

Micro: Word – Intro*	1

<b>Total Credits</b>	<b>12</b>

## INTRO TO EDUCATION PATHWAY CERTIFICATE

EDU: Intro to Educ Practices*	3
EDU: Child & Adolescent Development*	3
EDU: Technology in Education*	3
<b>Total Credits</b>	<b>9</b>

\*Classes that are offered as transcribed credits

Other courses can be taken as Start College Now or Youth Apprenticeship (Distance Learning, online, blended or in person) For a full list of approved certifications, please visit this website: <https://dwd.wisconsin.gov/det/cteincentive/>

2020-2021

# YOUTH APPRENTICESHIP

Youth Apprenticeship program is a part of a statewide School-to-Work initiative managed through the Department of Workforce Development. This one or two year elective program designed for juniors and seniors, combines academic and technical instruction with mentored on-the-job learning. The Youth Apprenticeship Program is managed by different consortiums and its availability differs by school district. Instructional coursework affiliated with this program can take place through secondary coursework, transcribed credit coursework or coursework offered directly at the Technical College. The Youth Apprenticeship students enrollments at NWTTC are captured below.

## COURSE ENROLLMENTS AT NWTTC

# START COLLEGE NOW

## START COLLEGE NOW

Start College Now provides greater learning opportunities for qualified high school juniors and seniors. For students considering a technical career and wanting to begin college early, Start College Now should be considered. Start College Now allows students to take NWTC classes. Start College Now coursework is approved by the high school board. The student will receive both high school and post-secondary credit for successfully completed classes. High school counselors can help determine how Start College Now classes will fit into the high school schedule. Start College Now requests must be submitted to NWTC by May 15 for the fall semester or November 15 for the spring semester.

## DISTANCE LEARNING/ WEB CONFERENCE

Distance Learning via web conference (Blue Jeans) brings NWTC classes to many area high schools. Through the use of technology, schools have the capability to receive NWTC credit classes, as well as share and receive coursework with other high schools. By taking advantage of the programming choices offered over web conferencing, schools can enhance their curriculum by providing courses not normally available at their school.

# K-12

## Student Outreach Activities

### High School Visits/Classroom Presentations

Career coaches provide information and support to students interested in attending NWTC and are able to present on the following topics:

- Differences and similarities between 2 year and 4 year colleges
- Soft skills
- Careers in demand
- Career exploration
- How to prepare for college and how to earn dual credits
- How to pay for college

### Get It Done Day

Career Coaches can help students transition to college by:

- Assisting with applications to NWTC
- Facilitating Accuplacer Test
- Collecting HS Transcript
- Assisting students with next steps (paying for college, registering for classes and more)

### Campus Preview Days

Juniors and seniors have the opportunity to explore career options available at the Green Bay Campus. Students learn about admissions, financial aid, accommodations, and career opportunities through divisional tours.

### Open House

Offered twice a year, this event is an opportunity for prospective students to learn about career/program options, see classrooms and talk to instructors, and see all of what NWTC has to offer.

For full list of events, visit [nwtc.edu/Events](http://nwtc.edu/Events)

### Tech Challenge

High School students compete for NWTC scholarships by participating in different competitions.

For more information, visit [nwtc.edu/TechChallenge](http://nwtc.edu/TechChallenge)

# 2021-2022 UPCOMING EVENTS\*

## LEARNING DIVISION OPEN HOUSE

Trades, STEM, Public Safety, Transportation, and Energy

▷ Tuesday, September 28, 2021  
3:00 p.m. – 6:00 p.m.

Health Science, Business, Information Technology, and General Studies

▷ Wednesday, September 29, 2021  
3:00 p.m. – 6:00 p.m.

## CAMPUS PREVIEW DAY

▷ Friday, November 5, 2021  
9:00 a.m. – 10:30 a.m. or  
12:00 p.m. – 1:30 p.m.

## YOUTH APPRENTICESHIP NIGHT

▷ Tuesday, January 11, 2022  
5:30 p.m. – 7:15 p.m.

## CAMPUS PREVIEW DAY

▷ Friday, February 4, 2022  
9:00 a.m. – 10:30 a.m. or  
12:00 p.m. – 1:30 p.m.

## ENGINEERING OPEN HOUSE

▷ Tuesday, February 22, 2022  
4:00 p.m. – 8:00 p.m.

## PARENT/STUDENT EXPO

▷ Tuesday, March 8, 2022  
5:00 p.m. – 7:00 p.m.

## TECH CHALLENGE

▷ Friday, April 8, 2022  
8:30 a.m. – 1:30 p.m.

## LEARNING DIVISION OPEN HOUSE

Trades, STEM, Public Safety, Transportation, and Energy

▷ Tuesday, April 12, 2022  
3:00 p.m. – 6:00 p.m.

Health Science, Business, Information Technology, and General Studies

▷ Wednesday, April 13, 2022  
3:00 p.m. – 6:00 p.m.

\* Event scheduling subject to change, please visit [nwtc.edu](http://nwtc.edu) for more updates.

2021-2022

# EDUCATORS EVENTS

## PROFESSIONAL LEARNING DAY

- ▷ Friday, October 8th, 2021  
8:00 a.m. – 2:00 p.m.

## 2022 SPRING SUMMIT

Trades & Engineering Technologies, Agriculture

- ▷ April 14, 2022

College of Business, Information Technology & Art

- ▷ April 15, 2022

Health, Education, Early Childhood, Culinary

- ▷ April 22, 2022

## MIDDLE SCHOOL Services

NWTC provides career exploration and resources to students in grades five through eight. These activities center on career awareness to link interests and abilities that align with future career opportunities.

### Activities include:

- Academic and Career Exploration workbook and resources
- Career presentations in classrooms

For additional information, visit [nwtc.edu/Future-Students](http://nwtc.edu/Future-Students)

# DISABILITIES

## Services

Disabilities Services of Northeast Wisconsin Technical College (NWTC) offers assistance to individuals with disabilities at all NWTC sites. We offer a wide range of services and disabilities to assist students in reaching their educational goals. The Disabilities Services staff will help guide students through their educational experience at NWTC by providing case management and support services. We strongly encourage students who have a disability to communicate their needs to us and use our services. NWTC Case Managers work with high school students who have disabilities and high school staff to help students as they transition to NWTC. Visits are made to district high schools, when requested.

**Do you have questions about NWTC Transition Services?  
Contact the Transition Services Specialist for your area.**

### Additional Degree and Diploma programs offered:

Event Management, Fire Protection Technician, Hospitality Management, Hotel Management, Office Professional

**Shared with Lakeshore Technical College:** Broadcast Captioning, Court Reporting, Nuclear Technology,

Ophthalmic Medical Assistant, Pharmacy Technician, Radiation Safety/Health Physics, Wind Energy Technology

### Report Definitions

**Number of Academic Year Graduates (2019-2020):** Count of program graduates as of survey date.

**Percent Employed:** Portion of survey respondents available for employment reporting full- or part-time employment approximately 6 months after graduation. \* Indicates no respondent information via survey.

**Percent of Employed in Field:** Portion of survey respondents reporting employment who have a job related to their specific program of study.

\* Indicates no respondent information via survey.

**Median Annual Wage for Full Time Employed in Field:** Of graduates reporting full-time, related jobs, this is the annualized salary of the middle graduate when salaries are ranked from low to high. \* Indicates not enough wage data collected via survey.

<sup>1</sup> Indicates less than 30% of graduates reported

# K-12 CONNECTIONS

## To NWTC Regional Sites and Campuses

**NWTC locations include three main campuses, five regional centers and additional specialty centers located throughout our region.**

Outside of the NWTC Green Bay campus, the additional NWTC sites and campuses provide support to our K-12 partners which include:

- Designated point of contact for support in the Start College Now, Youth Apprenticeship, and other dual credit programs including orientations, technology resources, textbooks, and student events
- Troubleshooting high school student technology and access issues support
- Tracking students' progress and connecting with teachers, instructors and counselors to develop plans to help students be successful
- NWTC Sites are available locations to use WIFI connections and technology checkouts
