

BASICS OF INTRAPRENEURSHIP

ONLINE SELF-PACED LEARNING

BASICS OF INTRAPRENEURSHIP

This module covers the basics of intrapreneurship and a step-by-step procedure designed to help employees produce new ideas and move those ideas through the process to create new services, products, or operational processes.

INTRAPRENEURSHIP DEFINITION

The term intrapreneurship refers to a system that allows an employee to act like an entrepreneur within a company or other organization. Intrapreneurs are self-motivated, proactive, and action-oriented people who take the initiative to pursue an innovative product or service.

LEARNING COMPETENCIES

- *Identify fundamental aspects of an intrapreneurial mindset.*
- *Identify and evaluate intrapreneurial opportunities.*
- *Develop intrapreneurial attitudes, behaviors and skills that can be applied across disciplines and as a means of personal empowerment and growth.*

INDIVIDUAL MODULE: \$30/Learner

BENEFITS

Quick Learning Opportunity

Each module can be completed in approximately 30 minutes, varying according to the learner's pace.

Convenient Flexible Training

The modules offer a cost-effective solution for training a flexible number of employees across different shifts and schedules.

Supplement With In-person Trainings

Looking to expand your knowledge or take your learning to the next level? Pair this online learning with an in-person customized training.
