

JOHN DUE

Green Bay, WI 54301

920.000.0000 | name.lastname@mymail.nwtc.edu

SUMMARY OF QUALIFICATIONS

- Perform 2-D CAM operations
- Know and apply ISO 9000 quality practices
- Set up and operate grinding, sawing, drilling and milling machines
- Design and construct jig, fixtures, dies and molds
- Use EIA/ISO G&M codes for CNC programming
- Team player with the ability to work independently
- Effective communication skills both written and spoken

EDUCATION

Northeast Wisconsin Technical College, Green Bay, WI

CNC Technician, Technical Diploma

May 2023

Relevant Coursework:

- CNC Interface Methods
- Machine Shop
- Blueprint Reading and Sketching
- Stamping Die Construction
- CAM Programming
- Fixture and Tool Making
- CNC Machine Mechanics

EXPERIENCE

CNC Machinist, Intern

February 2023 – Present

Sulzer Pumps, Green Bay, WI

- Select, align and secure holding fixtures, cutting tools, attachments, accessories and materials on machines such as mills, lathes, jig bores, grinders and shapers
- Measure and mark dimensions and reference points on material or work pieces as guides for subsequent machining
- Observe machine operation to detect malfunctions or out of tolerance machining and adjusted machine controls or controlled media as required
- Operate a forklift and overhead crane proficiently

Journey Level Machinist

March 2022 – January 2023

ATK, Green Bay, WI

- Repaired, replaced and troubleshooted parts, equipment and machinery throughout the mill
- Read blueprints, schematics, lay-outs and diagrams
- Consulted technical manuals and books as well as technicians on procedures, data, safety and quality control
